Salonnières, Furies, and Fairies, revised edition Anne E. Duggan, 2021-08-27 The original edition of *Salonnières, Furies, and Fairies* published in 2005 was a pathbreaking work of early modern literary history exploring women's role in the rise of the fairy tale and their use of this new genre to carve out roles as major contributors to the literature of their time This new edition with a new introduction and a forward by acclaimed scholar Allison Stedman emphasizes the scholarly legacy of Anne Duggan's original work and its continuing field changing implications The book studies the works of two of the most prolific seventeenth century women writers Madeleine de Scudéry and Marie Catherine d'Aulnoy Analyzing their use of the novel the chronicle and the fairy tale Duggan examines how Scudéry and d'Aulnoy responded to and participated in the changes of their society but from different generational and ideological positions This study also takes into account the history of the salon an unofficial institution that served as a locus for elite women's participation in the cultural and literary production of their society In order to highlight the debates that emerged with the increased participation of aristocratic women within the public sphere the book also explores the responses of two academicians Nicolas Boileau and Charles Perrault

The Evolution of Arthurian Romance Beate Schmolke-Hasselmann, 1998-05-28 This 1998 study serves as a contribution to both reception history examining the medieval response to Chrétien's poetry and genre history surveying the evolution of Arthurian verse romance in French It describes the evolutionary changes taking place between Chrétien's *Eric et Enide* and Froissart's *Meliador* the first and last examples of the genre and is unique in placing Chrétien's work not as the unequalled masterpieces

of the whole of Arthurian literature but as the starting point for the history of the genre which can subsequently be traced over a period of two centuries in the French speaking world Beate Schmolke Hasselmann's study was first published in German in 1985 but her radical argument that we need urgently to redraw the lines on the literary and linguistic map of medieval Britain and France is only now being made available in English Essai sur l'origine de l'épopée française et sur son histoire au moyen âge Charles d' Héricault,1859 *Essai sur l'Origine de l'Epopée Française et sur son histoire au moyen âge* Charles d' Héricault,1859 **Nous sommes des sang-mêlés** Lucien Febvre,François Crouzet,2012-09-19 En 1950 le grand historien Lucien Febvre aidé par un jeune assistant en Sorbonne François Crouzet se lance un défi crié en réponse une sollicitation de l'Unesco un manuel modèle d'histoire de la civilisation française Oublié jusqu'aujourd'hui dans un grenier poussiéreux ce livre veut prouver qu'il n'y a pas d'identité française providentiellement surgie de la nuit des temps mais que la France s'est progressivement créée grâce à un constant mélange ethnique et culturel qui est le cœur battant de sa civilisation Vivrable défense et illustration du caractère international et interdépendant de toute nation Nous sommes des sang-mêlés dénonce les tentations de refus de l'autre qui ont conduit aux atrocités des conflits mondiaux du XXe siècle Selon Febvre et Crouzet l'historien a pour mission scientifique et éthique d'éliminer les ferments de haine xénophobe entretenus par l'enseignement d'une histoire trop nationaliste et d'ouvrir les esprits à l'idée d'une fraternité universelle qui serait l'essence même du passé et donc du présent Livre singulier d'histoire engagé promotion d'un projet de paix qui serait l'avenir de l'humanité Nous sommes des sang-mêlés conserve toute sa pertinence aujourd'hui **Manuel de la philologie de l'édition** David Trotter,2015-09-14 Textual editing especially for the Middle Ages is the starting point for a good deal of what is done in historical linguistics Editorial methods have an importance going far beyond theoretical considerations and are of interest to scholars over and above those who edit texts The aim of this volume is to present both the range of methods used together with a number of case studies accompanied by studies which discuss related aspects of textual editing such as glossaries or reviews of editions The aim is to summarize modern editorial practices whilst not losing sight of their origins Thus the book will outline the tradition of the critical edition the so-called Lachmannian edition which survives particularly in Italy the more British method which dominates in France and electronic editions which can expand the concept of editing to include links to digitized manuscripts Attention is also given to editorial instructions and to the use of variants in stemmatology with an excursus to the seventeenth century where modernisation continues to be practised Finally the volume will also discuss two difficult cases the editing of Old French and Occitan texts in Hebrew characters The Evolution of Arthurian Romance from the Beginnings Down to the Year 1300 James Douglas Bruce,1923
