Portraits of an Artist William E. Morris, Clifford A. Nault, 1962

The following collection makes no attempt to exhaust the possibly inexhaustible variety of Joyce s novel Indeed a casebook many times the length of this one which included selections from the entire bibliography could scarcely do that On the other hand the collection does provide expert guidance into portions of the Joycean labyrinth and any number of threads the reader can follow to take him where they will Rather than an end in itself the text is intended as no more than a starting point or shifting the metaphor as a skeletal frame upon which the attentive reader can and should construct his own interpretations

The Making of the Modern Artist Ernest L. Veyu, 2012-12-19 The Making of the Modern Artist Stephen Dedalus and Will Brangwen examines two fictional artists by James Joyce and D H Lawrence in A Portrait of the Artist as a Young Man and D H Lawrence s The Rainbow respectively It brings together Joyce and Lawrence in their common concern with the modern artist and modern art Taking the two major artist characters of the two works this study establishes that Joyce and Lawrence irrespective of major background educational artistic and philosophical differences converge on the person character artistic vision and working methods of the modern artist This study makes little effort at looking at these fictional artists as alter egos of Joyce and Lawrence it treats them as modern artists in their own right It attempts to give them somewhat a critical right of existence of their own
