Revolution and the Historical Novel John McWilliams, 2017-12-15 John McWilliams has written the first much needed account of the ways the promise and threat of political revolution have informed masterpieces of the historical novel The jolting sense of historical change caused by the French Revolution led to an immense readership for a new kind of fiction centered on revolution counter revolution and warfare which soon came to be called the historical novel During the turbulent wake of The Declaration of the Rights of Man promptly followed by the

phenomenon of Napoleon Bonaparte the historical novel thus served as a literary hybrid in the most positive sense of that often dismissive term It enabled readers to project personal hopes and anxieties about revolutionary change back into national history While immersed in the fictive lives of genteel often privileged heroes readers could measure their own political convictions against the wavering loyalties of their counterparts in a previous but still familiar time McWilliams provides close readings of some twenty historical novels from Scott and Cooper through Tolstoy Zola and Hugo to Pasternak and Lampedusa and ultimately to Marquez and Hilary Mantel but with continuing regard to historical contexts past and present He traces the transformation of the literary conventions established by Scott's Waverley novels showing both the continuities and the changes needed to meet contemporary times and perspectives Although the progressive hopes imbedded in Scott's narrative form proved no longer adaptable to twentieth century carnage and the rise of totalitarianism the meaning of any single novel emerges through comparison to the tradition of its predecessors A foreword and epilogue explore the indebtedness of McWilliams's perspective to the Marxist scholarly tradition of Georg Lukacs and Frederic Jameson while defining his differences from them This is a scholarly work of no small ambition and achievement **Pushkin's Lyric**

Intelligence Andrew Kahn, 2012-05-31 Pushkin's lyric intelligence is his capacity to transform philosophical and aesthetic ideas into poetry that questions the creative process This first major study of his lyrics reveals the links between Pushkin's conceptual vocabulary and his intellectual life and between his writing and the influences of French and English authors and movements *Natasha's Dance* Orlando Figes, 2014-02-11 History on a grand scale an enchanting masterpiece that explores the making of one of the world's most vibrant civilizations A People's Tragedy wrote Eric Hobsbawm did more to help us understand the Russian Revolution than any other book I know Now in *Natasha's Dance* internationally renowned historian Orlando Figes does the same for Russian culture summoning the myriad elements that formed a nation and held it together Beginning in the eighteenth century with the building of St Petersburg a window on the West and culminating with the challenges posed to Russian identity by the Soviet regime Figes examines how writers artists and musicians grappled with the idea of Russia itself its character spiritual essence and destiny He skillfully interweaves the great works by Dostoevsky Stravinsky and Chagall with folk embroidery peasant songs religious icons and all the customs of daily life from food and drink to bathing habits to beliefs about the spirit world Figes's characters range high and low the revered Tolstoy who left his deathbed to search for the Kingdom of God as well as the serf girl Praskovya who became Russian opera's first superstar and shocked society by becoming her owner's wife Like the European schooled countess Natasha performing an impromptu folk dance in Tolstoy's *War and Peace* the spirit of Russianness is revealed by Figes as rich and uplifting complex and contradictory a powerful force that unified a vast country and proved more lasting than any Russian ruler or state

Evaluation and Translation Carol Maier, 2014-04-23 The definition of value or quality with respect to work in translation has historically been a particularly vexed issue Today however the growing demand for translations in such fields

as technology and business and the increased scrutiny of translators work by scholars in many disciplines is giving rise to a need for more nuanced more specialized and more explicit methods of determining value Some refer to this determination as evaluation others use the term assessment Either way the question is one of measurement and judgement which are always unavoidably subjective and frequently rest on criteria that are not overtly expressed This means that devising more complex evaluative practices involves not only quantitative techniques but also an exploration of the attitudes preferences or individual values on which criteria are established Intended as an interrogation and a critique that can serve to prompt a more thorough and open consideration of evaluative criteria this special issue of *The Translator* offers examinations of diverse evaluative practices and contains both empirical and hermeneutic work Topics addressed include the evaluation of student translations using more up to date and positive methods such as those employed in corpus studies the translation of non standard language translation into the second language terminology the application of theoretical criteria to practice a social textual perspective and the reviewing of literary translations in the press In addition reviews by a number of literary translators discuss specific translations both into and out of English

