Quare Joyce Joseph Valente, 1998 The first sustained analysis of the place of homoeroticism in Joyce's cultural politics

Suspicious Readings of Joyce's "Dubliners" Margot Norris, 2010-11-24 Because the stories in James Joyce's Dubliners seem to function as models of fiction they are able to stand in for fiction in general in their ability to make the operation of texts explicit and visible Joyce's stories do this by provoking skepticism in the face of their storytelling Their narrative unreliabilities produced by strange gaps omitted scenes and misleading narrative prompts arouse suspicion and oblige the reader to distrust how and why the story is told As a result one is prompted to look into what is concealed omitted or left unspoken a quest that often produces interpretations in conflict with what the narrative surface suggests about characters and events Margot Norris's strategy in her analysis of the stories in Dubliners is to refuse to take the narrative voice for granted and to assume that every authorial decision to include or exclude or to represent in a particular way may be read as motivated Suspicious Readings of Joyce's Dubliners examines the text for counterindications and draws on the social context of the writing in order to offer readings from diverse theoretical perspectives Suspicious Readings of Joyce's Dubliners devotes a chapter to each of the fifteen stories in Dubliners and shows how each confronts the reader with an interpretive challenge and an intellectual adventure Its readings of An Encounter Two Gallants A Painful Case A Mother The Boarding House and Grace reconceive the stories in wholly novel ways ways that reveal Joyce's writing to be even more brilliant more exciting and more seriously attuned to moral and political issues than we had thought

Joyce's Love Stories Christopher DeVault, 2013 In his comprehensive study of love in James Joyce's writings DeVault shows that Joyce frequently ties his characters' personal and political pursuits to their ability to affirm both their loved ones and their fellow Dubliners For Joyce love for others need not compromise one's personal desires but rather offers the possibility of a broader social compassion that creates a more progressive body politic

Joyce's Allmaziful Plurabilities Kimberly J. Devlin, Christine Smedley, 2018-07-02 A brilliantly collaged snapshot of the variety and wealth of literary criticism and Joyce studies today Tony Thwaites author of *Joycean Temporalities* Celebrates the multiplicity and sheer rampant excess of Joyce's prodigally polysemous text with seventeen different scholars employing a likewise prodigal range of critical methodologies Patrick O'Neill author of *Impossible Joyce* Finnegans Wakes Each of the scholars involved is at the top of his and her game Their commitment and excitement about the task at hand is evident on virtually every page This book makes the Wake relevant and accessible to a whole new generation of readers Garry Leonard author of *Advertising and Commodity Culture in Joyce* This is the first Finnegans Wake guide to focus exclusively on the multiple meanings and voices in Joyce's notoriously intricate

diction Rather than leveling the text it illuminates many layers of puns wordplay and portmanteaus celebrating the Wake's central experimental technique Renowned Joyce scholars explore the polyvocality of individual chapters using game theory ecocriticism psychoanalysis historicism myth philosophy genetic studies feminism and other critical frameworks They set in motion cross currents and radiating structures of meaning that permeate the entire text and open up satisfying readings of the Wake for novices and seasoned readers alike A volume in the Florida James Joyce Series edited by Sebastian D G Knowles

Re-Covering Modernism David M Earle,2016-03-03 In the first half of the twentieth century modernist works appeared not only in obscure little magazines and books published by tiny exclusive presses but also in literary reprint magazines of the 1920s tawdry pulp magazines of the 1930s and lurid paperbacks of the 1940s In his nuanced exploration of the publishing and marketing of modernist works David M Earle questions how and why modernist literature came to be viewed as the exclusive purview of a cultural elite given its availability in such popular forums As he examines sensational and popular manifestations of modernism as well as their reception by critics and readers Earle provides a methodology for reconciling formerly separate or contradictory materialist cultural visual and modernist approaches to avant garde literature Central to Earle's innovative approach is his consideration of the physical aspects of the books and magazines covers dust wrappers illustrations cost which become texts in their own right Richly illustrated and accessibly written Earle's study shows that modernism emerged in a publishing ecosystem that was both richer and more complex than has been previously documented

myriad ways Irish Studies has responded to the economic precarity in the Republic renewed instability in the North the complex European politics of Brexit global climate and pandemic crises and the intense social change in Ireland catalyzed by all of these Just as Irish society has had to dramatically reconceive its economic and global identity after the crash Irish Studies has had to shift its theoretical modes and its objects of analysis in order to keep pace with these changes and upheavals This book captures the dynamic ways the discipline has evolved since 2008 exploring how the age of austerity and renewal has transformed both Ireland and scholarly approaches to understanding Ireland It will appeal to students and scholars of Irish studies sociology cultural studies history literature economics and political science Chapter 3 5 and 15 of this book is available for free in PDF format as Open Access from the individual product page at www.routledge.com It has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

