A Thesaurus of English Word Roots Horace Gerald Danner, 2014-03-27 Horace G Danner's A Thesaurus of English Word Roots is a compendium of the most used word roots of the English language As Timothy B Noone notes in his foreword Dr Danner's book allows you not only to build up your passive English vocabulary resulting in word recognition knowledge but also gives you the rudiments for developing your active English vocabulary making it possible to infer the meaning of words with which you are not yet acquainted Your knowledge can now expand and will do so exponentially as your awareness of the roots in English words and your corresponding ability to decode unfamiliar words grows apace This is the beginning of a fine mental linguistic library so enjoy In A Thesaurus of English Word Roots all word roots are listed alphabetically along with the Greek or Latin words from which they derive together with the roots original meanings If the current meaning of an individual root differs from the original meaning that is listed in a separate column In the examples column the words which contain the root are then listed starting with their prefixes for example dysacusia hyperacusia These root starting terms then are followed by terms where the root falls behind the word e g acouesthesia and acoumeter These words are followed by words where the root falls in the middle or the end as in such terms as bradyacusia and odynacosis In this manner A

Benner,2003

When we read an English translation of the Bible we define the words within it according to our modern vocabulary allowing our culture and language to influence how we read and interpret the Bible The Bible was written by ancient Hebrews whose culture and language was very different from our own and must be read and interpreted through their eyes When we define the names of God using our culture and language we lose the Hebraic meanings behind the original Hebrew names of God Consequently the true nature and character of God is hidden behind the veil of time and culture By understanding the various names of God through the vocabulary and language of the ancient Hebrews the nature and character of God is revealed to us in a new light The prophet Zechariah described the character of God with the words sh mo ehhad translated as His Name is One Zechariah 14 9 This phrase beautifully describes the character of God from a Hebraic perspective that is lost to us through translation and unfamiliarity with ancient Hebrew culture *How Flowers Heal* Marie Anakee