Challenging the Bard Gary

Rosenshield,2013-07-08 In this book the author engages with the critical histories of two literary titans illuminating how Dostoevsky reacted to challenged adapted and ultimately transformed the work of his predecessor Pushkin Focusing primarily on Dostoevsky s works through 1866 including *Poor Folk* *The Double* *Mr Prokharchin* *The Gambler* and *Crime and Punishment* the author observes that the younger writer s way to literary greatness was not around Pushkin but through him

Pushkin's "Poltava" Virginia Marie Burns,2005 In *Pushkin s Poltava* Virginia M Burns provides a detailed literary structuralist analysis of Aleksandr Pushkin s narrative poem By examining prior critical approaches to and interpretations of her subject Burns challenges many traditionally accepted views of the poem such as categorical condemnation of the rebellion of the Ukraine against the Russia of Peter the Great In turn and through studies of characterization and narrative and poetic techniques Burns provides a new interpretation of the *Poltava* in which the poem s meaning may be derived primarily from the unique and unifying organization of its structure Book Jacket

How Russia Learned to Write Irina Reyfman,2016-08-23 How the status of Russian writers as members of the nobility and their careers in service to the imperial state shaped the course of Russian literature from Sumarokov and Derzhavin through Pushkin Gogol and Dostoevsky

A Hero of Our Time Mikhail Lermontov,2001-06-28 A masterpiece of Russian prose Lermontov s only novel was influential for many later 19th century authors including Tolstoy Dostoyevsky and Chekhov Lermontov s hero Pechorin is a dangerous man Byronic in his wasted gifts and his cynicism and desperate for any kind of action that will stave

Jealousy Mary Kay O'Neil, Salman Akhtar, 2020-07-24 Jealousy is a human feeling experienced by everyone in varying intensities at different times and phases of growth Frequently confused jealousy and envy are often intertwined Even within the psychoanalytic literature confusion persists and much less has been written about jealousy than envy However unlike envy jealousy involves three entities and affects all people involved It can be painful as other difficult to bear feelings e g shame guilt anger hatred underlie jealousy Yet total absence of jealousy renders a person less human less relational In analytic terms jealousy is a defense against emotional anguish This book begins with an extensive overview of the nature developmental origins and poignant cultural especially poetic allusions to jealousy emphasizing that it is through artistic expression that a true understanding of this frequently deeply disturbing feeling is achieved It closes with a thoughtful summary synthesis and critique of the chapters by 12 distinguished analysts The Slavonic and East European Review, 1924 Includes section Reviews The Slavonic Review, 1927

How Russian Literature Became Great Rolf Hellebust, 2024-01-15 How Russian Literature Became Great explores the cultural and political role of a modern national literature orchestrated in a Slavonic key but resonating far beyond Russia's borders Rolf Hellebust investigates a range of literary tendencies philosophies and theories from antiquity to the present Roman jurisprudence to German Romanticism French Enlightenment to Czech Structuralism Herder to Hobsbawm Samuel Johnson to Sainte Beuve and so on Besides the usual Russian suspects from Pushkin to Chekhov Hellebust includes European writers Byron and Shelley Goethe and Schiller Chateaubriand and Baudelaire Dante Mickiewicz and more As elsewhere writing in Russia advertises itself via a canon of literary monuments constituting an atemporal ideal order among themselves T S Eliot And yet this is a tradition that could only have been born at a specific moment in the golden nineteenth century age of historiography and nation building The Russian example reveals the contradictions between immutability and innovation universality and specificity at the heart of modern conceptions of tradition from Sainte Beuve through Eliot and down to the present day The conditions of its era of formation the prominence of the crucial literary historical question of the writer's social function and the equation of literature with national identity make the Russian classical tradition the epitome of a unified cultural text with a complex narrative in which competing stories of progress and decline unfold through the symbolic biographical encounters of the authors who constitute its members How Russian Literature Became Great thus offers a new paradigm for understanding the paradoxes of modern tradition Mikhail Bulgakov Anthony Colin Wright, 1978
