being an egoist publicity hound double dealer and Machiavellian accusations that his friends and even he himself could not deny He could only serve Britain as a statesman and a reformer because he was a wily politician who won sixteen of twenty one elections that he contested between 1899 and 1955 The House of Commons was Churchill s political temple where he exalted in the speeches and harangues on the floor and the backroom horse trading and camaraderie Most of his life he was a Cassandra warning against the threats of Communism Nazism and nuclear Armageddon With his ability to think beyond mental boxes and connect far flung dots he clearly foretold events to which virtually everyone else was oblivious Yet he was certainly not always right and was at times spectacularly wrong This is the first book that explores how Churchill understood and asserted the art of power mostly through hundreds of his own insights expressed through his speeches and writings

Gillon, 2025-02-18 Steven M Gillon historian and New York Times bestselling author is back with the story of how WWII shaped the characters and politics of seven American presidents World War II loomed over the latter half of the twentieth century transforming every level of American society and international relationships and searing itself onto the psyche of an entire generation including that of seven American presidents Dwight D Eisenhower John F Kennedy Lyndon B Johnson Richard Nixon Gerald Ford Ronald Reagan and George H W Bush The lessons of World War II more than party affiliation or ideology defined the presidencies of these seven men They returned home determined to confront any force that threatened to undermine the war's hard won ideals each with their own unique understanding of patriotism sacrifice and America's role in global politics In *Presidents at War* Gillon examines what these men took away from the war and how they then applied it to Cold War policies that proceeded to change America and the world forever A nuanced and deeply researched exploration of the lives philosophies and legacies of seven remarkable men *Presidents at War* deftly argues that the lessons learned by these postwar presidents continue to shape the landscape upon which current and future presidents stand today **D-Day Hero** Mike Morgan, 2011-08-26 Stanley Hollis won the Victoria Cross when on the 6th of June 1944 he single handedly stormed a German pillbox before going on to save the lives of two comrades D Day's only Victoria Cross winner Hollis was uniquely recommended for this coveted award twice on 6 June A tough working class rebel Hollis was no model soldier he was forever being busted to corporal for various misdemeanours only to win his stripes back again Few soldiers can have seen as much close combat action as Stanley Hollis He fought with the Green Howards at Dunkirk in the Western Desert in Italy on D Day and through France and Germany to the end of the war Seriously wounded and taken prisoner by the Afrika Korps Hollis was personally congratulated by Rommel then made a daring escape In Italy he was recommended for the Distinguished Conduct Medal and was later mentioned in despatches going on to undertake a dangerous undercover reconnaissance of the Normandy invasion beaches On 6 June 1944 Stanley Hollis was involved in two actions that led to his award During the primary assault Hollis single handedly stormed a German pillbox saving his company from certain injury and death and enabling them to open the main beach exit Later that day he saved the lives of two comrades trapped by heavy gunfire in a collapsing house Fully illustrated with archive photographs and ephemera this unique biography of a little known British Second World War hero shows the real man behind the heroic image Mike Morgan has received the Hollis family's full co operation and draws exclusively on personal diaries letters and other memorabilia *Military Law Review*, 2010 12 Seconds of Silence Jamie Holmes, 2020 The riveting story of the American scientists tinkerers and nerds who solved one of the biggest puzzles of World War II and developed one of the most powerful weapons of the war *12 Seconds of Silence* is the remarkable lost story of how a rag tag group of American scientists overcame one of the toughest problems of World War II Shooting things out of the sky Working in a secretive organization known as Section T a team of physicists engineers and

everyday Joes and Janes created one of the world's first smart weapons: the proximity fuse. The tiny gadget allowed an artillery shell to know when to explode to bring down an aircraft. Against overwhelming odds and in a race against time, mustering every scrap of resource, ingenuity and insight, the scientists of Section T would eventually save countless lives, rescue the city of London from the onslaught of a Nazi superweapon and help bring about the Axis defeat. A holy grail sought after by Allied and Axis powers alike, the fuse ranks with the atomic bomb as one of the most revolutionary technologies of the Second World War. Until now its tale was largely untold. For fans of Erik Larson and Ben Macintyre set amidst the fog of espionage, dueling spies and the dawn of an age when science would determine the fate of the world, *12 Seconds of Silence* is a tribute to the extraordinary wartime mobilization of American science and the ultimate can-do story. *World War II History for Teens* Benjamin Mack-Jackson, 2021-06-01 Explore WWII from the front lines in this teen history book. The untold story shared in these pages is about the women who have been among the first to inhabit this world and whose stories previously have been a missing part of the history of the industry. As a CEO, I believe it is imperative for today's generation of young women to realize there is a seat for them in the boards of oil and gas companies, as the gas ceiling can be broken quicker and easier than before. Reading this book, they will think about these women who have gone before them and broken down those barriers in order to give them new opportunities. Maria Moraeus Hanssen, CEO DEA Deutsche Erdoel AG. My belief is that diversity is key to both creativity and solid long-term business results. Even in a country like Norway where professional gender diversity is greater than in any other country, I have had interactions with us where we have an underrepresentation of women in top management positions. I would therefore like to express my appreciation to Rebecca Ponton for keeping this important subject on the agenda by presenting to us positive, impressive and at the same time obtainable role models. Grethe K. Moen, CEO and President Petoro AS. As the industry now is more complex and faces more uncertainty, women will be more important contributors, especially in
