Romancing The Folk Public Memory And American Roots Music

Benjamin Filene

Romancing The Folk Public Memory And American Roots Music:

Romancing the Folk Benjamin Filene, 2000 In American music the notion of roots has been a powerful refrain but just what constitutes our true musical traditions has often been a matter of debate As Benjamin Filene reveals a number of competing visions of America's musical past have vied for

Letting Go? Bill Adair, Benjamin Filene, Laura Koloski, 2012-03-15 *Letting Go* investigates path breaking public history practices at a time when the traditional expertise of museums seems challenged at every turn by the Web and digital media by community based programming by new trends in oral history and by contemporary art In this anthology of 19 thought pieces case studies conversations and commissioned art almost 30 leading practitioners such as Michael Frisch Jack Tchen Liz Evckenko Kathleen McLean Nina Simon Otabenga Jones and Associates and Fred Wilson explore the implications of letting audiences create not just receive historical content Drawing on examples from history art and science museums *Letting Go* offers concrete examples and models that will spark innovative work at institutions of all sizes and budgets This engaging new collection will serve as an introductory text for those newly grappling with a changing field and for those already pursuing the goal of letting go a tool for taking stock and pushing ahead

"I Hear America Singing" Rachel Clare Donaldson, 2014-09-26 Folk music is more than an idealized reminder of a simpler past It reveals a great deal about present day understandings of community and belonging It celebrates the shared traditions that define a group or nation In America folk music from African American spirituals to English ballads and protest songs renders the imagined community more tangible and comprises a critical component of our diverse national heritage In *I Hear America Singing* Rachel Donaldson traces the vibrant history of the twentieth century folk music revival from its origins in the 1930s through its end in the late 1960s She investigates the relationship between the revival and concepts of nationalism showing how key figures in the revival including Pete Seeger Alan Lomax Moses Asch and Ralph Rinzler used songs to influence the ways in which Americans understood the values the culture and the people of their own nation As Donaldson chronicles how cultural norms were shaped over the course of the mid twentieth century she underscores how various groups within the revival and their views shifted over time *I Hear America Singing* provides a stirring account of how and why the revivalists sustained their culturally pluralist and politically democratic Americanism over this tumultuous period in American history

Public Ethnomusicology, Education, Archives, & Commerce Svanibor Pettan, Jeff Titon, 2019-02-20 *Public Ethnomusicology Education Archives and Commerce* is the third of three paperback volumes derived from the original Oxford Handbook of Applied Ethnomusicology It offers an introduction to applied ethnomusicology and explores the role of ethnomusicology in music education public folklore archival and collection work and the commercial music industry

New Jersey Folk Revival Music Michael C. Gabriele, 2016-12-05 New Jersey shaped folk revival music into an art form The saga began with the bawdy tunes sung in colonial era taverns and continued with the folk songs that echoed through the Pine Barrens Guitar Mania became a phenomenon in the 1800s and twentieth

century studio recordings in Camden were monumental Performances by legendary artists like Woody Guthrie Pete Seeger Joan Baez and Bob Dylan spotlighted the state s folk revival movement and led to a flourishing community of folk organizations festivals and open mic nights at village coffeehouses Author Michael Gabriele traces the evolution and living history of folk revival music in the Garden State and how it has changed the lives of people on stage and in the audience

Bob Dylan Outside the Law Robert Reginio,2025-09-26 This book argues that the songs on Bob Dylan s John Wesley Harding are deeply concerned with the fractures in collective memory and politics contemporary with its composition and recording The songs are thorough investigations of the ethics of memory in America Critics and curators frame this song series as a return to Dylan s folk roots and as a retreat from the political Specifically critics argue that Dylan on this album retreats from the explicitly political into the realm of timeless universal moral concerns as if these discourses can be so separated The present book seeks to remedy these oversights and illuminate the reception of Dylan s songwriting art The summer of 1967 was understood by white middle class young people as The Summer of Love For African Americans 1967 was understood as The Long Hot Summer of racial tension and rioting Dylan s aversion to The Summer of Love is well documented and John Wesley Harding is understood by critics as yet another step by Dylan away from his audience s desires This book examines what the album s provocation entails it asserts that the album is a reckoning with the tensions in American memory and history that subtend the explosive Long Hot Summer The book deploys a method informed by poststructuralism especially the work of Jacques Derrida to a dismantle the notion of original and authentic forms and histories to which one can return and b explain how this ironic dismantling expresses a deeply felt ethical response to American memory and its discontents In so doing the book asks how art can respond to our chaotic and strife ridden century

