Great Women of Imperial Rome Jasper Burns,2006-11-22 Drawing from a broad range of documentation this book vividly characterizes eleven royal women who are brought visually to life through photographs of over 300 ancient coins and through the author s own illustrations Spanning the period from the death of Julius Caesar in 44BC to the third century AD and with an epilogue surveying empresses of later eras the author s compelling biographies reveal their remarkable contributions towards the legacy of Imperial Rome Examining the wives daughters sisters and mothers of emperors the study includes a pregnant Roman princess who saves a Roman army through an act of personal heroism three third century empresses who rule the most powerful state on Earth presiding over unprecedented social and political reform an empress though revered by her husband is immortalized in history for infidelity and corruption by students of her greatest enemy Jasper Burns paints portraits of these exceptional women that are colourful sympathetic and above all profoundly human This book will be highly valuable to numismatists students and scholars of Roman history or women s studies **A Companion to the Flavian Age of Imperial Rome** Andrew Zissos,2016-01-11 A Companion to the Flavian Age of Imperial Rome provides a systematic and comprehensive examination of the political economic social and cultural nuances of the Flavian Age 69 96 CE Includes contributions from over two dozen Classical Studies scholars organized into six thematic sections Illustrates how economic social and cultural forces interacted to create a variety of social worlds within a composite Roman empire Concludes with a series of appendices that provide detailed chronological and demographic information and an extensive glossary of terms Examines the Flavian Age more broadly and inclusively than ever before incorporating coverage of often neglected groups such as women and non Romans within the Empire Sol: Image and Meaning of the Sun in Roman Art and Religion, Volume II Steven E. Hijmans,2024-04-02 With this analysis of Sol images Steven E Hijmans paints a new picture of the solar cult in ancient Rome The paucity of literary evidence led Hijmans to prioritize visual sources and he opens this study with a thorough discussion of the theoretical and methodological issues involved Emphasizing the danger of facile equivalencies between visual and verbal meanings his primary focus is Roman praxis manifest in for instance the strict patterning of Sol imagery These patterns encode core concepts that Sol imagery evoked when deployed and in those concepts we recognize the bedrock of Rome s understandings of the sun and his cult Case studies illustrate these concepts in action and the final chapter analyzes the historical context in which previous now discredited views on Sol could arise This is volume II of a two volume set Ancient Greece and Rome Keith Hopwood,1995 Sir Thomas Fairfax not Oliver Cromwell was creator and commander of Parliament s New Model Army from 1645 to1650 Although Fairfax emerged as England s most successful commander of the 1640s this book challenges the orthodoxy that he was purely a military figure showing

how he was not apolitical or disinterested in politics The book combines narrative and thematic approaches to explore the wider issues of popular allegiance puritan religion concepts of honour image reputation memory gender literature and Fairfax s relationship with Cromwell Black Tom delivers a groundbreaking examination of the transformative experience of the English revolution from the viewpoint of one of its leading yet most neglected participants It is the first modern academic study of Fairfax making it essential reading for university students as well as historians of the seventeenth century Its accessible style will appeal to a wider audience of those interested in the civil wars and interregnum more generally The Romans Karl Christ,1984 History of World Dress and Fashion, Second Edition Daniel Delis Hill,2022-01-13 The History of World Dress and Fashion presents a comprehensive survey of dress from around the world including China Japan India Africa the Islamic Empire and the Ancient Americas This extensive study features descriptions and analysis of men s women s and children s clothing accessories and cultural styles from prehistory into the twenty first century Lavishly illustrated in color throughout it features more than 1600 images and is a valuable resource for fashion designers theater costumers textile researchers costume collectors and curators and anyone interest in clothing and style customs of the world **The Dacian Stones Speak** Paul Lachlan MacKendrick,2000-12-01 With this exciting introduction to the ancient province of Dacia noted classicist and archaeologist MacKendrick turns his attention to an old area little known to the English speaking world He examines its history from the Neolithic culture to the 165 y
