## Quality Care For Tough Kids:

**Quality Care for Tough Kids** James A. Walsh, Roberta A. Walsh, 1990 Based on three comprehensive studies of underachieving children in The Casey Family Program this important work uncovers those factors that influence stable foster placements through the extensive use of correlational methods including personal and demographic characteristics child s responses to threat family history serious risk factors placement history and present situation foster family characteristics placement breakdown factors and caseworker s orientation

Take Me Home Jill Duerr Berrick, 2008-08-27 There is a profound crisis in the United States foster care system Jill Duerr Berrick writes in this expertly researched passionately written book No state has passed the federally mandated Child and Family Service Review two thirds of the state systems have faced class action lawsuits demanding change and most tellingly well over half of all children who enter foster care never go home The field of child welfare has lost its way and is neglecting its fundamental responsibility to the most vulnerable children and families in America The family stories Berrick weaves throughout the chapters provide a vivid backdrop for her statistics Amanda raised in foster care began having children of her own while still a teen and lost them to the system when she became addicted to drugs Tracy brought up by her schizophrenic single mother gave birth to the first of eight children at age fourteen and saw them all shuffled through foster care as she dealt drugs and went to prison Both they and the other individuals that Berrick features spent years without adequate support from social workers or the government before finally achieving a healthier life many people never do But despite the clear crisis in child welfare most calls for reform have focused on unproven prevention methods not on improving the situation for those already caught in the system Berrick argues that real child welfare reform will only occur when the centerpiece of child welfare reunification permanency and foster care is reaffirmed Take Me Home reminds us that children need long term caregivers who can help them develop and thrive When troubled parents can t change enough to permit reunification alternative permanency options must be pursued And no reform will matter for the hundreds of thousands of children entering foster care each year in America unless their experience of out of home care is considerably better than the one many now experience Take Me Home offers prescriptions for policy change and strategies for parents social workers and judges struggling with permanency decisions Readers will come away reinvigorated in their thinking about how to get children to the homes they need

*What Works in Foster Care?* Peter J. Pecora, Ronald C. Kessler, Jason Williams, A. Chris Downs, Diana J. English, James White, Kirk O'Brien, 2009-09-02 On any given day nearly half a million children are served by foster care services in the U S at an annual cost of over 25 billion Growing demand and shrinking funds have so greatly stressed the child welfare system that calls for orphanages have re entered the public debate for the first time in nearly half a century New ideas are desperately needed to transform a system in crisis guarantee better outcomes for children in foster care and reduce the need for out of home care in the first place Yet little is known about what works in foster care Very few studies have examined how alumni have fared

as adults or tracked long term health effects and even fewer have directly compared different foster care services In one of the most comprehensive studies of adults formerly in foster care ever conducted the Northwest Foster Care Alumni Study found that quality foster care services for children pay big dividends when they grow into adults Key investments in highly trained staff low caseloads and robust supplementary services can dramatically reduce the rates of mental disorders and substance abuse later in life and increase the likelihood of completing education beyond high school and remaining employed The results of this unparalleled study document not only the more favorable outcomes for youth who receive better services but the overall return when an investment is made in high quality foster care every dollar invested in a child generates 1 50 in benefits to society These findings form the core of this book's blueprint for reform By keeping more children with their families and investing additional funds in enhanced foster care services child welfare agencies have the opportunity to greatly improve the health well being and economic prospects for foster care alumni What Works in Foster Care presents a model foster care program that promises to revolutionize the way policymakers administrators case workers and researchers think about protecting our most vulnerable youth

Handbook of Positive Behavior Support Wayne Sailor, Glen Dunlap, George Sugai, Rob Horner, 2008-12-02 A revolution in working with difficult students began during the 1980s with a dramatic shift away from dependence on simply punishing bad behavior to reinforcing desired positive behaviors of children in the classroom With its foundation in applied behavior analysis ABA positive behavior support PBS is a social ecology approach that continues to play an increasingly integral role in public education as well as mental health and social services nationwide The Handbook of Positive Behavior Support gathers into one concise volume the many elements of this burgeoning field and organizes them into a powerful dynamic knowledge base theory research and applications Within its chapters leading experts including the primary developers and researchers of PBS 1 Review the origins history and ethical foundations of positive behavior support 2 Report on applications of PBS in early childhood and family contexts from Head Start to foster care to mental health settings to autism treatment programs 3 Examine school based PBS used to benefit all students regardless of ability or conduct 4 Relate schoolwide PBS to wraparound mental health services and the RTI response to intervention movement 5 Provide data and discussion on a variety of topics salient to PBS including parenting issues personnel training high school use poorly functioning schools and more This volume is an essential resource for school based practitioners as well as clinicians and researchers in clinical child school and educational psychology

