Pursuit Of Absolute Integrity How Corruption Control Makes Government Ineffective

Paul Heywood

Pursuit Of Absolute Integrity How Corruption Control Makes Government Ineffective:

The Pursuit of Absolute Integrity Frank Anechiarico, James B. Jacobs, 1998-12-01 In this comprehensive and controversial case study of anticorruption efforts Frank Anechiarico and James B Jacobs show how the proliferating regulations and oversight mechanisms designed to prevent or root out corruption seriously undermine our ability to govern By constraining decision makers discretion shaping priorities and causing delays corruption control no less than corruption itself has contributed to the contemporary crisis in public administration Anechiarico and Jacobs have pushed aside the claims and posturing by officials and reformers and revealed a critical need to reevaluate just what we have and are doing to public servants and to the public in the name of anti corruption Citylaw A timely and very useful addition to the new debate over corruption and reform Michael Johnston American Political Science Review *Corruption from a Regulatory Perspective* Maria De Benedetto, 2021-09-23 This book seeks to enrich and in some cases reverse current ideas on corruption and its prevention It is a long held belief that sanctions are the best guard against corrupt practice This innovative work argues that in some cases sanctions paradoxically increase corruption and that controls provide opportunities for corrupt transactions Instead it suggests that better regulation and responsive enforcement not sanctions offer the most effective response to corruption Taking both a theoretical and applied approach it examines the question from a global perspective drawing on in particular a regulatory perspective to provide a model for tackling corrupt practices Ethics in Public Management H George Frederickson, Richard K Ghere, 2016-07-22 The groundbreaking Ethics in Public Administration set the agenda for a decade s worth of research in the theory and practice of ethics in the public sector This long awaited follow up volume represents the state of the art in research on administrative ethics It features all new contributions by many of the leading figures in the field and addresses both the managerial and individual moral dimensions of ethical behavior as well as new challenges to administrative ethics posed by globalization A detailed introduction opening passage and conclusion lend context to each of the book s four main sections Ethics in Public Management is must reading for any graduate level course in public sector ethics **Liberalism in the Shadow of Totalitarianism** David Ciepley, 2006 This book argues that it was primarily the encounter with totalitarianism that dissolved the ideals of American progressivism and crystallized the ideals of postwar liberalism In politics the ideal of governance by a strong independent executive was rejected and a politics of contending interest groups was embraced Global Encyclopedia of Public Administration, Public Policy, and Governance Ali Farazmand, 2023-04-05 This global encyclopedic work serves as a comprehensive collection of global scholarship regarding the vast fields of public administration public policy governance and management Written and edited by leading international scholars and practitioners this exhaustive resource covers all areas of the above fields and their numerous subfields of study In keeping with the multidisciplinary spirit of these fields and subfields the entries make use of various theoretical empirical analytical practical and methodological bases of knowledge Expanded and updated the second edition

includes over a thousand of new entries representing the most current research in public administration public policy governance nonprofit and nongovernmental organizations and management covering such important sub areas as 1 organization theory behavior change and development 2 administrative theory and practice 3 Bureaucracy 4 public budgeting and financial management 5 public economy and public management 6 public personnel administration and labor management relations 7 crisis and emergency management 8 institutional theory and public administration 9 law and regulations 10 ethics and accountability 11 public governance and private governance 12 Nonprofit management and nongovernmental organizations 13 Social health and environmental policy areas 14 pandemic and crisis management 15 administrative and governance reforms 16 comparative public administration and governance 17 globalization and international issues 18 performance management 19 geographical areas of the world with country focused entries like Japan China Latin America Europe Asia Africa the Middle East Russia and Eastern Europe North America and 20 a lot more Relevant to professionals experts scholars general readers researchers policy makers and manger and students worldwide this work will serve as the most viable global reference source for those looking for an introduction and advance knowledge to the field

The New Normal Amitai Etzioni, 2017-09-08 Amitai Etzioni argues that societies must find a way to balance individual rights and the common good This point of balance may change as new technologies develop the natural and international environments change and new social forces arise Some believe the United States may be unduly short changing individual rights that need to be better protected Specifically should the press be granted more protection Or should its ability to publish state secrets be limited Should surveillance of Americans and others be curtailed Should American terrorists be treated differently from others How one answers these questions Etzioni shows invites a larger fundamental question Where is the proper point of balance between rights and security Etzioni implements the social philosophy liberal communitarianism Its key assumptions are that neither individual rights nor the common good should be privileged that both are core values and that a balance is necessary between them Etzioni argues that we need to find a new balance between our desire for more goods services and affluence particularly because economic growth may continue to be slow and jobs anemic The key question is what makes a good life especially for those whose basic needs are sated

