LOEWENHEIM, 1975      *Roosevelt and Churchill* Franklin Delano Roosevelt, Harold D. Loewenheim, 1975      *Roosevelt's*  
*Secret War* Joseph E. Persico, 2002-10-22 Despite all that has already been written on Franklin Delano Roosevelt Joseph  
Persico has uncovered a hitherto overlooked dimension of FDR's wartime leadership his involvement in intelligence and  
espionage operations Roosevelt's Secret War is crowded with remarkable revelations FDR wanted to bomb Tokyo before  
Pearl Harbor A defector from Hitler's inner circle reported directly to the Oval Office Roosevelt knew before any other world  
leader of Hitler's plan to invade Russia Roosevelt and Churchill concealed a disaster costing hundreds of British soldiers lives  
in order to protect Ultra the British codebreaking secret An unwitting Japanese diplomat provided the President with a direct  
pipeline into Hitler's councils Roosevelt's Secret War also describes how much FDR had been told before the Holocaust about  
the coming fate of Europe's Jews And Persico also provides a definitive answer to the perennial question Did FDR know in  
advance about the attack on Pearl Harbor By temperament and character no American president was better suited for secret  
warfare than FDR He manipulated compartmentalized dissembled and misled demonstrating a spymaster's talent for intrigue  
He once remarked I never let my right hand know what my left hand does Not only did Roosevelt create America's first  
central intelligence agency the OSS under Wild Bill Donovan but he ran spy rings directly from the Oval Office enlisting well  
placed socialite friends FDR was also spied against Roosevelt's Secret War presents evidence that the Soviet Union had a  
source inside the Roosevelt White House that British agents fed FDR total fabrications to draw the United States into war  
and that Roosevelt by yielding to Churchill's demand that British scientists be allowed to work on the Manhattan Project  
enabled the secrets of the bomb to be stolen And these are only a few of the scores of revelations in this constantly surprising  
story of Roosevelt's hidden role in World War II      *Franklin D. Roosevelt and American Foreign Policy, 1932-1945* Robert  
Dallek, 1995-05-25 Since the original publication of this classic book in 1979 Roosevelt's foreign policy has come under attack  
on three main points Was Roosevelt responsible for the confrontation with Japan that led to the attack at Pearl Harbor Did  
Roosevelt give away Eastern Europe to Stalin and the U S S R at Yalta And most significantly did Roosevelt abandon Europe's  
Jews to the Holocaust making no direct effort to aid them In a new Afterword to his definitive history Dallek vigorously and  
brilliantly defends Roosevelt's policy He emphasizes how Roosevelt operated as a master politician in maintaining a national  
consensus for his foreign policy throughout his presidency and how he brilliantly achieved his policy and military goals

*Roosevelt and Franco during the Second World War* J. Thomàs, 2008-12-08 This book examines the internal controversies of the Roosevelt administration in connection with Spain during World War II the role of the President in these controversies and the foundations of the policy that was followed from the outbreak of the Spanish Civil War until the launching of Operation Torch in 1942

*Roosevelt and Churchill: June 1944 to April 1945* Franklin Delano Roosevelt, Winston Churchill, 1975

*America and the Cold War, 1941-1991* Norman A. Graebner, Richard Dean Burns, Joseph M. Siracusa, 2010-05-05 Three distinguished diplomatic historians offer an assessment of the Cold War in the realist tradition that focuses on balancing the objectives of foreign policy with the means of accomplishing them

*America and the Cold War 1941-1991 A Realist Interpretation* is a sweeping historical account that focuses on the policy differences at the center of this conflict In its pages three preeminent authors offer an examination of contemporary criticism of the Cold War documenting the views of observers who appreciated that many policies of the period were not only dangerous but could not resolve the problems they contemplated The study offers a comprehensive chronicle of U S Soviet relations broadly conceived from World War II to the collapse of the Soviet Union It places the origins of the Cold War as related to the contentious issues of World War II and stresses the failure of Washington to understand or seriously seek settlement of those issues It points out how nuclear weaponry gradually assumed political stature and came to dominate high level Soviet American diplomatic activity at the same time discounting the notion that the Cold War was a global ideological confrontation for the future of civilization A concluding chapter draws lessons from the Cold War decades showing how they apply to dealing with nation states and terrorist groups today
