

Royal Trains The

M Woodhall

Royal Trains The:

The Royal Train Brian Hoey, 2011-10 There is in fact no single Royal Train but rather a set of rail vehicles that can be assembled into whatever configuration is required depending on which member of the Royal Family is travelling This title examines various aspects of the Royals favourite form of transport including the rolling stock the locomotives the costs and more

Peril on the Royal Train Edward Marston, 2013-04-29 Spring 1858 The route of the Caledonian Railway through the southern uplands of the Scottish countryside is disrupted by a fatal crash Inspector Robert Colbeck and Sergeant Victor Leeming are called from the crime of London to investigate and must contend with old enemy Superintendent Rory McTurk to uncover the criminals behind the disaster

Royal Transport Peter Pigott, 2005-11-19 The conveyance of royalty whether to Balmoral or Buffalo by Rolls Royce or Canadian Pacific train has its own mysterious traditions and protocols With dry humour and a keen sense of history Peter Pigott describes how the British royal family has adapted to technological innovations Organized thematically the book is packed with well researched details We know all about the royal family's lives especially their romances and scandals but do we know who was the first monarch to drive a motorcar The first to fly in an aircraft Which king so loved his yacht that he ordered it scuttled on his death *Royal Transport* is a fascinating look at how British royalty has travelled since the invention of steam This richly illustrated book covers all modes of royal transport in Britain and the Commonwealth some of the most famous and yet unknown transport in the world

Royal Spring Arthur Bousfield, Garry Toffoli, 1989-01-01 A beautiful and nostalgic look at the royal tour that captured a generation the first visit of a reigning monarch to Canada This six week visit from the Atlantic to the Pacific and back again with a short excursion to the United States enthralled a young nation Fifty years ago King George VI and Queen Elizabeth arrived at Quebec City to tour the senior daughter of the dominions This is a fond recollection of those few magic weeks and the outpouring of affection for the new king and his beautiful wife Filled with contemporary pictures and anecdotes this book captures the feeling of the times with a look at the way Canadians reacted to seeing their sovereign the formal and informal photographs the speeches and tributes the advertising art the menus for formal dinners the music and poetry composed for the event The second section of the book chronicles the King and Queen's other visits to Canada before and after that epochal visit The King was here as a young man The Queen Mother has been to Canada many times since 1939 and in a moving speech at Queen's Park in Toronto in 1979 reflecting on the tour she said I lost my heart to Canada and Canadians *Royal Spring* includes an 8 page section on the most recent and golden anniversary visit July 1989

Royal Trains Patrick Kingston, G. M. Kichenside, 1985

Luxury Railway Travel Martyn Pring, 2019-10-30 Reads like an extravagant time travel through Britain's opulence era where train travel was just as stylish and fanciful as the elite class themselves Manhattan with a Twist Martyn Pring has carried out considerable research tracing the evolution of British luxury train travel weaving railway social and travel history threads around a number of Britain's mainline routes traditionally associated with glamorous trains Drawing on

contemporary coverage he chronicles the luxury products and services shaped by railway companies and hospitality businesses for Britain's burgeoning upper and middle classes and wealthy overseas visitors particularly Americans who demanded more civilized and comfortable rail travel By Edwardian times a pleasure palace industry emerged as entrepreneurs hotel proprietors local authorities and railway companies all collaborated developing upscale destinations building civic amenities creating sightseeing and leisure pursuits and in place making initiatives to attract prosperous patrons Luxury named trains delivered sophisticated and fashionable settings encouraging a golden age of civilized business and leisure travel Harkening back to the inter war years modern luxury train operators now redefine and capture the allure and excitement of dining and train travel experiences Martyn's extraordinarily beautiful book is more than a collection of classic railway posters it describes a way of life that's now lost in the mists of the twentieth century As a piece of social history this book is faultless and a precious reminder of luxury and class distinction a fabulous book Exceptional Books Monthly A comprehensive account of luxury hotel trains dining trains and the presentations of heritage railways brings the story to its unexpected conclusion this is a lively take on a neglected topic BackTrack **Chambers's Edinburgh Journal**, 1907 **"The" Illustrated London News**, 1843 Encyclopedia of North American Railroads William D Middleton, George M. Smerk, Roberta L. Diehl, 2007-04-06 Lavishly illustrated and a joy to read this authoritative reference work on the North American continent's railroads covers the U S Canadian Mexican Central American and Cuban systems The encyclopedia's overarching theme is the evolution of the railroad industry and the historical impact of its progress on the North American continent This thoroughly researched work examines the various aspects of the industry's development technology operations cultural impact the evolution of public policy regarding the industry and the structural functioning of modern railroads More than 500 alphabetical entries cover a myriad of subjects including numerous entries profiling the principal companies suppliers manufacturers and individuals influencing the history of the rails Extensive appendices provide data regarding weight fuel statistical trends and more as well as a list of 130 vital railroad books Railfans will treasure this indispensable work The Royal Insider Paul Burrell, 2025-09-11 For over two decades Paul Burrell was a silent witness to the making of history first as footman to Queen Elizabeth II then as butler to King Charles III then Prince of Wales and most famously as a confidante of the late Princess Diana Now with a unique perspective shaped by time and change he's ready to share his own story alongside theirs His bestselling memoir A Royal Duty about his friendship with Diana sent shockwaves around the world selling over two million copies But it is only in the wake of the Queen's passing and the commencement of a new royal era Burrell feels he can finally tell his story in full In this deeply personal and intimate memoir Burrell shares many untold stories of his life at home and abroad with the Royals With warmth candour and rare insight he recounts unexpected moments of intimacy with the Queen who gently guided a fresh faced 18 year old Burrell through palace life He speaks candidly about the tensions that simmered during those years including the breakdown of Charles and Diana's marriage and