Anti-Corruption and its Discontents Grant W. Walton, 2017-08-03 The fight against corruption is now a core part of development policy and practice Some call these efforts a war on corruption What does this so called war mean for developing countries And how do international perspectives on corruption relate to local and national concerns This book examines the relevance of anti corruption discourse in Papua New Guinea PNG one of the most culturally rich and corrupt countries on earth Despite increased international national and local efforts to address corruption over the past two decades many fear that levels of corruption continue to rise largely unabated Some believe that the mismatch between international national and local assumptions regarding the nature of corruption and how it should be addressed is at the heart of the issue International anti

corruption initiatives stress zero tolerance and try to strengthen formal state based institutions However many people in PNG are more concerned about maintaining social relationships than following state laws and rules This book critically examines the implications of the anti corruption agenda and the collision of international national and local perspectives In doing so it provides a diagnostic on international assumptions about corruption and how it should be fought in developing countries offering surprising and important lessons This book is essential reading for scholars and students of Development Studies Geography Political Studies and Economics as well as practitioners and policy makers working in development

Public Procurement Regulation in Africa Sue Arrowsmith, Geo Quinot, 2013-01-17 This book examines the regulatory rules on public procurement in selected African countries and provides a comparative analysis of key regulatory issues

Policing in America Larry K. Gaines, Victor E. Kappeler, Zachary A. Powell, 2021-08-09 Policing in America Ninth Edition provides a thorough analysis of the key issues in policing today and offers an issues oriented discussion focusing on critical concerns such as personnel systems organization and management operations discretion use of force culture and behavior ethics and deviance civil liability and police community relations In the field of law enforcement in the United States it is essential to know the contemporary problems being faced and combine that knowledge with empirical research and theoretical reasoning to arrive at best practices and an understanding of policing The text opens with a critical assessment of police history and the role politics played in the development of American police institutions and concludes with consideration of such contemporary issues as globalization terrorism and homeland security Appropriate for introductory policing courses this new edition not only offers updated research and examples it also incorporates ways for the reader to connect to the content through learning objectives discussion questions and Myths and Realities of Policing boxes Video and Internet links provide additional coverage of important issues With completely revised and updated chapters Policing in America Ninth Edition provides an up to date examination of what to expect as a police officer in America Perspectives on Crime and Justice ,1998 Political Entrepreneurship Charlie Karlsson, Charlotte Silander, Daniel Silander, 2016-10-28

Political Entrepreneurship explores the role of political entrepreneurs in regional growth and entrepreneurial diversity The authors define a political entrepreneur as a politician bureaucrat or officer within the publicly funded sector who encourages entrepreneurship for growth and employment using innovative approaches This book aims to enrich the established research on entrepreneurship with in depth knowledge of the conditions conducive for political entrepreneurship in Sweden

Advances in Experimental Political Science James N. Druckman, Donald P. Green, 2021-04-01 Experimental political science has changed In two short decades it evolved from an emergent method to an accepted method to a primary method The challenge now is to ensure that experimentalists design sound studies and implement them in ways that illuminate cause and effect Ethical boundaries must also be respected results interpreted in a transparent manner and data and research materials must be shared to ensure others can build on what has been learned This book explores the application of new

designs the introduction of novel data sources measurement approaches and statistical methods the use of experiments in more substantive domains and discipline wide discussions about the robustness generalizability and ethics of experiments in political science By exploring these novel opportunities while also highlighting the concomitant challenges this volume enables scholars and practitioners to conduct high quality experiments that will make key contributions to knowledge

Routledge Handbook of Political Corruption Paul Heywood,2014-12-17 Since the early 1990s a series of major scandals in both the financial and most especially the political world has resulted in close attention being paid to the issue of corruption and its links to political legitimacy and stability Indeed in many countries in both the developed as well as the developing world corruption seems to have become almost an obsession Concern about corruption has become a powerful policy narrative the explanation of last resort for a whole range of failures and disappointments in the fields of politics economics and culture In the more established democracies worries about corruption have become enmeshed in a wider debate about trust in the political class Corruption remains as widespread today possibly even more so as it was when concerted international attention started being devoted to the issue following the end of the Cold War This Handbook provides a showcase of the most innovative and exciting research being conducted in Europe and North America in the field of political corruption as well as providing a new point of reference for all who are interested in the topic The Handbook is structured around four core themes in the study of corruption in the contemporary world understanding and defining the nature of corruption identifying its causes measuring its extent and analysing its consequences Each of these themes is addressed from various perspectives in the first four sections of the Handbook whilst the fifth section explores new directions that are emerging in corruption research The contributors are experts in their field working across a range of different social science perspectives

