The Second Pearl Harbor Gene Eric Salecker, 2014-08-20 The Second Pearl Harbor is the first book to tell the full story of what happened on that fateful day Military historian Gene Salecker recounts the events and conditions leading up to the explosion then re creates the drama directly after men swimming through flaming oil small craft desperately trying to rescue the injured and subsequent explosions throwing flaming debris everywhere

Saipan James H. Hallas, 2019-05-01 The story of the Battle of Saipan has it all Marines at war on Pacific beaches in hellish volcanic landscapes in places like Purple Heart Ridge Death Valley and Hell s Pocket under a commander known as Howlin Mad Naval combat carriers battling carriers from afar fighters downing Japanese aircraft submarines sinking carriers Marine army rivalry Fanatical Japanese defense and resistance A turning point of the Pacific War James Hallas reconstructs the full panorama of Saipan in a way that no recent chronicler of the battle has done In its comprehensiveness attention to detail scope of research and ultimate focus on the men who fought and won the battle on the beaches and at and above the sea it rivals Richard Frank s modern classic Guadalcanal This is the definitive military history of the Battle of Saipan

Pain and Purpose in the Pacific Richard Carl Bright, 2014-01-24 What follows here just a brief insight into Pain and Purpose in the Pacific This book did not begin with the idea of a chronology of the battles of the Pacific War although an overview is included But instead it was intended to be a brief account of the battles on Saipan Tinian and Okinawa as I retrace the travels of one Marine from the farmland of Minnesota to Japan and back Carl J Johnson spent 30 months in the Pacific Four of those months were in bitter combat on the islands of Saipan Tinian and Okinawa He is my uncle I have been blessed to travel also Belau which is Palau and includes Peleliu Included too in this book are Iwo Jima Corregidor and the Philippines In my travels beyond Hawaii and Pearl Harbor which was my introduction into the Pacific were Yap and Truk which is Chuuk and Pohnpei in the Carolines And Ive spent time in Japan During my time in the Pacific I have been presented with the opportunity to speak with several of the veterans of the Pacific War Doing so has in some cases allowed me in some small way to understand a sense of the hell they had to suffer through Included in this report are a few of their stories as well as stories from some of the people of the islands who in one way or another were involved in the conflict It is with a depth of gratitude that I acknowledge the Military Historical Tours of Alexandria Virginia for allowing me to be a part of their tours to the islands of Iwo Jima and Okinawa as well as Guam Tinian and Saipan I appreciate this organization dedicated to preserving the memories of the war and to the honoring of the military personnel who were there at the time While living on either Guam or Saipan I also was able to visit on my own most of the islands mentioned on this page But it was the Military Historical Tours and its President USMC Colonel Warren Wiedhahn mht miltours com that made it possible for me to visit Iwo Jima They allowed me to join them once a year for 4 consecutive years I have since returned a 5th time in March of 2010 It was through this great organization that over a 7 year period while living on both Guam and Saipan in the Marianas Islands I was able to meet most of the WWII veterans

mentioned here and these aging veterans of the War in the Pacific whom I have met have touched my heart In addition to my uncle this book is for them too Creating Readers Pamela Byrne Schiller,2001 Learn the basic building blocks of reading with Creating Readers the comprehensive resource that develops a strong foundation for pre readers Creating Readers gives teachers and parents the tools to teach pre reading skills with over 1000 activities games fingerplays songs tongue twisters poems and stories for the letters of the alphabet This invaluable resource develops the child s desire to read as well as the skills needed to begin reading Creating Readers starts children ages 3 to 8 towards a future of books and reading Dr Pam Schiller shares her extensive knowledge in workshops radio and television interviews and as a popular keynote speaker and author Her best selling titles include The Complete Resource Book The Values Book Count on Math and Start Smart
