Popular Religion And Liberation:

Popular Religion and Liberation Michael R. Candelaria, 1990-01-01 El tema del libro es la ambivalencia de la religiosidad popular para la teología de la liberación y para la liberación misma Enfoca el asunto en dos posiciones de opuesta apreciación de la religiosidad popular la de Juan Carlos Scannone y la de Jua **The Aesthetics and Ethics of Faith** Christopher D. Tirres, 2014-04 This groundbreaking work presents the first sustained discussion of the connections between two quintessentially American traditions liberation theology and pragmatism It explores the dynamic relationship between the aesthetic and ethical dimensions of faith practice with a focus on the liberating potential of religious ritual

Popular religion, liturgy and evangelization Jozef Lamberts, 1998 Peeters 1998 Popular Religion and Liberation Michael R. Candelaria, 1987 **Disruptive Religion** Christian Smith, 2014-07-16 Religion has long played a central role in many social and political movements Solidarity in Poland anti apartheid in South Africa Operation Rescue in the United States each of these movements is driven by the energy and sustained by the commitment of many individuals and organizations whose ideologies are shaped and powered by religious faith In many cases religious resources and motives serve as crucial variables explaining the emergence of entire social movements Despite the crucial role of religion in most societies this religious activism remains largely uninvestigated Disruptive Religion intends to fill this void by analyzing contemporary social movements which are driven by people and organizations of faith Upon a firm base of empirical evidence these essays also address many theoretical issues arising in the study of social movements and disruptive politics

The Politics of Latino Faith Catherine E. Wilson, 2008-06 With the 2008 U S presidential campaign in full swing many pundits and commentators are striving to understand the political behavior of Latinos the largest minority in the United States and a key voting block that presidential candidates in this election and beyond will have to learn how to secure As the author makes clear not only are Latinos a religious community but their religious institutions in particular faith based organizations inform daily life and politics in Latino communities to a considerable degree Timely and discerning this unique scholarly work addresses this increasingly powerful political force Concentrating on urban areas in the South Bronx Philadelphia and Chicago the author provides a systematic look at the spiritual social and cultural influence Latino faith based organizations have provided in American life as well as in understanding Latino social and political involvement in the United States **The Community of the Beautiful** Alejandro R. Garcia-Rivera, 2017-07-27 2000 Catholic Press Association Award Winner The claim has been made that we are gripped today in an aesthetic crisis with considerable theological ramifications Aesthetics which has existed since the first human heart was moved by the influence of the beautiful has played a major role both implicit and explicit in theological reflection In The Community of the Beautiful Alejandro Garcia Rivera draws from the North American philosophical tradition and Hispanic theological thought to propose a new aesthetic principle a redemptive building of the community of the beautiful The Community of the Beautiful focuses on the premise that religion

and beauty go together Yet today hundreds of theological treatises continue to speak solely of the truth of their claims The Community of the Beautiful addresses this silence with a proposal about the relationship between God and the beautiful It asks the question How can the finite human creature name the nameless perceive the imperceptible make visible the invisible The answer is what Hans Urs von Balthasar called a theological aesthetics The Community of the Beautiful is not simply an analysis of Balthasar's theology there exists a more personal and concrete reason for a reconsideration of the connection between God and the beautiful The experience of a particular living ecclesial tradition the Latin Church of the Americas may be a guide to a world that lost its confidence in the religious dimensions of the beautiful Garcia Rivera recasts the question of theological aesthetics posed above in light of the religious experience of the Latin Church of the Americas so that the question becomes What moves the human heart To answer that question Garcia Rivera draws on along ignored philosophical tradition The philosophical semiotics of Charles Peirce and Josiah Royce enter into dialogue with the theological aesthetics of Hans Urs von Balthasar to describe the traditional transcendentals the True and the Good as communities The final transcendental the beautiful enters into conversation with the semiotic aesthetics of Jan Mukarovsky and the religious experience of the Latin American Church to become the dazzling Vision of the community of the beautiful God's community Chapters are Pined Beauty A Different Beauty Seeing the Form The Community of the True The Community of the Good The Community of the Beautiful and Lifting up the Lowly Alejandro R Garcia Rivera a Roman Catholic lay theologian received his doctorate in theology from the Lutheran School of Theology at Chicago and holds degrees in physics from Ohio State University and Miami University The author of numerous articles and winner of a Catholic Press Association award he is assistant professor of systematic theology at the Jesuit School of Theology at Berkeley

Theology and the Crisis of Engagement Jeff Nowers, Néstor Medina, 2013-10-11 What does theology have to do with sociology Do the social sciences in general provide helpful assistance to theologians Does theology have anything to contribute to social theory This compendium of essays attempts to address such questions In so doing it confronts assumptions about how academic disciplines are best articulated whether within their own airtight frames or in dialogue with one another The essays in the first half of the book accomplish this from historical and methodological perspectives while the remaining essays present case studies or constructive proposals for how theology might engage the social sciences in productive ways For those particularly interested in the ongoing development of theologies of liberation this book will be timely The essays reflecting a definite international flavor are written in honor of Lee Cormie a long standing advocate of what he calls the new voices in theology that have irrupted in the wake of Vatican II Cormie has spent over three decades teaching theologies of liberation at the Toronto School of Theology on the campus of the University of Toronto This book continues the many conversations that his teaching has provoked