The Irish Revival Joseph Valente, Marjorie Howes, 2023-06-15 The Irish Revival has inspired a richly diverse and illuminating body of scholarship that has enlarged our understanding of the movement and its influence The general tenor of recent scholarly work has involved an emphasis on inclusion and addition exploring previously neglected texts authors regional variations and international connections Such work while often excellent tends to see various revivalist figures and projects as part of a unified endeavor such as political resistance or self help In contrast *The Irish Revival A Complex Vision* seeks to reimagine the field by interpreting the Revival through the concept of complexity a theory recently developed in the information and biological sciences Taken as a whole these essays show that the Revival's various components operated as parts of a network but without any overarching aim or authority In retrospect the Revival's elements can be seen as having come together under the heading of a single objective for example decolonization broadly construed But this volume highlights how revivalist thinkers differed significantly on what such an aspiration might mean or lead to ethnic authenticity political autonomy or greater collective prosperity and well being Contributors examine how relationships among the Revival's individual parts involved conflict and cooperation difference and similarity continuity and disruption It is this combination of convergence without unifying purpose and divergence within a broad but flexible coherence that Valente and Howes capture by reinterpreting the Revival through complexity theory

Unseasonable Youth Jed Esty, 2011-11-04 *Unseasonable Youth* examines a range of modernist era fictions that cast doubt on the ideology of progress through the figure of stunted or endless adolescence Novels of youth by Oscar Wilde Olive Schreiner Rudyard Kipling Joseph Conrad H G Wells James Joyce Virginia Woolf Jean Rhys and Elizabeth Bowen disrupt the inherited conventions of the bildungsroman in order to criticize bourgeois values and to reinvent the biographical plot but also to explore the contradictions inherent in mainstream developmental discourses of self nation and empire The intertwined tropes of frozen youth and uneven development as motifs of failed progress play a crucial role in the emergence of dilatory modernist style and in the reimagination of colonial space at the fin de siècle The genre bending logic of uneven development never wholly absent from the coming of age novel takes on a new and more intense form in modernism as it fixes its broken allegory to the problem of colonial development In novels of unseasonable youth the nineteenth century idea of world progress comes up against stubborn signs of underdevelopment and uneven development just at the same moment that post Darwinian racial sciences and quasi Freudian sexological discourses lend greater influence to the idea that certain forms of human difference cannot be mitigated by civilizing or developmental forces In this historical context the temporal meaning and social vocation of the bildungsroman undergo a comprehensive shift as the history of the novel indexes the gradual displacement of historical progressive thinking by anthropological structural thinking in the Age of Empire

Unseasonable Youth Joshua Esty, 2012 The bildungsroman with its elegant arc charting a protagonist's progression from childhood to maturity is one of literature's most familiar and enduring genres Yet in the late nineteenth and early twentieth centuries a series of novels appeared that began to upend this classical formula Rather than moving smoothly into adulthood the characters in these new coming of age fictions seemed to veer off course into a state of suspended or stunted adolescence Modernist era novels of unseasonable youth disrupt the inherited conventions of the bildungsroman in order to criticize bourgeois values and to reinvent the biographical plot but also to explore the contradictions inherent in developmental discourses of self nation and empire Narratives of world progress run up against stubborn developmental obstacles just at the same moment that post Darwinian racial sciences and Freudian sexological theories were lending influence to the idea that some forms of human difference cannot be mitigated by civilizing forces In this context the modernist bildungsroman can be seen as narrating the gradual displacement of historical progressive thinking by anthropological structural thinking in the Age of Empire Jed Esty follows this fascinating line of argument through analysis of novels by Kipling Wilde Conrad Joyce Woolf Rhys and others to reveal how intertwined tropes of frozen youth and uneven development as motifs of failed progress play a crucial role in the emergence of dilatory modernist style and in the re imagination of colonial space at the fin de siècle

Joyce's Non-Fiction Writings Katherine Ebury, James

Alexander Fraser, 2018-05-02 This book presents a fundamental shift in the way we approach discuss and evaluate Joyce's non-fictional writings. Rather than simply proposing or applying new methodologies, it historicises and reconceives the critical assumptions that have shaped scholarly approaches to these works for over half a century, showing that non-fiction as a categorical distinction, no matter how sensible it appears, crumbles under closer inspection. Bringing into conversation a group of key Joyce scholars, this volume acts not only as a vital reimagining of our critical relationship to Joyce's non-fiction, but as a contribution to similar debates being carried out across the broad range of modernist studies. **The Routledge Reader of African American Rhetoric**