International Development Governance Ahmed Shafiqul Huque,Habib Zafarullah,2017-09-25 The establishment of good governance is a major challenge for the developing world along with the need to sustain the progress resulting from developmental efforts Although there are numerous studies on the development and governance of emerging nations few volumes make a serious effort to bring together these two critical concepts International Development Governance combines the two concepts development and governance by examining the issues and problems faced by nations in their attempts to establish sustainable governance This textbook also initiates discussions on the concept of development governance in an international context The book fills the gap in existing literature by drawing upon the experience and expertise of scholars from a broad spectrum of knowledge Their views explain the issues and problems with reference to a number of tools that could establish development governance and sustain it The text offers in depth examinations of developmental sectors resulting in a textbook that will inspire future public officials policy makers and consultants to contribute to the betterment of life for citizens of developing countries

Value and Virtue in Public Administration Michiel S. de Vries,P. Kim,2011-10-17 A multidisciplinary analysis of the role of values and virtue in public administration

this book calls for a rediscovery of virtue It explores ways of enabling the public sector to balance the values that are presently dominant with classic values such as accountability representation equality neutrality transparency and the public interest Encyclopedia of White-Collar & Corporate Crime Lawrence M. Salinger,2005 In a thorough reappraisal of the white collar and corporate crime scene this Second Edition builds on the first edition to complete the criminal narrative in an outstanding reference resource **American Political Culture** Michael Shally-Jensen,Mark J. Rozell,Ted G. Jelen,2015-04-28 This all encompassing encyclopedia provides a broad perspective on U S politics culture and society but also goes beyond the facts to consider the myths ideals and values that help shape and define the nation Demonstrating that political culture is equally rooted in public events internal debates and historical experiences this unique three volume encyclopedia examines an exceptionally broad range of factors shaping modern American politics including popular belief political action and the institutions of power and authority Readers will see how political culture is shaped by the attitudes opinions and behaviors of Americans and how it affects those things in return The set also addresses the issue of American exceptionalism and examines the nation s place in the world both historically and in the 21st century Essays cover pressing matters like congressional gridlock energy policy abortion politics campaign finance Supreme Court rulings immigration crime and punishment and globalization Social and cultural issues such as religion war inequality and privacy rights are discussed as well Perhaps most intriguingly the encyclopedia surveys the fierce ongoing debate between different political camps over the nation s historical development its present identity and its future course By exploring both fact and mythology the work will enable students to form a broad yet nuanced understanding of the full range of forces and issues affecting and affected by the political process **New York Politics** Edward V Schneier,Brian Murtaugh,2020-08-26 This book discusses the patterns of cleavage and division in New York regional partisan economic and political It facilitates the New York citizens understanding of their government what s right about it what s wrong and what the individual citizen can do **Challenging Corruption in Asia** Vinay Kumar Bhargava,Emil P. Bolongaita,2004 Challenging Corruption in Asia provides an analytical framework to explore and attempt to answer these questions Drawing on their experience as public policy advisors and implementers of anticorruption programs the authors outline a six step approach to developing effective anticorruption strategies tailored specifically to a country s pattern of corruption and conditions of governance Case studies are written by researchers and policy advisors from Indonesia the Philippines Thailand and South Korea Together they illustrate the impact of country specific patterns of corruption and governance on anticorruption effectiveness Emphasis is placed on choosing anticorruption instruments suited to the governance environment on the key roles played by anticorruption champions especially civil society organizations and the media and on the need to make information on the extent and perceptions of corruption widely available R sum de l diteur **Trust and Distrust** Mark Knights,2021 Mark Knights offers the first overview of Britain s history of corruption in office in the pre modern era 1600 1850 Drawing on

extensive archival material Knights shows how corruption in the domestic and imperial spheres interacted and how the concept of corruption developed during this period changing British ideas of trust and distrust
