## **Qadi And The Fortune Teller:**

*The Qadi and the Fortune Teller* Nabil A. Saleh,1996    [The Anglo-Arab Encounter](#) Geoffrey Nash,2007 This concise study argues there is a qualitative difference between Arabic literature Arabic literature translated into English and a literature conceived and executed in English by writers of an Arab background It examines the corpus of a group of contemporary Arab writers who incorporate Arab subjects and themes into the English language    **The Making of a Syrian Identity** Fruma Zachs,2005-05-01 Exploring the origins and development of the Syrian identity during the 18th and 19th centuries through the role of Christian Arab intellectuals and merchants Ottomans and American missionaries this volume examines its background stages of evolution and components It shows that the contribution of these Christian Arabs despite their relatively small number lies in the processes they set in motion being the first to promote territorial concepts along with a secular interpretation of Arab culture This Syrian identity constitutes an innovative case study in the broader discipline of proto national identity and the study of the development of local identities in Middle Eastern countries It is also a vital basis for research of 20th century Syrian nationalism    *Seeing Arabs Through an American School* Robert F. Ober Jr.,2003-09-12 The author encountered the Arab worlds full complexity while heading the largest American independent school abroad International College Beirut Lebanon The College serves 3500 Arab students preschool through high school Its nonsectarian program accommodates Muslim Druze and Christian families The author worked to strengthen the schools American attributes in an atmosphere beclouded by Israeli air attacks Hezbollahs resistance Syrias occupation and allegations of CIA involvement Indigenous ways of management that had become entrenched during wartime as well as board governance from afar added complications Despite everything the school is a model that deserves replication elsewhere in the Middle East especially after September 11 A reviewer in Connecticut observes As our national attention focuses more and more closely on that deeply troubled region Mr Obers experiences as president of a large private school take on increased relevance Collectively his descriptions develop a complete picture of an ancient and proud culture that is only glimpsed in other parts of the world amid dramatic news copy and images of violence Litchfield County Times November 21 2003    *Ottoman Tulips, Ottoman Coffee* Dana Sajdi,2014-06-09 Tulips and coffee are defining cultural products of the Ottoman eighteenth century along with their related institutions of palace and coffeehouse These cultural products hold multiple meanings in the history and historiography of the period For example scholars argue that the janissary coffee house was used variously for such diverse means as headquarters for rebellion a Sufi lodge police station and racketeering office Ottoman Tulips Ottoman Coffee offers a critical exploration of a range of definitive cultural phenomena of the Ottoman 18th century including the coffee house print culture imperial architecture royal pageantry and festivals Chapters explore previously untouched subjects such as the changing forms of imperial ritual in Ottoman public circumcision celebrations as well as unravelling the historiography of the so called Tulip Period This has traditionally been characterised by the

construction and eventual destruction of the famed palace of Saadabad and the reputedly failed project of the first Ottoman printing press The book reassesses these failures as reflective of the general ill preparedness of the Ottoman public for enlightened reform Most importantly this book rejects the prevailing view that the 18th century was in political and cultural decline and argues in fact it was a period of cultural dynamism and change Ottoman Tulips breaks free of the twin teleologies of Ottoman decline and Western induced change reassessing the impact of Westernization and modernization in the 18th century and revealing comparisons and interactions between the Ottoman court and its Safavid counterpart

**Speaking in God's Name** Khaled Abou El Fadl,2014-10-01 Drawing on both religious and secular sources this challenging book argues that divinely ordained law is frequently misinterpreted by Muslim authorities at the expense of certain groups including women Khaled Abou El Fadl cites a series of injustices in Islamic society and ultimately proposes a return to the original ethics at the heart of the Muslim legal system
