Roots Of Radicalism Jews Christians And The New Left:

Roots of Radicalism Stanley Rothman, 2018-04-27 When *Roots of Radicalism* first appeared Nathan Glazer noted this is a major work on the relationship between radical politics and psychological development He went on to predict no one will be able to write about the left and radicalism without taking it into account Now finally available in a paperback edition with a new introduction the reader can evaluate just how prescient the authors are in their review of the student radical movement Replete with interviews of radical activists their provocative book paints a disturbing picture The book raises critical questions about much previous social science research and ultimately about the reason an entire generation of Americans was so infatuated with the radical mystique Robert A Nisbet called the book an extraordinarily skilled fusion of historical and psychological approaches to one of the most explosive decades in American social history Robert E Lane added it will be prudent to read Rothman and Lichter along with our well worn copies of Keniston and Fromm Writing in *Political Psychology* Dan E Thomas argued the book is arguably the most important and definitely the most provocative book in the field of personality and politics to have appeared in the past several years Recently in *Forbes* Peter Brimelow referred to *Roots of Radicalism* as Rothman's main achievement as a political scientist his definitive study of the 1960s New Left In the new introduction the authors review the initial reception of *Roots of Radicalism* and its subsequent treatment They also review the major literature on the causes course and consequences of the student movement of the 1960s which has appeared since the publication of the book Finally they update their own analysis

Roots of Radicalism Stanley Rothman, S. Robert Lichter, 1996-01-01 When *Roots of Radicalism* first appeared Nathan Glazer noted this is a major work on the relationship between radical politics and psychological development He went on to predict no one will be able to write about the left and radicalism without taking it into account Now finally available in a paperback edition with a new introduction the reader can evaluate just how prescient the authors are in their review of the student radical movement Replete with interviews of radical activists their provocative book paints a disturbing picture The book raises critical questions about much previous social science research and ultimately about the reason an entire generation of Americans was so infatuated with the radical mystique Robert A Nisbet called the book an extraordinarily skilled fusion of historical and psychological approaches to one of the most explosive decades in American social history Robert E Lane added it will be prudent to read Rothman and Lichter along with our well worn copies of Keniston and Fromm Writing in *Political Psychology* Dan E Thomas argued the book is arguably the most important and definitely the most provocative book in the field of personality and politics to have appeared in the past several years Recently in *Forbes* Peter Brimelow referred to *Roots of Radicalism* as Rothman's main achievement as a political scientist his definitive study of the 1960s New Left In the new introduction the authors review the initial reception of *Roots of Radicalism* and its subsequent treatment They also review the major literature on the causes course and consequences of the student movement of the 1960s which has appeared since the publication of

the book Finally they update their own analysis **Jews and the Left** P. Mendes,2014-05-20 The historical involvement of Jews in the political Left is well known but far less attention has been paid to the political and ideological factors which attracted Jews to the Left After the Holocaust and the creation of Israel many lost their faith in universalistic solutions yet lingering links between Jews and the Left continue to exist The Columbia Guide to America in the 1960s David Farber,Beth Bailey,2003-04-09 The 1960s continue to be the subject of passionate debate and political controversy a touchstone in struggles over the meaning of the American past and the direction of the American future Amid the polemics and the myths making sense of the Sixties and its legacies presents a challenge This book is for all those who want to take it on Because there are so many facets to this unique and transformative era this volume offers multiple approaches and perspectives The first section gives a lively narrative overview of the decade s major policies events and cultural changes The second presents ten original interpretative essays from prominent historians about significant and controversial issues from the Vietnam War to the sexual revolution followed by a concise encyclopedia articles organized alphabetically This section could stand as a reference work in itself and serves to supplement the narrative Subsequent sections include short topical essays special subjects a brief chronology and finally an extensive annotated bibliography with ample information on books films and electronic resources for further exploration With interesting facts statistics and comparisons presented in almanac style as well as the expertise of prominent scholars The Columbia Guide to America in the 1960s is the most complete guide to an enduringly fascinating era *The Dark Side of the Left* Richard J. Ellis,1998 Political correctness idealizing the oppressed and an affinity for authoritarian and charismatic leaders are all parts of what Ellis calls the dark side of the left *American Countercultures: An Encyclopedia of Nonconformists, Alternative Lifestyles, and Radical Ideas in U.S. History* Gina Misiroglu,2015-03-26 Counterculture while commonly used to describe youth oriented movements during the 1960s refers to any attempt to challenge or change conventional values and practices or the dominant lifestyles of the day This fascinating three volume set explores these movements in America from colonial times to the present in colorful detail American Countercultures is the first reference work to examine the impact of countercultural movements on American social history It highlights the writings recordings and visual works produced by these movements to educate inspire and incite action in all eras of the nation s history A Z entries provide a wealth of information on personalities places events concepts beliefs groups and practices The set includes numerous illustrations a topic finder primary source documents a bibliography and a filmography and an index The Cause That Failed : Communism in American Political Life Amherst (Emeritus) Guenter Lewy Professor of Political Science University of Massachusetts,1990-09-13 From a height of almost 100 000 members during the Depression when politicians workers and intellectuals were drawn into its orbit the American Communist Party has descended into irrelevance and isolation failing even to run a presidential candidate in 1988 Indeed as Guenter Lewy writes in this critical account of American Communism despite decades of feverish activity and ferocious

