Rooted In Faith Homilies To A Contemporary World:

Rooted in Faith: Homilies to a Contemporary World Saint Bonaventure (Cardinal), 1974 Sacred Rhetoric Michael Pasquarello III, 2012-06-01 Modern approaches to preaching today are largely fixated on how to make preaching more relevant more interesting more entertaining Michael Pasquarello suggests that this fixation may stem from a preaching imagination more beholden to technical scientific reason than theological wisdom Rather than devising new techniques or strategies for effective speaking Pasquarello offers something more salutary portraits of ten exemplary preachers from the Christian tradition Included in Pasquarello's gallery are Augustine of Hippo Gregory the Great Benedict Bernard of Clairvaux Bonaventure Thomas Aquinas Erasmus Hugh Latimer Martin Luther and John Calvin These excellent preachers conceived of Christian speech as a unique theological practice learned through prayerful attention to the Bible and aimed at communion with God Sacred Rhetoric invites readers to join an extended conversation with the past in order to become faithful preachers of the gospel in a post Christian society Preachers seminarians and students of Christian history will find much to learn from Pasquarello's fresh perspective and passion for the past *The A to Z of Medieval Philosophy and Theology* Stephen F. Brown, Juan Carlos Flores, 2010-03-23 The Middle Ages is often viewed as a period of low intellectual achievement The name itself refers to the time between the high philosophical and literary accomplishments of the Greco Roman world and the technological advances that were achieved and philosophical and theological alternatives that were formulated in the modern world that followed However having produced such great philosophers as Anselm Peter Abelard John Duns Scotus William of Ockham Peter Lombard and the towering Thomas Aquinas it hardly seems fair to label the medieval period as such Examining the influence of ancient Greek philosophy as well as of the Arabian and Hebrew scholars who transmitted it The A to Z of Medieval Philosophy and Theology presents the philosophy of the Christian West from the 9th to the early 17th century This is accomplished through a chronology an introduction appendixes a bibliography and hundreds of cross referenced dictionary entries on the philosophers concepts issues institutions and events making this an important reference for the study of the progression of human thought **The Cross in Christian Tradition** Elizabeth Dreyer, 2000 For the past two thousand years the cross has been a powerful symbol of the Christian faith and an anchor of its symbol system In this volume a group of distinguished scholars delves into the theologies and spiritualities of the cross at select moments in the tradition They examine biblical texts and commentaries lectionaries liturgical poetry sermons and theological spiritual treatises in Paul the early liturgy Origen Augustine and Bonaventure Each chapter provides a window into how particular contexts influenced the interpretation of the cross and how the cross functioned in each unique historical moment Originally presented at Saint Mary's College these papers offer a fresh and distinctive approach to the literature on the cross The authors historical perspective points to the tradition as a transforming agent for theology and spirituality today Contributors Elizabeth A Dreyer Jerome Murphy O Connor Nathan D Mitchell Peter J Gorday John Cavadini Here is a book that will

interest liturgists and Christian educators university and seminary students and members of religious orders Although scholarly in tone can be read with profit by adult educated Christians as well The Journey of the Mind to God Saint Bonaventure (Cardinal),1993-01-01 The Hackett edition of this classic of medieval philosophy and mysticism a plan of pilgrimage for the learned Franciscan wishing to reach the apex of the mystical experience combines the highly regarded Boehner translation with a new introduction by Stephen Brown focusing on St Francis as a model of the contemplative life the meaning of the Itinerarium its place in Bonaventure s mystical theology and the plan of the work Boehner s Latin Notes as well as Latin texts from other works of Bonaventure included in the Franciscan Institute Edition are rendered here in English making this the edition of choice for the beginning student Masters of Preaching Ray E. Atwood,2013-12-19 Who were Catholicism s greatest orators What was the key to their effectiveness Was it mere scholastic ability or spiritual inspiration The answer is both In this follow up work Father Ray E Atwood examines the lives theologies and preaching examples of the Church s greatest preachers This book tells the story in biographical form of Catholic preaching from the Old Testament through today concluding with the homilies of Benedict XVI Masters of Preaching takes the reader around the world in search of homiletic gems Readers will learn about the stories of familiar figures such as Saint Gregory the Great and less familiar figures such as Monsignor Francis Friedl Readers will also discover how these men moved their congregations to deeper faith and greater understanding of the mysteries of salvation Two appendices at the end of the book serve as a terrific resource for those looking for practical illustrations of lectionary themes This book is an excellent resource for anyone interested in the subjects of public speaking and Church history **Francis of Assisi** William R. Cook,2008-04-01 My task is to rely as much as possible on both written and visual sources although I obviously must consider the discoveries and insights of modern scholarship in order to present Francis of Assisi as a major figure in the mystical tradition This means I will not be much concerned with Francis as the founder of a religious order I will not present a detailed biography although the first chapter provides a general overview in order to make the more detailed discussions of his spirituality more intelligible Rather than attempt to discuss all texts by and about Francis of a mystical nature I shall instead focus on six elements of his life and spirituality his conversion his relationship to the created world the creation of the Christmas crib at Greccio the role of learning the relationship between the active and contemplative life and his stigmatization at LaVerna in 1224 two years before his death I believe that a detailed discussion and analysis of these aspects of Francis s life will best introduce the reader to Francis of Assisi from the Introduction *Historical Dictionary of Medieval Philosophy and Theology* Stephen F. Brown,Juan Carlos Flores,2018-08-10 This second edition concentrates on various philosophers and theologians from the medieval Arabian Jewish and Christian worlds It principally centers on authors such as Abumashar Saadiah Gaon and Alcuin from the eighth century and follows the intellectual developments of the three traditions up to the fifteenth century Ibn Khaldun Hasdai Crescas and Marsilio Ficino The spiritual journeys presuppose earlier human sources such as the

philosophy of Plato Aristotle Plotinus and Porphyry and various Stoic authors the revealed teachings of the Jewish Law the Koran and the Christian Bible The Fathers of the Church such as St Augustine and Gregory the Great provided examples of theology in their attempts to reconcile revealed truth and man's philosophical knowledge and deserve attention as pre medieval contributors to medieval intellectual life Avicenna and Averroes Maimonides and Gersonides St Thomas Aquinas and St Bonaventure stand out in the three traditions as special medieval contributors who deserve more attention This second edition of Historical Dictionary of Medieval Philosophy and Theology contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 300 cross referenced entries on important persons events and concepts that shaped medieval philosophy and theology This book is an excellent resource for students researchers and anyone wanting to know more about medieval philosophy and theology

The Spirit and the Church J. Isaac Goff, Christiaan W. Kappes, Edward J. Ondrako, 2018-10-01 The Spirit and the Church celebrates the life and legacy of Peter Damian Fehlner OFM Conv who for the past six decades has carried the torch of the Franciscan theological and philosophical vision in the fields of ecclesiology pneumatology Mariology and anthropology Articles by colleagues former students and associates fall into three broad categories corresponding with several of the main areas in which Fehlner has made a longstanding scholarly contribution the Church's Magisterium and development of doctrine anthropology comma and creation the relation between Mariology pneumatology and ecclesiology and scholarly seeds planted by Fehlner now being cultivated and harvested by younger scholars All of the essays in this volume engage with Fehlner evaluate his contributions and build upon and expand in new directions the contributions of our honoree The essays in this volume manifest the contemporary relevance of Fehlner's Franciscan vision in terms of his invitation to renew the theology of the Church in a Marian mode in the light of Vatican II
