Gough,2019-01-01 Under glittering lights in the Louvre palace the French court ballets danced by Queen Marie de M dicis prior to Henri IV s assassination in 1610 attracted thousands of spectators ranging from pickpockets to ambassadors from across Europe Drawing on newly discovered primary sources as well as theories and methodologies derived from literary studies political history musicology dance studies and women s and gender studies *Dancing Queen* traces how Marie s ballets authorized her incipient political authority through innovative verbal and visual imagery avant garde musical developments and ceremonial arrangements of objects and bodies in space Making use of women s semi official status as political agents Marie s ballets also manipulated the subtle social and cultural codes of international courtly society in order to more deftly navigate rivalries and alliances both at home and abroad At times the queen s productions could challenge Henri IV s immediate interests contesting the influence enjoyed by his mistresses or giving space to implied critiques of official foreign policy for example Such defenses of Marie s own position

though took shape as part of a larger governmental program designed to promote the French consort queen's political authority not in its own right but as a means of maintaining power for the new Bourbon monarchy in the event of Henri IV's untimely death

Life on Display Karen A. Rader, Victoria E.M. Cain, 2014-10-03 Rich with archival detail and compelling characters *Life on Display* uses the history of biological exhibitions to analyze museums' shifting roles in twentieth-century American science and society Karen A Rader and Victoria E M Cain chronicle profound changes in these exhibitions and the institutions that housed them between 1910 and 1990 ultimately offering new perspectives on the history of museums science and science education Rader and Cain explain why science and natural history museums began to welcome new audiences between the 1900s and the 1920s and chronicle the turmoil that resulted from the introduction of new kinds of biological displays They describe how these displays of life changed dramatically once again in the 1930s and 1940s as museums negotiated changing often conflicting interests of scientists educators and visitors The authors then reveal how museum staffs facing intense public and scientific scrutiny experimented with wildly different definitions of life science and life science education from the 1950s through the 1980s The book concludes with a discussion of the influence that corporate sponsorship and blockbuster economics wielded over science and natural history museums in the century's last decades A vivid entertaining study of the ways science and natural history museums shaped and were shaped by understandings of science and public education in the twentieth-century United States *Life on Display* will appeal to historians sociologists and ethnographers of American science and culture as well as museum practitioners and general readers
