Michael Howard

Pursuit Of Victory From Napoleon To Saddam Hussein:

The Pursuit of Victory Brian Bond,1996 Western Warfare, 1775-1882 Jeremy Black,2014-12-18 This is a wide ranging and comprehensive survey of warfare from the outbreak of the American War of Independence to the British conquest of Egypt Drawing on both primary and secondary sources this book offers an unrivalled account of civil and international conflicts involving Western powers integrating both naval and land warfare This book covers military capability as well as conflict social and political contexts as well as weaponry tactics and strategy As well as examining such major conflicts as the Napoleonic Wars the Crimean War the American Civil War and the Wars of German Unification this book redresses the imbalance of previous treatments by examining other important conflicts for example those in Latin America as well as insurgency and counter insurgency in Europe This book s global perspective provides for a more reliable assessment of what constitutes military capability In so doing the author challenges the technological determinism and linear conceptions of developments in military science that continue to characterise much of military history Instead the author reveals a much more complex dynamic indeed going so far as to question the idea of modernity itself Bold in scope and cutting edge in its interpretations this book offers much for the student general reader and professional historian alike

War in European History Michael Howard,2009 An updated edition of Michael Howard s classic history of war in European history from medieval times to the 21st century showing how the changing face of war has shaped the wider course of the continent s history over the last millennium *The World Since 1945* P. M. H. Bell,Mark Gilbert,2016-11-03 A masterly synthesis of the history of the contemporary world *The World Since 1945* offers the ideal introduction to the events of the period between the end of the Second World War and the present day P M H Bell and Mark Gilbert balance a clear narrative with in depth analysis to guide the reader through the aftermath of the Second World War the Cold War decolonization D tente and the Arab Israeli Conflict up to the on going ethnic strife and political instability of the 21st century The new edition has been thoroughly revised to fully reflect developments in the history and historiography of the post war world and features five new chapters on the post Cold War world covering topics including The rise and fall of American hegemony The decline of Europe The rise of Asia Political Islam as a global force The role of human rights *The World Since 1945* challenges us to better understand what happened and why in the post war period and shows the ways in which the past continues to exercise a profound influence on the present It is essential reading for any student of contemporary history Endurance and War Jasen J. Castillo,2014-04-09 Scholars and military practitioners alike have long sought to understand why some country s militaries fight hard when facing defeat while others collapse In *Endurance and War* Jasen Castillo presents a new unifying theory cohesion theory to explain why national militaries differ in their staying power His argument builds on insights from the literatures on group solidarity in general and military effectiveness in particular which argue that the stronger the ties binding together individuals in a group of any kind the higher the degree of

cohesion that a group will exhibit when taking collective action including fighting in war Specifically he argues that two types of ties determine the cohesion and therefore the resilience of a nation s armed forces during war the degree of control a regime holds over its citizens and the amount of autonomy the armed forces possess to focus on training for warfighting Understanding why armed forces differ in their cohesion should help U S military planners better assess the military capabilities of potential adversaries like Iran and North Korea For scholars of international politics cohesion theory can help provide insights into how countries create military power and how they win wars

Contemporary Military Theory Jan Angstrom,J.J. Widen,2014-07-17 The book aims to provide the reader with a state of the art introduction to classic and modern military theory The text accounts for the most important theories within the field by developing and analyzing these theories as well as problematizing both their normative and explanatory aims While focusing on military theory the book does not only reflect a single way of relating to knowledge of war and warfare but furthers learning by introducing contrasting perspectives as well as constantly criticizing the theories There is a clear need for an introductory text for the entire field of military theory that focuses whole heartedly on the theories not on their context or how they are expressed in practice during war This book covers such questions as how we should understand the changing character of war the utility of force and how the pursuit of political ends is achieved through military means It draws upon and illustrates military thought through a wide ranging number of examples from the Napoleonic Wars to the current war in Afghanistan This book will be of great interest for students of military theory strategic studies security studies and defence studies

Alexander the Great: Lessons in Strategy David J. Lonsdale,2007-12-10 This book offers a strategic analysis of one of the most outstanding military careers in history identifying the most pertinent strategic lessons from the campaigns of Alexander the Great David Lonsdale argues that since the core principles of strategy are eternal the study and analysis of historical examples have value to the modern theorist and practitioner Furthermore as strategy is so complex and challenging the remarkable career of Alexander provides the ideal opportunity to understand best practice in strategy as he achieved outstanding and continuous success across the spectrum of warfare in a variety of circumstances and environments This book presents the thirteen most pertinent lessons that can be learned from his campaigns dividing them into three categories grand strategy military operations and use of force Each of these categories provides lessons pertinent to the modern strategic environment Ultimately however the book argues that the dominant factor in his success was Alexander himself and that it was his own characteristics as a strategist that allowed him to overcome the complexities of strategy and achieve his expansive goals

