Rossetti Dante And Ourselves:

Rossetti, Dante and Ourselves Nicolette Gray, 1945 **Rossetti, Dante and Ourselves** Nicolette Mary (Binyon) Gray, 1947 **Rossetti, Dante, and Ourselves** Nicolette Gray, 1947 *Dante's Vita Nuova and the New Testament* William Franke, 2021-09-09 A vivid reimagining of the Vita nuova as a revolution in poetry and a revelation of divine destiny through love *Dante and English Poetry* Steve Ellis, 1983 This book is a history of the influence of Dante on English poetry The focus is not primarily upon stylistic influences or attempts to imitate Dante's manner of writing but rather on the different guises in which the enormous presence of Dante has made itself felt and how that presence has affected some of the central concerns of the poets in question The poets considered are Shelley Byron Browning Rossetti Yeats Pound and Eliot In addition to analysing the way Dante is approached by these poets in their major poetry Dr Ellis also discusses relevant critical works Shelley's Defence of Poetry Pound's The Spirit of Romance and Yeats A Vision The critical survey is unified by the attempt to show certain recurrent preoccupations in the work of these writers such as the need to define a tradition in which Dante is a necessary forerunner Ellis also shows that Dante has been read in a very partial way by these poets and the images of him which emerge in their works are inevitably varied and contradictory *The Mind of Dante* U. Limentani, 1965-01-02 Originally published in 1965 these seven essays reproduce the lectures that were delivered in Cambridge to mark the seventh centenary of the birth of Dante The Written and the Visual Małgorzata Łuczyńska-Hołyńska, 2021-06-07 The author investigates the points of contact between literature visual arts and feminist criticism by offering fresh readings of selected Romantic and Victorian poems about women and a discussion of their wide ranging visual history a subject which has not yet been undertaken in a book length study The innovative feature of the project lies in its scope and merit extensive readings of 19th century poetry informed by carefully chosen critical approaches are followed by a rich overview and analysis of visual renderings of the poems in question Łuczyńska-Hołyńska has succeeded in bringing to light previously unknown or undiscussed works and reappraised many well known paintings and illustrations *After Babel* George Steiner, 1998 Translation has long needed a champion and at last in George Steiner it has found a scholar who is a match for the task Sunday Times First published in 1975 After Babel constituted the first systematic investigation of the theory and processes of translation since the eighteenth century In mapping out its own field it quickly established itself as both controversial and seminal and gave rise to a considerable and still growing body of secondary literature Even today with its status as a modern classic beyond question many of the book's insights remain provocative and challenging For the second edition of After Babel George Steiner entirely revised the text added new and expanded notes provided a substantially updated bibliography including much Russian and Eastern European material and wrote a new preface setting the book in the present context of hermeneutics poetics and translation studies Steiner's subject is extravagantly rich and he ponders it on the most generous scale his language and his ideas display even handedness

