MEMOIRS OF GRAMFLAKES E.B. Hayes, 2008-10-23 Eleanor was inspired by her father at an early age to appreciate family history During her retired lonely years as a widow she started writing for entertainment She did not enjoy pity parties and found a joy in sitting in front of her computer to write about her memories Some of her children and friends enjoyed hearing about past events that interested them and encouraged her to write She was the only girl and oldest child and spent the majority of her growing up years around adults as they told their stories That was their prime entertainment She would like to inspire others to make notes and write stories for their future generations She found that it is amazing how much one can remember and relive as the words appear on the computer screen *Memoirs of a Mother-in-Law* George Sims, 2018-01-01 A hilarious comedy of manners and a gentle satire of Edwardian mores and attitudes This edition contains a wealth of material about the author's life and works notes and a bibliographic section Jane Tressider has never been afraid of speaking her mind even if she admits that she may have occasionally given offence by doing so But as a busy mother of nine children she cannot let such a small foible get in the way of her job which is to keep her feckless husband on his toes while

Abel, 2017-02-28 Challenging assumptions about caregiving for those dying of chronic illness What is it like to live with and love someone whose death while delayed is nevertheless foretold In *Living in Death's Shadow* Emily K. Abel an expert on the history of death and dying examines memoirs written between 1965 and 2014 by family members of people who died from chronic disease In earlier eras death generally occurred quickly from acute illnesses but as chronic disease became the major cause of mortality many people continued to live with terminal diagnoses for months and even years Illuminating the excruciatingly painful experience of coping with a family member's extended fatal illness Abel analyzes the political personal cultural and medical dimensions of these struggles The book focuses on three significant developments that transformed the experiences of those dying and their intimates the passage of Medicare and Medicaid the growing use of high tech treatments at the end of life and the rise of a movement to humanize the care of dying people It questions the exalted value placed on acceptance of mortality as well as the notion that it is always better to die at home than in an institution Ultimately *Living in Death's Shadow* emphasizes the need to shift attention from the drama of death to the entire course of a serious chronic disease The chapters follow a common narrative of life threatening disease learning the diagnosis deciding whether to enroll in a clinical trial acknowledging or struggling against the limits of medicine receiving care at home and in a hospital or nursing home and obtaining palliative and hospice care *Living in Death's Shadow* is essential reading for everyone seeking to understand what it means to live with someone suffering from a chronic fatal condition including cancer AIDS Alzheimer's and heart disease **Memoirs of the Duke de Saint-Simon** Louis de Rouvroy duc de Saint-Simon, 1927 **Memoirs of My Own Times** James Wilkinson, 1816 **DOSTOYEVSKY, THE MAN BEHIND: Memoirs, Letters & Autobiographical Works** Fyodor Dostoyevsky, 2017-08-07 Musaicum Books presents to you this carefully created collection of Fyodor Dostoyevsky's memoirs letters and autobiographical works This ebook has been designed and formatted to the highest digital standards and adjusted for readability on all devices Fyodor Dostoyevsky 1821 1881 was a Russian novelist short story writer essayist journalist and philosopher His literary works explore human psychology in the troubled political social and spiritual atmosphere of 19th century Russia Many of his works contain a strong emphasis on Christianity and its message of absolute love forgiveness and charity explored within the realm of the individual confronted with all of life's hardships and beauty His major works include *Crime and Punishment* 1866 *The Idiot* 1869 *Demons* 1872 and *The Brothers Karamazov* 1880 Many literary critics rate him as one of the greatest and most prominent psychologists in world literature His novella *Notes from Underground* is considered to be one of the first works of existentialist literature Table of Contents BIOGRAPHY Fyodor Dostoyevsky A Study by Aim e Dostoyevsky LETTERS AND