**Developing, Delivering, and Sustaining School Counseling Practices Through a Culturally Affirming Lens** Brant-Rajahn, Sarah N., Gibson, Eva M., Cook Sandifer, Mariama, 2022-05-06 Systemic oppression continues to disenfranchise students at the intersections of race ethnicity gender identity sexual orientation immigrant status religion ableism and economic status Because of this school counselors are called to function as advocates and change agents but often find themselves underprepared to address these oppressive

systems in schools It is vital that school counselors are provided resources that enable them to increase their preparedness and allow them to address oppressive practices within schools as well as work with diverse populations using culturally affirming and antiracist practices *Developing Delivering and Sustaining School Counseling Practices Through a Culturally Affirming Lens* informs culturally affirming and antiracist professional practice and advocacy work by school counselors It serves as a learning tool that better prepares school counselors to address the needs of marginalized students and work as effective change agents to disrupt systemic oppression in school settings Covering topics such as professional identity racial trauma and social justice this book serves as a dynamic resource for school counselor educators school counselors in training school counselors directors supervisors district leaders and administration researchers and academicians as they implement antiracist social justice and culturally affirming practices in school settings and academia *Children in State Care* June Thoburn, 2017-03-02 This volume brings together a selection of the most influential and informative English language refereed journal articles on children in out of home care their birth relatives and carers The articles which include empirical research and critiques of policy and practice are mainly from the UK and USA but include some coverage of child placement policy and practice in Australia and mainland Europe The volume starts with a joint introductory chapter by the two distinguished authors one American one British reviewing the state of knowledge on children in care and drawing attention to other important sources not included as chapters *Act For Better Child Care Services of 1987* United States. Congress. Senate. Committee on Labor and Human Resources. Subcommittee on Children, Family, Drugs and Alcoholism, 1988

*Resources in Education*, 2001-04 *The Children's Health Insurance Program* David G. Smith, 2017-09-08 The Children's Health Insurance Program was crafted in a period of intense partisan and ideological controversy over health care entitlements to provide creditable coverage for American children below 200 percent of the Federal Poverty Level This objective was widely supported though achieved only by a compromise between the structural alternatives of a block grant similar to the Maternal and Child Health Block Grant or an entitlement resembling Medicaid According to David G Smith the CHIP compromise has been a successful experiment that far exceeded expectations both in identifying and enrolling targeted low income children and in earning political capital He argues that beyond this core mission the reauthorization of CHIPRA Children's Health Insurance Program Reauthorization Act of 2009 invites a larger mission going beyond enrollment of children to include assuring access improving quality and containing costs of health care for them Extending this thrust the author notes that CHIP could be used to establish children's health as a niche much like care for the elderly within the larger scheme of health care insurance for all Several areas of successful performance needed for the program to be adjudged a success as well as its limitations are discussed in the book These areas include initial implementation enrolling kids federal state relations and the uses and misuses of waivers to modify the program A description of changes made by the CHIPRA reauthorization and the new Patient Protection Affordable Care Act PPACA is also included This is followed by a

consideration of lessons learned from CHIP's evolution and recommendations for future development. In short, this is a valuable and readable account for those interested in the current and future trends of health care for the young.

**Children in Family Contexts** Lee Combrinck-Graham, 2013-12-17. Now in a fully revised and updated second edition, this text and professional resource provides a practical guide to family-based therapy for childhood emotional and behavioral problems. Presented are innovative assessment and treatment strategies that take into account children's developmental needs, different family forms, health and environmental challenges, and relationships with larger systems. Reflecting 15 years of clinical advances and the changing contexts of family life, the second edition features many new chapters and new authors. New topics include gene-environment interactions, integrating family therapy with child pharmacotherapy, working with foster families, and treating disrupted attachments. *Departments of Labor, Health and Human Services, Education, and Related Agencies Appropriations for 2013: Outside witness testimony* United States. Amen, MD, Charles Fay, PhD, 2024-03-26. Instant national bestseller. Parenting is about to get easier and a whole lot more effective. In a time when so many children and young adults seem to be struggling, parents are looking for help in bringing up mentally healthy kids who are equipped to thrive. Finally, evidence-based help is now available for overwhelmed parents who are trying their best but feel like they're falling short. 1 New York Times bestselling author and neuropsychiatrist Dr. Daniel Amen and child psychologist Dr. Charles Fay have teamed up to reveal what's missing from most parenting books. It's the fact that you need to address both the brain and the mind of your child and yourself in order to effectively raise good and strong humans. In this groundbreaking book, where neuroscience meets love and logic, parents are given practical tools to help children of all ages go from behavioral problems like defiance, meltdowns, and power struggles to being responsible, confident, kind, and resilient. Better prepared to make good decisions. More focused and motivated. Better able to have healthy relationships and more. Let Dr. Amen and Dr. Fay help you learn how to be the parent you've always dreamed you could be and raise great kids who are on their way to reaching their full potential, including their best possible mental health. *Tough Kids, Cool Counseling* John Sommers-Flanagan, Rita Sommers-Flanagan, 2014-12-08. *Tough Kids, Cool Counseling* offers creative techniques for overcoming resistance, fostering constructive therapy relationships, and generating opportunities for client change and growth. This edition includes a new chapter on resistance busters and updated and fresh ideas for establishing rapport, carrying out informal assessments, improving negative moods, modifying maladaptive behaviors, and educating parents. Suicide, assessment, medication, referrals, and therapy termination are also discussed. John and Rita Sommers-Flanagan clearly enjoy working with kids, no matter how tough, and their infectious spirit and proven techniques
