Quake Hawkes Bay 1931:

Quake Matthew Wright, 2006 *The Great Quake* Robert McGregor, 1989 *Hawkes Bay Earthquake*, 1931 Collection of news bulletins about the 1931 Hawkes Bay earthquake **Disaster Resilience** Douglas Paton, David Johnston, 2017-06-12

Events such as the 2004 Indian Ocean Tsunami Hurricane Katrina in 2005 and the Japanese earthquakes and tsunamis in 2011 have provided unfortunate reminders of the susceptibility of many communities to devastating losses from natural hazards. These events provided graphic illustrations of how extreme hazard events adversely impact on people, affect communities and disrupt the community and societal mechanisms that serve to organize and sustain community capacities and functions. However, there is much that communities can do to mitigate their risk and manage disaster consequences. The construct that epitomizes how this is done is resilience. The contents of this volume provide valuable insights into how societal resilience can be developed and sustained. This considerably expanded new edition presents major topics of Coexisting with Natural Hazards, Urban Resilience in Asia, Lifelines and Urban Resilience, Business Continuity in Disaster, Hazard Mitigation in Communities, Hazard Readiness and Resilience, Child Citizenship in Disaster, Risk, Old Age and Resilience, Gender and Disaster, Resilience Impact of High Functionality on Resilience, Art and Resilience, Cross Cultural Perspectives and Coping with Hazards, Religious Practices and Resilience, Living in Harmony with our Environment, Critical Incidence, Response Governance, Heat Wave Resilience, Wildfire Disaster, Resilience and Progress and Challenges to Disaster Risk Reduction and Resilience. This exceptional book brings together contributions from international experts in core areas and includes chapters that provide an overarching framework within which the need for interrelationships between levels to be developed is discussed. The book will be an outstanding resource for those researching or teaching courses in emergency management, disaster management, community development, environmental planning and urban development. In addition, it will serve law enforcement and emergency agencies, welfare agencies and professionals in applied psychology.

A History of New Zealand in 100 Objects Jock Phillips, 2022-10-18. Authored by award-winning historian Jock Phillips. The History of New Zealand in 100 Objects is gripping, inclusive, often revelatory and deeply human. A colourful and characterful retelling of our shared past relevant to today, particular to all of us. The sewing kete of an unknown 18th century Maori woman, the Endeavour cannons that fired on Waka in 1769, the bagpipes of an Irish publican Paddy Galvin, the school uniform of Harold Pond, a Napier Tech pupil in the Hawke's Bay quake, the Biko shields that tried to protect protestors during the Springbok tour in 1981, Winston Reynolds' remarkable home-made Hokitika television set, the oldest working TV in the country, the soccer ball that was a tribute to Tariq Omar, a victim of the Christchurch Mosque shootings, and so many more. These are items of quiet significance and great personal meaning, taonga carrying stories that together represent a dramatic full of life history for everyday New Zealanders.
