

# 10 Lessons on How to Get Your Life Back Together

**01**

## **Give Yourself a Momentary Break**

Whatever hardship life has thrown down your path, the first and most important thing to do is take a break.

**02**

## **Overcome the Victim Mentality**

The victim mentality is a sneaky (and often unconscious) strategy that you use to trick yourself out of unpleasant emotions.

**03**

## **Accept that Some Things (or People) Don't Change**

Any major setback, be it a divorce, a medical condition, or the loss of a loved one, will generate significant changes in your reality.

**04**

## **Rewind the Tape. (Learn from Your Setback)**

Contemplate on the possible factors that might have contributed to your setback.

**05**

## **Readjust Your Perspective**

If you want to readjust your perspective – on yourself and your future – you need to start by finding what you've lost.

**06**

## **Remember Your "Why"**

Always remember your "Why" if you want to get your life back together because that's what will inspire you to begin a new journey.

**07**

## **Aim for a New Destination**

When it comes to recovery, it's vital to take your time and process the emotional storm that accompanies adversity, but you should also start looking for new horizons.

**08**

## **Plan Your Journey**

A carefully designed plan can help you reach your objective one step at a time, identify resources, and prevent obstacles.

**09**

## **Take the First Steps**

You've learned all the lessons you could, overcame your doubts, and decided it's time to start something new and exciting.

**10**

## **And Don't Forget to Enjoy the Ride**

Since misfortune and adversity are always a possibility, just give it your best, and don't let self-doubt stop you from enjoying the ride.