his own complex relationship with Princes William and Harry He also reveals his heartache at parting with three of the most significant women in his life the Queen Diana and his wife Maria all while navigating his own personal journey to happiness as well as a battle with prostate cancer Heartfelt sincere and rich in detail this is the memoir of a man who has lived and learned in the most extraordinary of ways **Royals in Canada 5-Book Bundle** Arthur Bousfield,Garry Toffoli,2016-03-21 Discover the Royal Family as they go home to Canada Collected together are five must have books on the Royal Family s relationship with Canada their tours and a Canadian perspective on their biographies Includes Royal Tours 1786 2010 Fifty Years the Queen Queen Elizabeth The Queen Mother 1900 2002 Royal Observations Royal Spring Boat Trains: The English Channel & Ocean Liner Specials Martyn Pring,2021-01-18 A study of the specialty train including its history development and operation beginning at the end of the nineteenth century In many ways this title featuring the evolution of cross channel boat trains and the many dedicated services responsible for moving international passengers to and from trans Atlantic steamers is an extension of luxury railway travel But that s not the full story as it encapsulates more than 125 years of independent and organised tourism development At the end of the nineteenth century faster and more stable twin screw vessels replaced cross channel paddlers resulting in a significant expansion in the numbers of day excursionists and short stay visitors heading to Belgium France and the Channel Islands Continental Europe as it had done since the end of the Napoleonic Wars beckoned introducing ideas of modern day mass tourism Numerous liners bestriding the globe were British domiciled Major ports became hives of commercial activity involving moving freight and mail as well as transporting all manner of travellers Not only was there intense competition for passenger traffic between the Old and New World and Britain s imperial interests greater numbers of well heeled tourists headed off to warmer winter climes and also experimented with the novel idea of using ocean steamers as hotels to visit an array of diverse destinations Cruise tourism and the itinerary had arrived as Ocean Special boat trains became essential components of railway and port procedures Whilst some railway operations were dedicated to emigrant traffic continental and ocean liner boat trains were also synonymous with the most glamorous travel services ever choreographed by shipping lines and railway companies working closely in tandem This well illustrated book explores the many functions of boat train travel This book should appeal to the rail fan the ship enthusiast the connoisseur of travel posters and those interested in the business of transportation I know of nowhere else one can find so much information on boat train operation in one book Well worth a read by anyone interested in the interconnectivity of different means of public transportation Charles H Bogart Steamship Historical Society of America Train Doctor Roger Senior,2016-09-30 Train Doctor is the story of Roger Senior s career in the railway industry from 1968 when the author joined British Railways until his retirement from Great North Eastern Railway The book takes you from the 1970s period with its first generation Diesels through to privatisation in 1994 and the electrified East Coast main line This will be of interest to enthusiasts and modern railway historians with its inside look at the railway industry during a time

of considerable change The author began his career with first generation diesel classes on the Eastern Region of what was then British Railways and went on to work with the High Speed Train Fleet when they were first introduced to main line service in the 1970s This is a story of troubleshooting with many different types of modern traction over a period of twenty five years an insight in to the trials and tribulations of keeping the railway running in all weathers and at all costs Roger Senior later worked with electric traction both before and after privatisation on the East Coast main line finishing his career with Great North Eastern Railway as the Resident Engineer for the refurbishment of the MK1V fleet known as the Mallard project
