Luftwaffe Propaganda A Pictorial History Of The Luftwaffe In Original German Postcards:

Luftwaffe Propaganda James Wilson,1996 *Luftwaffe Propaganda Postcards* James Wilson,1996 History of the Luftwaffe using original German postcards produced between 1933 1945 *Hermann and Albert Goering* James Wyllie,2011-09-30 They were the most unlikely of siblings one Adolf Hitler s most trusted henchman the other a fervent anti Nazi Hermann Goering was a founder member of the Nazi Party who became commander of the Luftwaffe ordering the terror bombing of civilians and promoting the use of slave labour in his factories His brother Albert loathed Hitler s regime and saved hundreds possibly thousands across Europe from Nazi persecution He deferred to Hermann as head of the family but spent nearly a decade working against his brother s regime If he had been anyone else he would have been imprisoned or executed Despite their extreme and differing beliefs Hermann sheltered his brother from prosecution and they remained close throughout the war Here for the first time James Wyllie brings Albert out of the shadows and explores the extraordinary relationship of the Goering brothers **The Warlord and the Renegade** James Wyllie,2007-02-01 There is a continuing interest in the history of Hitler s Third Reich This is a quirky untold story of Hitler s Third Reich that uncovers the Goring brothers bizarre relationship It is illustrated with many rare archive photographs **La batalla por las emociones. La tarjeta postal en las guerras mundiales** José Manuel López Torán ,2023-10-24 Las dos guerras mundiales han marcado un punto de inflexión en la historia bélica tanto por su envergadura como por las implicaciones que han traído consigo Sus consecuencias han tenido numerosas manifestaciones muchas de ellas fácilmente perceptibles como la destrucción material de una larga lista de ciudades europeas o el colapso demográfico Más desapercibidas han pasado las emociones que experimentaron aquellos millones de personas que se vieron inmersos en uno u otro conflicto ya que la atención la han acaparado con relativa frecuencia las operaciones militares No obstante el hecho de descender hasta las percepciones individuales que tuvieron quienes padecieron los horrores de las guerras nos ofrece un lugar privilegiado desde el que poder acceder a la realidad de los dos episodios bélicos Si bien este acercamiento se puede llevar a cabo a través de fuentes documentales de distinta índole en la presente monografía se han elegido las tarjetas postales Frente a otros soportes estas pequeñas cartulinas ofrecen como principal ventaja su discurso doble puesto que se puede extraer información de suma importancia bien a través de las imágenes que ilustran los anversos o bien por medio de los mensajes escritos en los reversos De esta manera los tres ejes sobre los que se ha construido la presente obra son guerras mundiales postales y emociones

Books in Print ,1991 A History of the Twentieth Century in 100 Maps Tim Bryars,Tom Harper,2014-12-10 The twentieth century was a golden age of mapmaking an era of cartographic boom Maps proliferated and permeated almost every aspect of daily life not only chronicling geography and history but also charting and conveying myriad political and social agendas Here Tim Bryars and Tom Harper select one hundred maps from the millions printed drawn or otherwise constructed during the twentieth century and recount through them a narrative of the century s key events and

developments As Bryars and Harper reveal maps make ideal narrators and the maps in this book tell the story of the 1900s which saw two world wars the Great Depression the Swinging Sixties the Cold War feminism leisure and the Internet Several of the maps have already gained recognition for their historical significance for example Harry Beck's iconic London Underground map but the majority of maps on these pages have rarely if ever been seen in print since they first appeared There are maps that were printed on handkerchiefs and on the endpapers of books maps that were used in advertising or propaganda maps that were strictly official and those that were entirely commercial maps that were printed by the thousand and highly specialist maps issued in editions of just a few dozen maps that were envisaged as permanent keepsakes of major events and maps that were relevant for a matter of hours or days As much a pleasure to view as it is to read *A History of the Twentieth Century in 100 Maps* celebrates the visual variety of twentieth century maps and the hilarious shocking or poignant narratives of the individuals and institutions caught up in their production and use [Propaganda Postcards of the Luftwaffe](#) James Wilson,2007-04-01 *Propaganda Postcards of the Luftwaffe* focuses on the efforts of the powerful Nazi propaganda machine to promote the technical achievements and might of the then newly created German air force The Luftwaffe had been announced to the world in March 1935 despite the restrictions contained in the Versailles Treaty signed after the First World War denying Germany the right to develop military aircraft All major aircraft types used by the Luftwaffe together with many lesser known obscure and secondary types are represented in this book There is a section covering the main figures of the Luftwaffe and the leading aces who flew the aircraft The German Air and Propaganda ministries worked together and using professional photographers produced quality images which were then made available to the general public in an attempt to inspire the nation and create strong moral [Postcards of Hitler's Germany: 1940 to 1945](#) Roger James Bender,2003-01-01 After extensive years of research the third volume of this series is finally available As with the first two volumes it chronologically covers official issues printed to private order for special events and propaganda cards for the years 1940 1945 For added interest the colorful cards from annexed and occupied countries are also included Austria Bohemia and Moravia Poland Alsace and Lorraine Latvia Ukraine Serbia Albania the Island of Rhodes just to name a few This volume will be of particular value to collectors as it is almost 100% full color to include all the imprinted stamps This allows for close scrutiny of the various overprints and the identification of the numerous color variations If you love the study of postcards be prepared to be immersed in more color and variant details than ever seen before [German Propaganda Postcards](#) ,2013
