Lamb, Jr.,2010-03-05 You were not meant to walk alone Many of us struggle to forge deep relationships with God and other people Modern society has isolated us as rugged individuals deceiving us into thinking we can make it through life on our own Individualism has likewise shaped the pattern of Christian discipleship privatizing faith and separating us from fellow believers But we come to know God best when others help us on the way And our friendships develop best when we seek after God together What would it look like to pursue God not by ourselves but in the company of friends According to the model of the New Testament spiritual transformation takes place in the context of Christian community By unpacking the Gospel narratives of Jesus ministry with his disciples Richard Lamb demonstrates how discipleship develops within the shared community life of groups of Christians He explores a range of topics such as spiritual friendship hospitality leadership service conflict forgiveness and mission in light of Christian community Engaging stories from real life experience show how people can form one another spiritually when their lives are tumbled against one another If you long for more of God deeper friendships or both this book will help you on the journey Discover the transforming power of discipleship in community Join

the pursuit of God in the company of friends *These Three Remain: Faith, Hope, and Love* Don, Deborah Quattlebum, 2013-11-12 It may be an oversimplification to say that faith hope and love are all we need But with an understanding of what these three are we have a better understanding of what they can do in our lives Our focus will turn from our needs and wants to what leads us into the answer of all these things faith hope and love which we find through our relationships with Jesus It is simple but not always easy to allow the control of our life to transfer from us to God It is important to know these three what they are and how we interact with them We want to look at these three as the following Faith the God Possible Hope the God Perspective Love the God Power In these three we make all things about Jesus and less about us The more we live in these three the more we become like Him These three faith hope and love will do the work to establish the kingdom of God in us and in others **The Pursuit of Love : a Novel** Nancy Mitford, Malvin Singer, 1949

The Nature of Love, Volume 1 Irving Singer, 2009-02-20 An analysis of concepts of bestowal appraisal imagination and idealization followed by explorations into the writings of thinkers that include Plato Ovid and Martin Luther Irving Singer's trilogy *The Nature of Love* has been called majestic New York Times Book Review monumental Boston Globe one of the major works of philosophy in our century Nous wise and magisterial Times Literary Supplement and a masterpiece of critical thinking that is a timely eloquent and scrupulous account of what after all still makes the world go round Christian Science Monitor In the first volume Singer begins by studying love as appraisal and bestowal as well as imagination and idealization He then examines the contrasting views of Plato Aristotle Plotinus Ovid Lucretius Saint Augustine Saint Thomas Aquinas and Martin Luther After having described the nature of erotic idealization Singer analyzes the religious idealization in Judeo Christian concepts of eros philia nomos and agape Medieval Catholicism sought to combine these four ideas of love in the caritas synthesis Luther repudiated that attempt on the grounds that love exists only in God's agapastic bestowal of unlimited goodness upon humanity and all of nature In relation to the different modes of theorizing Singer explores the humanistic implications of each *How Does He Love Me?* Brad Lussier, 2021-01-20 If you love words well chosen the enticing turn of a phrase and the rhythm of ten artful beats to a line you will enjoy this collection of sonnets However if you have ever found yourself helplessly infatuated the prisoner of an overwhelming and delightful passion and captive to a ravenous hunger that only those eyes that smile and that voice can satisfy you will love this book Appropriating the wisdom of C S Lewis from *The Four Loves* and Pope Benedict XVI from *Deus Caritas Est* Brad Lussier helps to close the gap between Eros and Agape and offers a fresh understanding of divine love The sonnets in this collection will transport you to another era when those smitten penned their love fourteen lines at a time **The Pursuit of Love** Nancy Mitford, 1994 Mitford's most famous novels *The Pursuit of Love* and *Love in a Cold Climate* satirize British aristocracy in the 20s and 30s through the amorous adventures of the Radletts an exuberantly unconventional family closely modeled on Mitford's own Copyright Libri GmbH All rights reserved Philosophy of Love Irving Singer, 2011-01-07 The author of the classic philosophical treatment of love reflects on

the trajectory over decades of his thoughts on love and other topics In 1984 Irving Singer published the first volume of what would become a classic and much acclaimed trilogy on love Trained as an analytical philosopher Singer first approached his subject with the tools of current philosophical methodology Dissatisfied by the initial results finding the chapters he had written just dreary and unproductive of anything he turned to the history of ideas in philosophy and the arts for inspiration He discovered an immensity of speculation and artistic practice that reached wholly beyond the parameters he had been trained to consider truly philosophical In his three volume work *The Nature of Love* Singer tried to make sense of this historical progression within a framework that reflected his precise distinction making and analytical background In this new book he maps the trajectory of his thinking on love It is a partial summing up of a lifework partial because it expresses the author's still unfolding views because it is a recapitulation of many published pages because love like any subject of that magnitude resists a neatly comprehensive all inclusive formulation Adopting an informal even conversational tone Singer discusses among other topics the history of romantic love the Platonic ideal courtly and nineteenth century Romantic love the nature of passion the concept of merging and his critique of it ideas about love in Freud Schopenhauer Nietzsche Dewey Santayana Sartre and other writers and love in relation to democracy existentialism creativity and the possible future of scientific investigation Singer's writing on love embodies what he has learned as a contemporary philosopher studying other authors in the field and trying to get a little further This book continues his trailblazing explorations
