Your divorce does not have to be a root canal. Divorce Buddy System solves the mystery of why some divorces are smooth and why some are train wrecks. It shows you the correct way to discuss a financial settlement with your soon-to-be ex. The book details exactly what you must do and must not do to get your partner to understand your concerns and agree to a reasonable out-of-court settlement. Scuba divers use what they call the buddy system whenever they make a dive. They swim in pairs and commit to look out for the other's safety as well as their own. Both divers become safer when they join forces and face their situation as a unit. And this is how divorce lawyer and author Richard Kulerski asks you to view the buddy system in divorce. Instead of swimmers, we have two spouses teaming up to minimize the overall rigmarole and cost of their divorce. Both parties benefit when they face their situation as a unit and act to protect it and not just themselves from unnecessary harm and expense. Divorce Buddy System is for well-intended people that are looking for a way to divorce quickly, efficiently and affordably. If both you and your partner read this book, you win. Divorce Buddy System for reasonable people seeking a reasonable divorce. — **Money, Power, Respect** Macaela MacKenzie, 2023-06-27

An inside look at how women athletes are leading the fight for equality on and off the field. Women's sports receive a fraction of the airtime allotted for men's sports, as well as a fraction of the marketing dollars, media coverage and training resources. For every dollar that the NBA's highest paid player brings home, the WNBA's highest paid player earns just half a cent. But while misogyny in sports is particularly visible, it's not unique. Women athletes face the same sexist barriers found in all career fields: the motherhood penalty, transphobia and misogynoir, underpromotion and more. But women in sports are fighting back, debunking myths that women aren't as skilled, competitive or capable of generating revenue as men. Drawing on exclusive interviews with prominent athletes including Allyson Felix, Megan Rapinoe and Billie Jean King, journalist Macaela Mackenzie shows how women are using sports as a platform for change. As women athletes push for the same things all women want in their careers—money, power and respect—their wins are showing the rest of us what's possible in the fight for equality. — 38

Daily we battle with words in which we speak. As a weapon, words can protect us or hinder us. If your tongue shoots out words, then who do you shout at? Moreover, what are your bullet-point statements and where are your bullet-point proofs that you claim as fully loaded truths? If each word that shoots from your mouth is a weapon, then what range do you target and how fast do your words travel? That your tongue is a fire to whom is your trigger audience? Moreover, if the tongue can cut, then what Young Blood have you hindered? On the contrary, who have you given a shot for?
