Quality Is The Key Stories From Huntington Woods School:

Quality Is the Key Sally A. Ludwig, Kaye W. Mentley, 1997 **Activating the Desire to Learn** Bob Sullo, 2007-01-15 The research is indisputable Students are less disruptive and do better academically in schools that cultivate the internal motivation of students In *Activating the Desire to Learn* veteran educator Bob Sullo shows how to apply lessons from the research on motivation in the classroom According to the author we are all driven to fulfill five essential needs to connect to be competent to make choices to have fun and to be safe Studies show that when these needs are met in schools good behavior and high achievement tend naturally to ensue Written as a series of candid dialogues between the author and K 12 students teachers counselors and administrators *Activating the Desire to Learn* covers everything you need to know to change the dynamics of learning in your classroom or school A comprehensive overview of the research on internal motivation Case studies of strategies for activating internal motivation at the elementary middle and high school levels Suggestions on how to assess degrees of student motivation and *Motivating students is not the issue the hunger to learn is ever present* Yet schools continue to insist on the traditional reward punishment model to the detriment of student achievement Clearly it s time for change This engaging and thought provoking book will help you create a culture of achievement by building on the inherent drive to succeed that students bring to the classroom every day *Preventing Early Learning Failure* Bob Sornson, 2001-05-15 Each year thousands of young children come to school without good early learning experiences and are unprepared for school learning activities Others have experienced physical or emotional setbacks that make learning difficult and frustrating In *Preventing Early Learning Failure* expert educators describe practices that can help children find success in school Topics include a look at what s important in reading and math the nature of true learning disabilities and problem solving using the Instructional Support Team model with a report on an elementary school that has adopted that model and changed the lives of many at risk learners Other chapters report on basic sensory skill development at the kindergarten level and reflect on the concepts and practices that make a difference in the lives of young learners The authors examine four programs including the widely heralded Success for All program that show promise in helping children get ready for early learning success The authors also describe effective preschool programs and principles and they look at how an awareness of multiple intelligences and individual learning needs can be useful Three of the chapters include stories that illustrate some ways to prevent failure One story describes a classroom teacher who learned to think differently about student behavior another describes innovative ways a school dealt with three problem children and the third tells about the productive relationship of a young boy his mother and his teacher We cannot afford to let children in the early years of school fall into a pattern of failure that will affect them their families and their communities throughout a lifetime *Preventing Early Learning Failure* offers practical approaches to help develop every child s capacity for learning and ensure that no child will be left behind Note This product listing is for the Adobe Acrobat PDF version of the book

Relationship-Driven Classroom Management John M. Vitto, 2003-03-14 Positive teacher student relationships are an important factor in increasing student achievement and motivation as well as decreasing a student's risk of dropping out substance abuse bullying and violence Learn how to proactively and positively manage your classroom and students and build on their inherent strengths and talents Relationship Driven Classroom Management is the only book to combine resiliency classroom management and discipline into one user friendly format suitable for all teachers The chapter material covers both preventive strategies and reactive strategies including Attributes of relationship driven teachers Strengthening relationships with students Teaching and modeling social emotional skills Cultivating student responsibility Creating and implementing effective consequences Building relationships with difficult and resistant students

Choice Theory William Glasser, M.D., 2010-11-16 Dr William Glasser offers a new psychology that if practiced could reverse our widespread inability to get along with one another an inability that is the source of almost all unhappiness For progress in human relationships he explains that we must give up the punishing relationship destroying external control psychology For example if you are in an unhappy relationship right now he proposes that one or both of you could be using external control psychology on the other He goes further And suggests that misery is always related to a current unsatisfying relationship Contrary to what you may believe your troubles are always now never in the past No one can change what happened yesterday