discipline it was a cause doomed to fail from the very beginning In *The Cause that Failed* Lewy offers an incisive narrative of the American Communist Party from the days of John Reed to the advent of glasnost He traces its origins and development underscoring how its devotion to Moscow and inflexible Marxist ideology isolated it from the American scene in fact most of its first members were Eastern European immigrants During the left wing tide of the Depression the Communist Party reached the peak of its influence as it joined labor unions and progressive organizations in a Popular Front But Lewy reveals the deceptive antidemocratic self defeating tactics the Communists pursued even then as they manipulated front organizations seized control of political parties peace groups and labor unions and enforced political conformity among members and sympathizers He follows the Party through its inexorable decline in the succeeding decades up to its current position as one of the last Stalinist parties left in a world of glasnost and perestroika Lewy also provides a sharply critical discussion of the encounter between Communism and liberal and mainstream America He examines such groups as the ACLU and SANE arguing that the years when these organizations were tolerant toward Communists were also the times when they neglected their original purpose in favor of partisan causes He shows how Communists have manipulated well meaning citizens in the peace movement and in Wallace s 1948 Progressive Party presidential campaign One of the great ills Americans suffer he writes is an overreaction to McCarthyism an atmosphere of anti anticommunism which blinds them to the wrongs wrought by international Communism and makes them ignore the deceptive role played by the American Communist Party which even today still keeps eighty percent of its membership secret *The Cause that Failed* presents an intensively researched and trenchantly argued historical analysis of Communism in America Guenter Lewy s provocative account provides a new understanding of Communism s machinations in U S politics and how Americans from across the political spectrum have responded to its challenge

The Politics of Nonassimilation David Verbeeten, 2017-05-15 Over the course of the twentieth century Eastern European Jews in the United States developed a left wing political tradition Their political preferences went against a fairly broad correlation between upward mobility and increased conservatism or Republican partisanship Many scholars have sought to explain this phenomenon by invoking antisemitism an early working class experience or a desire to integrate into a universal social order In this original study David Verbeeten instead focuses on the ways in which left wing ideologies and movements helped to mediate and preserve Jewish identity in the context of modern tendencies toward bourgeois assimilation and ethnic dissolution Verbeeten pursues this line of inquiry through case studies that highlight the political activities and aspirations of three generations of American Jews The life of Alexander Bittelman provides a lens to examine the first generation Born in Ukraine in 1892 Bittelman moved to New York City in 1912 and went on to become a founder of the American Communist Party after World War I Verbeeten explores the second generation by way of the American Jewish Congress which came together in 1918 and launched significant campaigns against discrimination within civil society before during and especially after World War II Finally he considers the third

generation in relation to the activist group New Jewish Agenda which operated from 1980 to 1992 and was known for its advocacy of progressive causes and its criticism of particular Israeli governments and policies By focusing on individuals and organizations that have not previously been subjects of extensive investigation Verbeeten contributes original research to the fields of American Jewish intellectual and radical history His insightful study will appeal to specialists and general readers interested in those areas

Why the Jews? Dennis Prager, Joseph Telushkin, 2007-11-01 From the bestselling authors of The Nine Questions People Ask About Judaism a compelling discussion of the dangerous rise in antisemitism during the twenty first century The very word Jew continues to arouse passions as does no other religious national or political name Why have Jews been the object of the most enduring and universal hatred in history Why did Hitler consider murdering Jews more important than winning World War II Why has the United Nations devoted more time to tiny Israel than to any other nation on earth In this seminal study Dennis Prager and Joseph Telushkin attempt to uncover and understand the roots of antisemitism from the ancient world to the Holocaust to the current crisis in the Middle East Why the Jews offers new insights and unparalleled perspectives on some of the most recent pressing developments in the contemporary world including The replicating of Nazi antisemitism in the Arab world The pervasive anti Zionism antisemitism on university campuses The rise of antisemitism in Europe Why the United States and Israel are linked in the minds of antisemites Clear persuasive and thought provoking Why the Jews is must reading for anyone who seeks to understand the unique role of the Jews in human history

The Survival of the Adversary Culture Paul Hollander, 1988-01-01 The Survival of the Adversary Culture shows that contrary to much popular and journalistic opinion the rejection of American society conceived during the 1960 s has not substantially declined but has taken root and endured despite surface changes These writings represent the insights and observations of an author who has long been a commentator and student of social scientists who have examined American institutions and social problems in comparative context

Roots Of Radicalism Jews Christians And The New Left Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Roots Of Radicalism Jews Christians And The New Left free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Roots Of Radicalism Jews Christians And The New Left free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Roots Of Radicalism Jews Christians And The New Left free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source

before downloading Roots Of Radicalism Jews Christians And The New Left. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Roots Of Radicalism Jews Christians And The New Left any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Roots Of Radicalism Jews Christians And The New Left Books

1. Where can I buy Roots Of Radicalism Jews Christians And The New Left books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores.