The Oxford Handbook of Music Revival Caroline Bithell,Juniper Hill,2014-06-26 Revival movements aim to revitalize traditions perceived as threatened or moribund by adapting them to new temporal spatial and social contexts While many of these movements have been well documented in Western Europe and North America those occurring and recurring elsewhere in the world have received little or no attention Particularly under analyzed are the aftermaths of revivals the new infrastructures musical styles performance practices subcultural communities and value systems that grow out of these movements The Oxford Handbook of Music Revival fills this gap and helps us achieve a deeper understanding of how and why musical pasts are reimagined and transfigured in modern day postindustrial postcolonial and postwar contexts The book s thirty chapters present innovative theoretical perspectives illustrated through new ethnographic case studies on diverse music and dance cultures around the world Together these essays reveal the potency of acts of revival resurgence restoration and renewal in shaping musical landscapes and transforming social experience The book makes a powerful argument for the untapped potential of revival as a productive analytical tool in contemporary global contexts With its detailed treatment of authenticity recontextualization transmission institutionalization globalization the significance of history and other key

concerns the collection engages with critical issues far beyond the field of revival studies and is crucial for understanding contemporary manifestations of folk traditional and heritage music in today's postmodern cosmopolitan societies

Southern Music/American Music Bill C. Malone, David Stricklin, 2021-10-21 The South an inspiration for songwriters a source of styles and the birthplace of many of the nation's greatest musicians plays a defining role in American musical history It is impossible to think of American music of the past century without such southern derived forms as ragtime jazz blues country bluegrass gospel rhythm and blues Cajun zydeco Tejano rock n roll and even rap Musicians and listeners around the world have made these vibrant styles their own Southern Music American Music is the first book to investigate the facets of American music from the South and the many popular forms that emerged from it In this substantially revised and updated edition Bill C Malone and David Stricklin bring this classic work into the twenty first century including new material on recent phenomena such as the huge success of the soundtrack to O Brother Where Art Thou and the renewed popularity of Southern music as well as important new artists Lucinda Williams Alejandro Escovedo and the Dixie Chicks among others Extensive bibliographic notes and a new suggested listening guide complete this essential study

The Oxford Handbook of Community Singing Esther M. Morgan-Ellis, Kay Norton, 2024 The Oxford Handbook of Community Singing shows in abundant detail that singing with others is thriving Using an array of interdisciplinary methods chapter authors prioritize participation rather than performance and provide finely grained accounts of group singing in community music therapy religious and music education settings Themes associated with protest incarceration nation hymnody group bonding identity and inclusivity infuse the 47 chapters Written almost wholly during the 2020-21 COVID-19 pandemic the Handbook features a section dedicated to collective singing facilitated by audiovisual or communications media mediated singing some of it quarantine mandated The last of eight substantial sections is a repository of new theories about how group singing practices work Throughout the authors problematize the limitations inherited from the western European choral music tradition and report on workable new remedies to counter those constraints

I'm Feeling the Blues Right Now Stephen A. King, 2011-06-01 In I'm Feeling the Blues Right Now Blues Tourism and the Mississippi Delta Stephen A King reveals the strategies used by blues promoters and organizers in Mississippi both African American and white local and state to attract the attention of tourists In the process he reveals how promotional materials portray the Delta's blues culture and its musicians Those involved in selling the blues in Mississippi work to promote the music while often conveniently forgetting the state's historical record of racial and economic injustice King's research includes numerous interviews with blues musicians and promoters chambers of commerce local and regional tourism entities and members of the Mississippi Blues Commission This book is the first critical account of Mississippi's blues tourism industry From the late 1970s until 2000 Mississippi's blues tourism industry was fragmented decentralized and localized as each community competed for tourist dollars By 2003-2004 with the creation of the Mississippi Blues Commission the promotion of the blues became more

centralized as state government played an increasing role in promoting Mississippi's blues heritage Blues tourism has the potential to generate new revenue in one of the poorest states in the country repair the state's public image and serve as a vehicle for racial reconciliation

Embracing the Tune of Phrase: An Mental Symphony within **Romancing The Folk Public Memory And American Roots Music**

In a world eaten by displays and the ceaseless chatter of instantaneous transmission, the melodic splendor and emotional symphony developed by the published word frequently fade into the background, eclipsed by the constant noise and disturbances that permeate our lives. But, located within the pages of **Romancing The Folk Public Memory And American Roots Music** a charming fictional value overflowing with organic feelings, lies an immersive symphony waiting to be embraced. Constructed by a wonderful musician of language, that captivating masterpiece conducts visitors on an emotional journey, well unraveling the concealed melodies and profound impact resonating within each cautiously crafted phrase. Within the depths with this moving evaluation, we can explore the book is key harmonies, analyze its enthralling writing type, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