seriousness without heaviness learning without pedantry and sober charm New Yorker **Strange Sisters** Francesca Orestano, 2009 This collection of essays stems from the conference Nineteenth Century Literature and Aesthetics which was held at the University of Milan in 2006 and organised by the editors of this volume The interface between word and image covered in these essays embraces the fields of literature architecture painting photography music and art criticism The authors stress the role of aesthetics in a number of contexts ranging from the early 1830s to the fin de siècle and beyond as far as the last influences of Victorian taste on the early years of the twentieth century During the nineteenth century the ancient interaction between literature and aesthetics was challenged and criticised by Martineau Rossetti Ruskin Pater Wilde Beardsley Cameron and Carroll among others their awareness of the complexity of visual perception problematised the existing categories of realism artistic conventions discourse of description translation and representation The essays cover almost a century of debate between literature and aesthetics They focus on the intersection of word and image by emphasising transgressions in art hierarchies forms and languages which restyle existing categories and project them into new aesthetic dimensions beyond the conventional idea of the sister arts **Introductory Papers on Dante** Dorothy L. Sayers, 2006-01-01 Introducing the Dante Papers Trilogy Introductory Papers on Dante Further Papers on Dante The Poetry of Search and the Poetry of Statement This introductory volume of essays on Dante by Dr Dorothy L Sayers will be eagerly sought by the many thousands of readers who already know her vigorous and vivid translation of the *Inferno* As those who have heard Miss Sayer's lectures on Dante can testify she brings to the interpretation of the *Divine Comedy* a vitalizing power of analysis and re-creation Readers of Dante often become discouraged by the mass of factual detail which the older school of historical criticism has made available mere aestheticism however unrelated to the time and space is not likely to satisfy them either They will find in Miss Sayers' essays enough scholarly assistance to put themselves in the position of a contemporary reader but their attention will chiefly be drawn to the relevance of the *Divine Comedy* to our present day world and way of life Miss Sayers' emphasis on the ethical rather than on the aesthetic or historical significance of Dante's work comes as a welcome and bracing challenge to the confusion regarding values whether of literature or of life which characterizes the present age **A Bookman's Catalogue Vol. 2 M-End** T. Bose, R. N. Colbeck, 2011-11-01 The Colbeck collection was formed over half a century ago by the Bournemouth bookseller Norman Colbeck Focusing primarily on British essayists and poets of the nineteenth century from the Romantic Movement through the Edwardian era the collection features nearly 500 authors and lists over 13 000 works Entries are alphabetically arranged by author with copious notes on the condition and binding of each copy Nine appendices provide listings of selected periodicals series publications anthologies yearbooks and topical works *Dante Encyclopedia* Richard Lansing, 2010-09-13 Available for the first time in paperback this essential resource presents a systematic introduction to Dante's life and works his cultural context and intellectual legacy The only such work available in English this Encyclopedia brings together contemporary theories on Dante

summarizing them in clear and vivid prose provides in depth discussions of the Divine Comedy looking at title and form moral structure allegory and realism manuscript tradition and also taking account of the various editions of the work over the centuries contains numerous entries on Dante's other important writings and on the major subjects covered within them addresses connections between Dante and philosophy theology poetics art psychology science and music as well as critical perspective across the ages from Dante's first critics to the present

A Victorian Muse Julia Straub, 2011-11-03 The figure of Dante's Beatrice can be seen as a cultural phenomenon or myth during the nineteenth century inspiring a wide variety of representations in literature and the visual arts This study looks at the cultural afterlife of Beatrice in the Victorian period in remarkably different contexts Focusing on literary representations and selected examples from the visual arts this book examines works by Dante Gabriel Rossetti and Christina Rossetti George Eliot Alfred Lord Tennyson and Walter Pater as well as by John Ruskin Maria Rossetti and Arthur Henry Hallam Julia Straub's analysis shows how the various representations of Beatrice in literature and in the visual arts reflect in meaningful ways some of the central social and aesthetic concerns of the Victorian period most importantly its discourse on gender This study offers fascinating insights into the Victorian reception of Dante by exploring the powerful appeal of his muse

The Cambridge Bibliography of English Literature Frederick Wilse Bateson, 1940 *Poetry of the Victorian Period* Jerome Hamilton Buckley, 1965 Selected and edited with critical and explanatory notes brief biographies and bibliographies

Paraphernalia! Victorian Objects Helen Kingstone, Kate Lister, 2018-01-17 The Victorian era is famous for the collecting hoarding and displaying of things for the mass production and consumption of things for the invention distribution and sale of things for those who had things and those who did not For many people the Victorian period is intrinsically associated with paraphernalia This collection of essays explores the Victorians through their materiality and asks how objects were part of being Victorian which objects defined them represented them were uniquely theirs and how reading the Victorians through their possessions can deepen our understanding of Victorian culture Miscellaneous and often auxiliary paraphernalia becomes the disjuncta of everyday life deemed neither valuable enough for museums nor symbolic enough for purely literary study This interdisciplinary collection looks at the historical cultural and literary debris that makes up the background of Victorian life Valentine's cards fish tanks sugar plums china ornaments hair ribbons dresses and more Contributors also however consider how we use Victorian objects to construct the Victorian today museum spaces the relation of Victorian text to object and our reading or gazing at Victorian advertisements out of context on searchable online databases Responding to thing theory and modern scholarship on Victorian material culture this book addresses five key concerns of Victorian materiality collecting defining class in the home objects becoming things objects to texts objects in circulation through print culture
