*Nature in Translation* Shiho Satsuka, 2015-08-13 *Nature in Translation* is an ethnographic exploration in the cultural politics of the translation of knowledge about nature Shiho Satsuka follows the Japanese tour guides who lead hikes nature walks and sightseeing bus tours for Japanese tourists in Canada's Banff National Park and illustrates how they aspired to become local nature interpreters by learning the ecological knowledge authorized by the National Park The guides assumed the universal appeal of Canada's magnificent nature but their struggle in translating nature reveals that our understanding of nature including scientific knowledge is always shaped by the specific socio cultural concerns of the particular historical context These include the changing meanings of work in a neoliberal economy as well as culturally specific dreams of finding freedom and self actualization in Canada's vast nature Drawing on nearly two years of fieldwork in Banff and a decade of conversations with the guides Satsuka argues that knowing nature is an unending process of cultural translation full of tensions contradictions and frictions Ultimately the translation of nature concerns what counts as human what kind of society is envisioned and who is included and excluded in the society as a legitimate subject

Mason, 2014-09-24 The Banff Bow Valley in western Alberta is the heart of spiritual and economic life for the Nakoda peoples While they were displaced from the region by the reserve system and the creation of Canada's first national park in the twentieth century the Nakoda reasserted their presence in the valley through involvement in regional tourism economies and the Banff Indian Days sporting festivals Drawing on extensive oral testimony from the Nakoda supplemented by detailed analysis of archival and visual records *Spirits of the Rockies* is a sophisticated account of the situation that these Indigenous communities encountered when they were denied access to the Banff National Park Courtney W Mason examines the power relations and racial discourses that dominated the eastern slopes of the Canadian Rocky Mountains and shows how the Nakoda strategically used the Banff Indian Days festivals to gain access to sacred lands and respond to colonial policies designed to repress their cultures

*International Sport: A Bibliography, 2000* Richard William Cox, 2013-10-23 There has been an explosion in the quantity of sports history literature published in recent years making it increasingly difficult to keep abreast of developments The annual number of publications has increased from around 250 to 1 000 a year over the last decade This is due in part to the fact that during the late 1980s and 90s many clubs leagues and governing bodies of sport have celebrated their centenaries and produced histories to mark this occasion and commemorate their achievements It is also the result of the growing popularity and realisation of the importance of sport history research within academe This international bibliography of books articles conference proceedings and essays in the English language is a one stop for the sports historian to know what is new

**John Clarke** Lisa Baile, 2015-06-15 Clarke had no interest in trophy climbs and never did ascend many of BC s highest peaks On the other hand he explored more virgin territory and racked up more first ascents than any other climber perhaps more than any climber who ever lived Although he came to be honoured far and wide and is one of the few mountaineers to be awarded the Order of Canada he was a modest man who pursued his passion without fanfare frequently embarking on gruelling expeditions into unknown territory by himself His reputation spread and grew to legendary proportions not just owing to the prodigious scale of his achievements but because of the way he carried them out he travelled light and scorned technology wearing cotton long johns and eating homemade granola He dedicated his life to exploring the numberless nameless peaks of the Coast Range and worked at odd jobs just long enough to pay for the next season s climbing He was charismatic and famously attractive to women but none were able to compete with his first love and he didn t marry until he was almost fifty Always a popular lecturer in his later years he devoted his considerable energies to the cause of environmental education After he succumbed to cancer in 2003 the BC government named Mount John Clarke in his honour fitting recognition for the man who had himself named many BC mountains John Clarke Explorer of the Coast Mountains covers this remarkable life from beginning to end examining Clarke through his own words and pictures as well as through the words of his many friends All agree it was an honour to have known him and readers will find it equally inspiring to meet him through these pages
