and following gnomes He came to understand that at one level we are the planet and that both we and it have an intimate relationship with our galaxy I found myself living inside the myths of the world as if they were expert scripts for real life inner adventures I never once thought I was crazy Why should I Quite the opposite I believed I was finally getting grounded in something real But it would take me twenty years to make sense of it That sense is embodied in The Emerald Modem The Emerald Modem includes direct correspondences between human chakras and the Earth's energy features and the galactic originalstables listing locations of sacred sites around the planet where you may experience this relationshipexplanations of world myths which provide clues to this unsuspected visionary world around us This is the first book to synthesize all the fragments of geomantic perception sacred sites energy points vertexes etc into a global interactive model that ties human consciousness directly to it Leviton describes 85 subtle features in the planetary landscape places you can go for mystical experiences They are features of the Earth's energy body almost all invisible to conventional sight But psychic cognition can be trained and you can usefully interact with any of these types of sites today without seeing what you're doing Your intent to interact for the benefit of yourself and the planet is all that's required Just as modems dial us into the Internet so the features of the Earth's energy body described in The Emerald Modem help us get online with the galaxy You can learn to visit Grail Castles experience a Mount Olympus or walk through the stars in a landscape zodiac and you can learn enough to become confident that you're not traveling alone

world's myths to open the planetary door to the stars. It's all part of the Earth's unsuspected but staggeringly rich endowment as a designer planet. Our planet was precisely designed and implemented for us and it's equipped with a visionary geography that mirrors features of the galaxy and Heavens. Why are so many of the Earth's mountains said to be holy producing visions and encounters with the gods? They all have canopies of light called domes each transmitting the presence of a galactic star. What is the geomantic origin of the Bermuda Triangle? Two dysfunctional stargates. If working properly they and the Earth's other two million stargates could transport us rapidly to other planets. Is there a way to travel quickly across the planet without using cars, airplanes, boats, or trains? Yes, and it's called a traversable wormhole, and the Earth has thousands of them awaiting our discovery and use. Come join the tour of a planet you've never seen before, our own star-infused Earth.

Ivri Steven J. Gold, 2010. This book addresses the ancient tradition of Hebrew Spirituality that is the foundation for Judaism and other religions and its relevance for today. Universal underlying themes of monotheism, monism, East-West connections, meditation, mysticism, Kabala, Yoga, and Vedanta are explored by the author, editor, and guest contributors covering perspectives from Yoga, Judaism, Sufism, and Mystical Christianity. Specific topics include an overview of Kabala, Ibrahim, and non-dualism in Sufism, Bibliyoga, a system for synthesizing yoga postures with biblical teachings, Victor Frankl and Logotherapy, spiritual activism, and green yoga, and atheism, agnosticism, and Jewish Secular Humanism.

The Imagination of Pentecost Richard Leviton, 1994. Carlo Pietzner speaks out of his own ego-directed inner experiences about several motifs inherent to inner striving: the problem of self in relationship to the world, the disintegration of the three soul forces, the transition from sense perception to spiritual perception, the reality of evil, the condition of loneliness, and more.

Women in the Bible John Baldock, 2018-01-16. There are few women in the Bible that are treated with as much reverence as their more famous male counterparts. This dismal state of affairs mirrors the position of women generally in Western society over the last two thousand years. And yet closer study of the Bible reveals that women were once regarded as equals of men rather than subject to them. John Baldock is at pains to rescue the reputation of women in the Bible, exploring the ancient priestesses, prophets, and heroines who used their courage and spiritual strength to lead the people. Working chronologically through the Old and New Testaments, *Woman in the Bible* includes fascinating stories of true love, incest, adultery, polygamy, exploitation, and abuse by men. This accessible and well-argued book is essential reading for anyone interested in the role of women in religion and society.

The Supplicate Order Patricia M. Brown Ph.D., 2009-04-10. Supplication captures a universal cross-cultural approach to spirituality. Authored by Dr. Patricia Brown, *The Supplicate Order* defines supplication as an expression for the laws and principles that guide a spiritual aspirant toward communion with the sacred mysteries, progressing toward an expanded perception of life and grateful reception of blessings, positive creativity, healing, and wisdom. It shows how humanity bridges the manifest/explicate order and the unmanifest/implicate order. Offering a fresh perspective on supplication, *The Supplicate Order* carries four messages that pertain to spiritual aspirants at any level.

Dont abandon yourself to self loathing or to another persons or groups absolute power over you Start with what you know to do dont be too eager to get exotic or far removed from your resonant spiritual persuasion Never think you know everything Dont give up Brown explains how key universal principles verify the human capacity to bring forth gifts of the spirit while psychological health and development determine invocatory efforts and receptive capacities The Supplicate Order integrates global spiritual wisdom and psychological knowledge with the trends of new science highlighting the human invocation of the sacred Patterns of Creation Stephen Pope,2012-06-29 This book is a radical exploration of the mystical teachings in the Gospel of John It helps the reader to experience these spiritual truths for themselves and go beyond the everyday mind which is dominated by the ego and realize their eternal Being which Johns Gospel calls Logos By approaching the teachings in a meditative state the symbolism contained within the Greek text opens out and comes alive in the present moment The Gospel is not a historical document it speaks directly to each person now and the states of consciousness represented in the stories are accessible now The book contains guided meditations to help bring this to life for the reader This awakening concerns our relationship with the whole of life Spiritual consciousness means that we are aware of the sacredness of our connections to each other as fellow human beings and to the creatures of the natural world Christ and the Logos contain both masculine and feminine in balance at this critical time our well being and that of our fellow creatures is dependent on this realization

The Magician's Dictionary Edward Rehmus,2012-03-14 Unlike most occult teaches E E Rehmus doesn t mince words He defines them His Magician s Dictionary picks up where all other occult reference works leave off at the dawn of the apocalypse **Words with Power** Northrop Frye,2008-01-01 Words with Power is the crowning achievement of the latter half of Northrop Frye s career Portions of the work can be found in Frye s notebooks as far back as the mid 1960s when he had just finished Anatomy of Criticism and he completed the book shortly before his death in 1991 Beyond summing up his ideas about the relation of the Bible to Western culture Words with Power boldly confronts a host of questions ranging from the relationship between literature and ideology to the real meaning of words like spirit and faith The first half of the double mirror structure looks at the language in which the Bible is written arguing that it is identical to that of myth and metaphor Frye suggests therefore that given this characteristic the Bible should be read imaginatively rather than historically or doctrinally However he is also careful to point out the ways in which the Bible is more than a conventional work of fiction The second half is an astonishing tour de force in which Frye demonstrates how both the Bible and literature revolve around four primary concerns of human life This edition goes beyond the original in its documentation of Frye s dazzlingly encyclopedic range of reference Profound and searching Words with Power is perhaps the most daring book of Frye s career and one of the most exciting
