Looking Other Stories:

Good Looking Bloke and other stories Ken Byerly, 2009-08-18 I didn't set out to write about sex though in some of these stories it does appear that that's what makes the turkey trot. Rather the beginning was mundane enough. In August 2008 I discovered two boxes of old letters in the basement of our house in Vermont. Letters I received and saved between the ages of 18 and 29. For reasons I can't explain these crinkly typed and written pages ignited in me a creative frenzy. I resurrected and rewrote four old short stories and over the next eight months created seven new ones. Have I a favorite I like them all but it struck me in my final run through for this volume that there was only one story MY FRIEND in which I did not change a single word. Here they are hormones and all. psychoanalyst and psychiatrist Jacques Lacan argued that the female body is defined by its lack of male attributes Within this framework he described female sexuality primarily as an absence and assumed female subordination to the male gaze However what happens if one follows Jean Baudrillard's advice to swallow the mirror and go through the looking glass to explore the reflections and realities that we encounter in the cultural mirror which reflects the culture in question its norms ideals and values What if the beautiful is inverted and becomes ugly and the ugly is considered beautiful or shape shifts into something conventionally thought of as beautiful These are the fundamental questions that Basia Sliwinska poses in this important new enquiry into gender identity and the politics of vision in contemporary women's art Through an innovative discussion of the mirror as a metaphor Sliwinska reveals how the post 1989 practices of woman artists from both sides of the

former Iron Curtain such as Joanna Rajkowska Marina Abramovic Boryana Rossa Natalia LL and Anetta Mona Chisa and Lucia Tkacova go beyond gender binaries and instead embrace otherness and difference by playing with visual tropes of femininity Their provocative works offer alternative representations of the female body to those seen in the cultural mirror Their art challenges and deconstructs patriarchal representations of the social and cultural other associated with visual tropes of femininity such as Alice in Wonderland Venus and Medusa The Female Body in the Looking Glass makes a refreshing radical intervention into art theory and cultural studies by offering new theoretical concepts such as the mirror and genderland inspired by Alice's adventures in Wonderland as critical tools with which we can analyse and explain recent developments in women's art

Brave and true; or, The story of Emmy Dutton. and other stories Gregson Gow, 1892 **Little Content, and other stories** Edith Walford, 1870 **The Writing on the Wall and Other Stories** Penny Edwards, 2016-05-12 Peter Bayer was seventy three He'd taught at the school just up the road for most of his life and when the wall came down saw no reason to move Nobody could say life had been easy and when it was built he'd lost contact with many friends but he'd learnt to enjoy life as best he could and had had the good fortune of a happy marriage to Elsa It's 2006 Peter Bayer and his wife Elsa live on the East side of Berlin as they've always

done even when that wasn't an attractive proposition. What limits Peter's freedom nowadays isn't a concrete wall but often feels like one. Elsa has dementia and barely recognises him so his life is not only hard work but it's lonely. What makes it lonelier is that his wife's illness has given her a distorted view of the past and one that would horrify the woman he married. When Helen, a recently widowed English woman, rents the flat Peter owns nearby, he experiences the kinds of conversations that used to be normal for him, which makes his current reality all the more painful. Helen's come to Berlin to find out more about her husband's past in the city and learns things from their German friends that she was unaware of when he was alive. During her struggle to come to terms with her present life, Helen sees that the terrible demands on Peter's life are almost impossible to endure. Other stories in the book show the toll of war as fear is passed from one generation to another and we see how the power of secrecy never disappears. They also reveal how gratitude can take various forms and how intergenerational friendships really are all they're cracked up to be. *The Writing on the Wall* and *Other Stories* is a collection of tales spanning the 1980s to the present day that will appeal to fans of Anne Tyler, Alan Bennett and Alice Munro, whom Penny Edwards takes inspiration from.

Looking Into the Lives of Children Edith W. King, 1999. Eleanor Roosevelt once described Edith King as a world-minded woman. In *LOOKING INTO THE LIVES OF CHILDREN: A WORLDWIDE VIEW*, Edith King maintains this tradition which has guided her observation, research, writing and university teaching. Taking as her central theme the wide-ranging diversity and cultural pluralism which she sees as one of the key features of postmodern nations, she looks at the ways in which education should be delivered to young children, ages four to ten years, in the complex and diverse contemporary society in which they grow up. Her ultimate goal is that her writing will help teachers around the world to develop teaching strategies that acknowledge our human diversity within an overall context of equality and peacefulness.

Look Andrew L. Yarrow, 2021-11. Andrew L. Yarrow tells the story of *Look* magazine, one of the greatest mass circulation publications in American history and the very different United States in which it existed. The all-but-forgotten magazine had an extraordinary influence on mid-twentieth-century America, not only by telling powerful, thoughtful stories and printing outstanding photographs but also by helping to create a national conversation around a common set of ideas and ideals. Yarrow describes how the magazine covered the United States and the world, telling stories of people and trends, injustices and triumphs, and included essays by prominent Americans such as Martin Luther King Jr and Margaret Mead. It did not shy away from exposing the country's problems but it always believed that those problems could be solved. *Look*, which was published from 1937 to 1971 and had about 35 million readers at its peak, was an astute observer with a distinctive take on one of the greatest eras in U.S. history, from winning World War II and building immense, increasingly inclusive prosperity to celebrating grand achievements and advancing the rights of Black and female citizens. Because the magazine shaped Americans' beliefs while guiding the country through a period of profound social and cultural change, this is also a story about how a long-gone form of journalism helped make America better and assured readers it could be better still.
