

The Lookout

by Robert Girvan

The woods were dark, but it was day.
The brush grew dense toward the edge.
You seemed well-enough to lead.
That Lookout had to be close-by.

We stopped and stood silently as
high branches cracked in the cold.
There, falling sharply between rocks,
the path to the Lookout plunged.

“We went down there when they were young,”
you said lightly, while peering down.
“It was easier then,” I said.
You stared at the unknown blackness.

Stricken, you spoke: “I can’t do it.”
The sweep of blue was not for us.
You rushed ahead, while I looked down.
Leaves joined rock, like love with death.

Excerpt from *The Lookout and Other Poems* The earth has voices low and meek For each who in its pathway strays But accents yet more gently speak In language that through nature plays Than lightest warbling of a bird Or whisper of a leafy tree A softer utterance is heard A breath inbreathed o'er land and sea Who walks in time's events and cares His thought with deep concerns replete Perceives it floating on the airs And deems no other sound so sweet The heart receives in solemn pause The crowning sentiment it brings Love's wording of life's inward cause The message of the soul of things About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Seamus Heaney Helen Vendler, 1998 The most astute and eloquent critic of poetry at work today Michiko Kakutani New York Times A renowned American critic charts the creative evolution of the greatest Irish poet since Yeats If other books on Nobel laureate Seamus Heaney have dwelled on the biographical geographical and political aspects of his writing Helen Vendler looks squarely and deeply at his poetic art Tracing the eminent poet's development from his beginnings in *Death of a Naturalist* 1966 through *The Spirit Level* 1996 Seamus Heaney is an inspired and nuanced portrait of an Irish chronicler of public as well as private life whose work has given voice to his troubled times With characteristic discernment and eloquence Vendler considers an often neglected but crucial part of Heaney's evolving talent self revision Here we see how later poems return to the themes or genres of the
