Rome And The African Church In The Time Of Augustine:

Rome and the African Church in the Time of Augustine Jane E. Merdinger, 1997 This text contends that contrary to historical tradition the African church of late antiquity gradually became dependant on the papacy for the enforcement of church discipline For evidence it draws upon recently discovered letters of St Augustine of Hippo and close reading of the African canons

The ^APapacy and the Orthodox A. Edward Siecienski, 2017-01-12 The Papacy and the Orthodox examines the history of the centuries long debate over the primacy and authority of the Bishop of Rome especially in relation to the Christian East

Augustine's Theology of Preaching Peter T. Sanlon, 2014-07-01 Scholarship has painted many pictures of Augustinethe philosophical theologian the refuter of heresy or contributor to doctrines like Original Sinbut the picture of Augustine as preacher says Sanlon has been seriously neglected When academics marginalize the *Sermones ad Populum* the real Augustine is not presented accurately In this study Sanlon does more however than rehabilitate a neglected view of Augustine How do the theological convictions that Augustine brought to his preaching challenge sustain or shape our work today By presenting Augustine s thought on preaching to contemporary readers Sanlon contributes a major new piece to the ongoing reconsideration of preaching in the modern day a consideration that is relevant to all branches of the twenty first century church

Augustine's Cyprian Matthew Alan Gaumer, 2016-03-17 In Augustine s Cyprian Matthew Gaumer retraces how Augustine of Hippo devised the ultimate strategy to suppress Donatist Christianity an indigenous form of the religion in ancient North Africa Spanning nearly forty years Augustine s entire clerical career was spent combating the Donatists and seeking the dominance of the Catholic Church in North Africa Through a variety of approaches Augustine evolved a method to successfully outlaw and deconstruct the Donatist Church s organisation This hinged on concerted preaching tract writing integrating Roman imperial authorities and critically by denying the Donatists exclusive claim to Cyprian of Carthage Re appropriation of Cyprian s authority required Augustine and his allies to re write history and pose positions contrary to Cyprian s In the end Cyprian was the Donatists no longer

Livingstone, 1997 Papers presented at the Twelfth International Conference on Patristic Studies held in Oxford 1995 see also *Studia Patristica* 29 30 31 and 32 The Twelfth International Conference on Patristic Studies met in Oxford from 21 to 26 August 1995 These gatherings have assembled at four yearly intervals since 1951 At each the number of papers presented has been greater than the previous occasion and the size of the assembly is now limited only by the capacity of the buildings available Some 650 scholars attended the 1995 Conference including delegates from Russia Georgia India Japan South Africa New Zealand and Australia as well as from North America and most countries in Europe Papers were given in English French German Italian or Spanish and are normally printed in the language in which they were delivered Some were fully developed

lectures lasting for nearly an hour the majority were communications of 12 minutes duration and a few came in between These volumes contain 284 of the papers including most of the lectures given in full session viz the Inaugural Address by Dr H D Saffrey on Theology as a Science Prof Dr Suso Frank John Cassian on John Cassian Prof Dr O Skarsaune Is Christianity Monotheistic Patristic Perspectives on a Jewish Christian Debate and Prof A Louth St Maximus the Confessor Between East and West Others report the finding of unpublished texts deal with particular points or present broad interpretations sometimes original in character For the first time a number of illustrations are included reflecting the growing interest in iconography

Augustine's Leaders Peter Iver Kaufman,2017-04-10 In Augustine s Leaders Peter Iver Kaufman works from the premise that appropriations of Augustine endorsing contemporary liberal efforts to mix piety and politics are mistaken that Augustine was skeptical about the prospects for involving Christianity in meaningful political change His skepticism raises several questions for historians What roles did one of the most influential Christian theologians set for religious and political leaders What expectations did he have for emperors statesmen bishops and pastors What obstacles did he presume they would face And what pastoral polemical and political challenges shaped Augustine s expectations and frustrations Augustine s Leaders answers those questions and underscores the leadership its subject provided as he continued to commend humility and compassion in religious and political cultures that seemed to him to reward above all celebrity and self interest

Memories of Utopia Bronwen Neil,Kosta Simic,2019-12-05 These essays examine how various communities remembered and commemorated their shared past through the lens of utopia and its corollary dystopia providing a framework for the reinterpretation of rapidly changing religious cultural and political realities of the turbulent period from 300 to 750 CE The common theme of the chapters is the utopian ideals of religious groups whether these are inscribed on the body on the landscape in texts or on other cultural objects The volume is the first to apply this conceptual framework to Late Antiquity when historically significant conflicts arose between the adherents of four major religious identities Greaco Roman pagans newly dominant Christians diaspora Jews who were more or less persecuted depending on the current regime and the emerging religion and power of Islam Late Antiquity was thus a period when dystopian realities competed with memories of a mythical Golden Age variously conceived according to the religious identity of the group The contributors come from a range of disciplines including cultural studies religious studies ancient history and art history and employ both theoretical and empirical approaches This volume is unique in the range of evidence it draws upon both visual and textual to support the basic argument that utopia in Late Antiquity whether conceived spiritually artistically or politically was a place of the past but also of the future even of the afterlife Memories of Utopia will be of interest to historians archaeologists and art historians of the later Roman Empire and those working on religion in Late Antiquity and Byzantium
