Abramelin Lunar Ordeal Frater Barrabbas, 2025-02-04 Abramelin Lunar Ordeal merges the traditional Abramelin Sacred Magic with the singular Bornless One invocation to produce an ordeal that can be accomplished in seven weeks instead of six or eighteen months This unique and advanced magical grimoire offers personal transformation for the adherent A New Method for a Timeless Ordeal MacGregor Mathers published a book that introduced the magical ordeal to the magicians of the 20th century That book was called The Book of Abramelin and contained an arduous preparation practice that lasted six months to manifest the Holy Guardian Angel which instructed and guided the adherent The book contained many magical squares of notorious potency To use them the magician had to undergo many months of prayer meditation fasting purification abasement and a period of complete sequestration Another version of this working recently published had the working last for eighteen months with three months of sequestration Many magicians attempted this

arduous task some succeeded and some failed This working was typically beyond the means and resources of your average magician This was the challenge to achieve the knowledge and conversation with their Holy Guardian Angel However Frater Barrabbas took this challenge and used it to forge a whole new magical ordeal He decided to base it on a lunar cycle instead of a solar cycle crafting an ordeal that could be accomplished in seven weeks with three days of sequestration thus making its performance more practical Frater Barrabbas sought to create a powerful series of magical workings to produce the promised transfiguration state and manifest one's Holy Guardian Angel He used invocations of the four Seraphim and Cherubim in four weeks along with the Element Godhead to produce a holy tabernacle of godhead and angelic intelligence He chose a revised version of the Bornless or Headless One invocation rite of Golden Dawn fame as the apex He plumbed the Greek Magical Papyri to extract three more rituals to add to the Bornless rite These rituals and more he has written into a book including the diary entries where he performed this working back in 2009 to validate it This lore and instruction are encapsulated in Abramelin Lunar Ordeal a unique and profound contribution to the art of ritual magic The Sacred Magic of Abramelin is now available using a new concise paradigm

Sacred Magic Of Abramelin The Mage S. L. MacGregor Mathers,2021-06-24 The particular scheme or system of Magic advocated in the present work is to an extent sui generis but to an extent only It is rather the manner of its application which makes it unique In Magic that is to say the Science of the Control of the Secret Forces of Nature there have always been two great schools the one great in Good the other in Evil the former the Magic of Light the latter that of Darkness the former usually depending on the knowledge and invocation of the Angelic natures the latter on the method of evocation of the Demonic races Usually the former is termed White Magic as opposed to the latter or Black Magic The invocation of Angelic Forces then is an idea common in works of Magic as also are the Ceremonies of Pact with and submission to the Evil Spirits The system however taught in the present work is based on the following conception That the Good Spirits and Angelic Powers of Light are superior in Power to the Fallen Spirits of Darkness That these latter as a punishment have been condemned to the service of the Initiates of the Magic of Light This Idea is to be found also in the K r an or as it is frequently and perhaps more correctly written Q r an As a consequence of this doctrine all ordinary material effects and phenomena are produced by the labour of the Evil Spirits under the command usually of the Good That consequently whenever the Evil Demons can escape from the control of the Good there is no evil that they will not work by way of vengeance That therefore sooner than obey man they will try to make him their servant by inducing him to conclude Pacts and Agreements with them That to further this project they will use every means that offers to obsess him That in order to become an Adept therefore and dominate them the greatest possible firmness of will purity of soul and intent and power of self control is necessary That this is only to be attained by self abnegation on every plane That man therefore is the middle nature and natural controller of the middle nature between the Angels and the Demons and that therefore to each man is attached naturally both a Guardian Angel and a Malevolent Demon and also certain Spirits that may become Familiars so that with him it rests to give the victory unto the which he will That therefore in order to control and make service of the Lower and Evil the knowledge of the Higher and Good is requisite *Modern Occult Rhetoric* Joshua Gunn,2011-01-28 A broadly interdisciplinary study of the pervasive secrecy in America cultural political and religious discourse The occult has traditionally been understood as the study of secrets of the practice of mysticism or magic This book broadens our understanding of the occult by treating it as a rhetorical phenomenon tied to language and symbols and more central to American culture than is commonly assumed Joshua Gunn approaches the occult as an idiom examining the ways in which acts of textual criticism and interpretation are occultic in nature as evident in practices as diverse as academic scholarship Freemasonry and television production Gunn probes for instance the ways in which jargon employed by various social and professional groups creates barriers and fosters secrecy From the theory wars of cultural studies to the Satanic Panic that swept the national mass media in the late 1980s and early 1990s Gunn shows how the paradox of a hidden buried or secret meaning that cannot be expressed in language appears time

and time again in Western culture These recurrent patterns Gunn argues arise from a generalized popular anxiety about language and its limitations Ultimately Modern Occult Rhetoric demonstrates the indissoluble relationship between language secrecy and publicity and the centrality of suspicion in our daily lives *The Classic Collection of Aleister Crowley*.