Clausewitz's Timeless Trinity Colin M. Fleming,2016-05-23 This is the first book to apply the Clausewitzian Trinity of passion chance and reason to the experience of real war It explores the depth and validity of the concept against the conflicts of former Yugoslavia wars thought to epitomise a post Clausewitzian age In doing so it demonstrates the timeless message of the Trinity but also ties the Trinitarian idea back into Clausewitz s political argument Intended to build on the existing corpus of scholarship this

book differs from the existing literature in two ways By applying the Trinity to the wars of former Yugoslavia 1991 1995 it explores war at its micro foundations assessing the complex cause and effect nexus of reciprocity produced by actions between belligerents embroiled in dynamic competition perpetuated by their own interaction Providing valuable insights into the complexities of real war fuelled by passion undermined by chance and shaped by reason it is the first study to bridge the Clausewitzian world of theory with real experience Examining each part of the triad separately the book explores the multiple manifestations of hostility and chance before then assessing the influence of these elements on the policies of the belligerents as the war evolved

German Strategy and the Path to Verdun Robert T. Foley, Robert Thomas Foley, 2005-01-06 Almost 90 years since its conclusion the battle of Verdun is still little understood German Strategy and the Path to Verdun is a detailed examination of this seminal battle based on research conducted in archives long thought lost Material returned to Germany from the former Soviet Union has allowed for a reinterpretation of Erich von Falkenhayn's overall strategy for the war and of the development of German operational and tactical concepts to fit this new strategy of attrition By taking a long view of the development of German military ideas from the end of the Franco German War in 1871 German Strategy and the Path to Verdun also gives much needed context to Falkenhayn's ideas and the course of one of the greatest battles of attrition the world has ever known

Strategy Lawrence Freedman, 2013-10-31 One of the world's leading authorities on war and international politics synthesizes the vast history of strategy's evolution in this consistently engaging and surprising account of how it came to pervade every aspect of life

Wellington and the Siege of San Sebastian, 1813 Bruce Collins, 2017-11-30 An analysis of siege warfare during the Napoleonic Wars focusing on the British Army's failed first attempt to capture the Spanish coastal city Bruce Collins's in depth reassessment of the Duke of Wellington's siege of San Sebastian during the Peninsular War is a fascinating reconstruction of one of the most challenging siege operations Wellington's army undertook and it is an important contribution to the history of siege warfare during the Napoleonic Wars Collins sets the siege in the context of the practice of siege warfare during the period and Wellington's campaign strategies following his victory at the Battle of Vitoria Collins focuses on how the army assigned to the siege was managed and draws on the records of the main military departments for the first time to give an integrated picture of its operations in the field The close support given by the Royal Navy is a key aspect of his narrative This broad approach based in fresh archive research offers an original perspective on both San Sebastian's significance and the nature of siege warfare in this period

The Russo-Japanese War in Global Perspective John Steinberg, 2006-12-01 Like Volume one Volume two of The Russo Japanese War in Global Perspective examines the Russo Japanese War in its military diplomatic social political and cultural context In this volume East Asian contributors focus on the Asian side of the war to flesh out the assertion that the Russo Japanese War was in fact World War Zero the first global conflict of the 20th century The contributors demonstrate that the Russo Japanese War largely forgotten in the aftermath of World War I actually was a precursor to the catastrophe

that engulfed the world less than a decade after the signing of the Treaty of Portsmouth This study also helps us better understand Japan as it emerged at the beginning of its fateful 20th century

War, Clausewitz and the Trinity Thomas Waldman, 2016-02-17 Today the ideas of Carl von Clausewitz 1780-1831 are employed almost ubiquitously in strategic studies military history and defence literatures but often in a manner which distorts their true meaning In this book Waldman explores Clausewitz's central theoretical device for understanding war the remarkable trinity of politics chance and passion By situating the great Prussian in historical context he presents a conception truer to Clausewitz's intention Seeking to achieve this through an in depth reinterpretation of On War and Clausewitz's other writings conducted through the prism of the trinity this book draws on existing studies but argues that there is room for clarification It presents fresh perspectives into aspects of Clausewitz's thought and emphasises elements of his theory that have often been neglected Furthermore it provides a solid basis from which debate on the nature of modern war can move forward

Research Handbook on the Theory and History of International Law Alexander Orakhelashvili, 2020-12-25 This updated and revised second edition with contributions from renowned experts provides a comprehensive scholarly framework for analyzing the theory and history of international law Featuring an array of legal and interdisciplinary analyses it focuses on those theories and developments that illuminate the central and timeless basic concepts and categories of the international legal system highlighting the interdependency of various aspects of theory and history and demonstrating the connections between theory and practice

