Francis, 2014-02-06 How would the history of Roman Catholic worship look if it were viewed first from the perspective of the people in the pews rather than through the deliberations of popes and church councils or the writings of theologians How did the common people down through the ages understand what they were doing

when they came together in worship and was this understanding always the same as the official interpretation of the church authorities In *Local Worship Global Church* Mark Francis explores the history of the liturgy from the bottom up rather than from the top down and comes to conclusions that complement our understanding of the history of the liturgy and its relationship to faithful Christians from the first century CE to our own time *An Intercultural Theology of Migration* Gemma Cruz, 2010-01-15 Migration has long been associated with the social sciences However as a phenomenon that provides windows into possibly new forms of oppression and at the same time paths toward human liberation a systematic theological look at contemporary migration is long overdue Building on the emerging interest on migration in theology this book presents an intercultural theology of migration drawn from the experience of Filipino women domestic workers in Hong Kong in dialogue with theological ethics and liberationist theologies The result is a new look at the phenomenon of contemporary migration **Introducing Religion** Robert Ellwood, 2016-10-14 *Introducing Religion* 4 e explores the different ways of looking at religion in the twenty first century A broad overview to religious studies as a discipline introduces students to the various subjects of religion *Introducing Religion* teaches readers how to think in academic religious studies and its main areas including sociology of religion psychology of religion history of religion religion and art ethics and more The fourth edition has been expanded with new chapters exploring topics of contemporary interest myth spiritual paths religion and popular culture religion in the computer age religion and war Contemporary topics engage today's students relating the topics to the changing world around them *Popular Religion, Liberation, and Contextual Theology* Jacques van Nieuwenhove, Berma Klein Goldewijk, 1991 **Official and Popular Religion** Pieter Hendrik Vrijhof, Jacques Waardenburg, 2019-10-08 No detailed description available for *Official and Popular Religion*
