History John Tosh, 2002 *Doing Recent History* Claire Bond Potter, Renee Christine Romano, 2012 Explores the difficulties of writing histories of recent events due to the lack of perspective hindsight and developed historiography Writing the History of Mount Lebanon Mouannes Hojairi, 2021-10-05 A meticulous deconstruction of Maronite history writing and the ways in which Lebanese nationalist myths have been invented and perpetuated by historians As a frequently contested territory Mount Lebanon has an equally contested history one that is produced shaped and revised by as many players as those who molded the Lebanese state since its inception in 1920 The Lebanese Maronite Church has had more at stake in the process of history writing than any other group or institution It is arguably one of the most influential institutions in Lebanese history and definitely the most influential institution in the country at the moment of the state's birth Writing the History of Mount Lebanon traces the genealogy of Maronite identity by examining the historical traditions that shaped its contemporary manifestation It explores the presence of a tradition in Maronite Church historiography that was maintained by the historians of the Church whose claims and hypotheses ultimately defined the communal identity of the Maronites in Mount Lebanon and deeply influenced subsequent Lebanese national identity Rooted in a reexamination of the existing literature and bringing evidence to bear on this particular aspect of history writing in Lebanon it shows how early Maronite ecclesiastic historiography's plea for inclusion as a part of Catholic orthodoxy was transformed and recast in subsequent centuries by lay and secular historians into a demand for exclusion and exclusivity which in turn led to the rise of exclusivist political identities based on sectarian belonging in Mount Lebanon Ultimately Mouannes Hojairi shows how history writing is one of the main instruments in generating and perpetuating nationalist ideologies and how historians are central agents of nationality *The Routledge Companion to Global Indigenous History* Ann McGrath, Lynette Russell, 2021-09-30 The Routledge Companion to Global Indigenous History presents exciting new innovations in the dynamic field of Indigenous global history while also outlining ethical political and practical research Indigenous histories are not merely concerned with the past but have resonances for the politics of the present and future ranging across vast geographical distances and deep time periods The volume starts with an introduction that explores definitions of Indigenous peoples followed by six thematic sections which each have a global spread European uses of history and the positioning of Indigenous people as history's outsiders their migrations and mobilities colonial encounters removals and diasporas memory identities and narratives deep histories and pathways towards future Indigenous histories that challenge the nature of the history discipline itself This book illustrates the important role of Indigenous history and Indigenous knowledges for contemporary concerns including climate change spirituality and religious movements gender negotiations modernity and mobility and the meaning of nation and the global Reflecting the state of the art in Indigenous global history the contributors suggest exciting new directions in the field examine its many research challenges and show its resonances for a global politics of the present and future This book is invaluable reading for students in both undergraduate and postgraduate Indigenous history courses *A History of the*

McManus, 2013-05-28 In *The Americans at D Day* the first volume of this series John C McManus showed us the American experience in Operation Overlord Now in this succeeding volume he does the same for the Battle of Normandy as a whole Never before has the American involvement in Normandy been examined so thoroughly or exclusively as in *The Americans at Normandy* For D Day was only one part of the battle and victory came from weeks of sustained effort and sacrifices made by Allied soldiers Presented here is the American experience during that summer of 1944 from the aftermath of D Day to the slaughter of the Falaise Gap from the courageous famed figures of Bradley Patton and Lightnin Joe Collins to the lesser known privates who toiled in torturous conditions for their country What was this battle really like for these men What drove them to fight against all sense and despite all obstacles How and why did they triumph Reminiscent of Cornelius Ryan s *The Longest Day* *The Americans at Normandy* takes readers into the minds of the best American strategists into the hearts of the infantry into hell on earth Engrossing lightning quick and filled with real human sorrow and elation *The Americans at Normandy* honors those Americans who lost their lives in foreign fields and those who survived Here is their story finally told with the depth pathos and historical perspective it deserves At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied **On Doing Local History** Carol Kammen, 2003 Completely revised and updated edition of the guide for local historians *The Practice of U.S. Women's History* S. Every Day a Nightmare William H. Bartsch,2010 In December 1941 the War Department sent two transports and a freighter carrying 103 P 40 fighters and their pilots to the Philipines to bolster Gen Douglas MacArthur s Far East Air Force They were then diverted to Australia with new orders to ferry the P 40s to the Philippines from Australia through the Dutch East Indies But on the same day as the second transport reached its destination on January 12 1942 the first of the key refueling stops in the East Indies fell to rapidly advancing Japanese forces resulting in a break in their ferry route and another change in their orders This time the pilots would fly their aircraft to Java to participate in the desperate Allied defense of that ultimate Japanese objective Except for the pilots from the Philippines almost all of the other pilots eventually assigned to the five provisional pursuit squadrons ordered to Java were recent graduates of flying school with just a few hours on the P 40 Only forty three of them made it to their assigned destination the rest suffered accidents in Australia were shot down over Bali and Darwin or were lost in the sinking of the USS Langley as it carried thirty two of them to Java Even those who did reach the secret field on Java wondered if they had been sacrificed for no purpose As the Japanese air assault intensified daily the Allied defense collapsed Only eleven Japanese aircraft fell to the P 40s Author William H Bartsch has pored through personal diaries and memoirs of the participants cross checking these primary sources against Japanese aerial combat records of the period and supplementing them with official records and other American Dutch and Australian accounts Bartsch s thorough and meticulous research yields a narrative that situates the Java pursuit pilots experiences within the context of the overall strategic situation in the early days of the Pacific theater