War By Agreement Yitzhak Benbaji, Daniel Statman, 2019-10-03 War by Agreement presents a new theory on the ethics of war It shows that wars can be morally justified at both the ad bellum level the political decision to go to war and the in bello level its actual conduct by the military by accepting a contractarian account of the rules governing war According to this account the rules of war are anchored in a mutually beneficial and fair agreement between the relevant players the purpose of which is to promote peace and to reduce the horrors of war The book relies on the long social contract tradition and illustrates its fruitfulness in understanding and developing the morality and the law of war

Tokens of Power Ann Hironaka, 2017-03-06 War presents a curious paradox Interstate war is arguably the most carefully planned endeavor by states yet military history is filled with disasters and blunders of monumental proportions These anomalies happen because most military history presumes that states are pursuing optimal strategies in a competitive environment This book offers an alternative narrative in which the pillars of military planning evaluations of power strategy and interests are theorized as social constructions rather than simple material realities States may be fighting wars primarily to gain or maintain power yet in any given historical era such pursuits serve only to propel competition they do not ensure military success in subsequent generations Allowing states to embark on hapless military ventures is fraught with risks while the rewards are few

Modern War and the Utility of Force Isabelle Duyvesteyn, Jan Angstrom, 2010-04-05 This book investigates the use and utility of military force in modern war After the Cold War Western armed forces have increasingly

been called upon to intervene in internal conflicts in the former Third World These forces have been called upon to carry out missions that they traditionally have not been trained and equipped for in environments that they often have not been prepared for A number of these new types of operations in allegedly new wars stand out such as peace enforcement state building counter insurgency humanitarian aid and not the least counter terrorism The success rate of these missions has however been mixed providing fuel for an increasingly loud debate on the utility of force in modern war This edited volume poses as its central question what is in fact the utility of force Is force useful for anything other than a complete conventional defeat of a regular opponent who is confronted in the open field This book will be of much interest to students of strategic studies war and conflict studies counter insurgency security studies and IR Isabelle Duyvesteyn is an Associate Professor at the Department of History of International Relations Utrecht University in the Netherlands Jan Angstrom is a researcher at the Swedish National Defence College

Winning and Losing on the Western Front Jonathan Boff, 2012-07-05 The Hundred Days campaign of 1918 remains a neglected aspect of the First World War Why was the German army defeated on the Western Front Did its morale collapse or was it beaten by the improved military effectiveness of a British army which had climbed a painful learning curve towards modern combined arms warfare This revealing insight into the crucial final months of the First World War uses state of the art methodology to present a rounded case study of the ability of both armies to adapt to the changing realities they faced Jonathan Boff draws on both British and German archival sources some of them previously unseen to examine how representative armies fought during the Hundred Days campaign Assessing how far the application of modern warfare underpinned the British army's part in the Allied victory the book highlights the complexity of modern warfare and the role of organisational behaviour within it

National Security Dilemmas Colin S. Gray, 2009 A primer on enduring issues of U S national security strategy

Democracies and Small Wars Efraim Inbar, 2003-08-30 By their nature democracies clearly have greater constraints than autocratic regimes on their freedom of action as they have to meet constitutional legal and moral criteria in their use of force This collection analyses a number of case studies showing how democracies have won small wars

As recognized, adventure as capably as experience more or less lesson, amusement, as with ease as union can be gotten by just checking out a book **Pursuit Of Victory From Napoleon To Saddam Hussein** with it is not directly done, you could admit even more almost this life, on the subject of the world.

We have enough money you this proper as competently as simple exaggeration to acquire those all. We manage to pay for Pursuit Of Victory From Napoleon To Saddam Hussein and numerous books collections from fictions to scientific research in any way. in the middle of them is this Pursuit Of Victory From Napoleon To Saddam Hussein that can be your partner.

Pursuit Of Victory From Napoleon To Saddam Hussein Introduction

In today's digital age, the availability of Pursuit Of Victory From Napoleon To Saddam Hussein books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Pursuit Of Victory From Napoleon To Saddam Hussein books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Pursuit Of Victory From Napoleon To Saddam Hussein books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Pursuit Of Victory From Napoleon To Saddam Hussein versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Pursuit Of Victory From Napoleon To Saddam Hussein books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Pursuit Of Victory From Napoleon To Saddam Hussein books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Pursuit Of Victory From Napoleon To Saddam Hussein books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated

to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Pursuit Of Victory From Napoleon To Saddam Hussein books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Pursuit Of Victory From Napoleon To Saddam Hussein books and manuals for download and embark on your journey of knowledge?

FAQs About Pursuit Of Victory From Napoleon To Saddam Hussein Books

1. Where can I buy Pursuit Of Victory From Napoleon To Saddam Hussein books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Pursuit Of Victory From Napoleon To Saddam Hussein book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Pursuit Of Victory From Napoleon To Saddam Hussein books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.

5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
