Luisa And The Silence:

Luisa and the Silence Claudio Piersanti, 2002 Piersanti uses sharp detail and nuance to construct an everyday life Luisa and the Silence is the portrait of an ordinary person distinctive neither in appearance nor in the depth of her thoughts Avoiding any pretension to social criticism Piersanti instead has created a daring novel where the main character simply is

Memory, History, Nation Susannah Radstone, 2017-09-04 In the last decade a focus on memory in the human sciences has encouraged new approaches to the study of the past As the humanities and social sciences have put into question their own claims to objectivity authority and universality memory has appeared to offer a way of engaging with knowledge of the past as inevitably partial subjective and local At the same time memory and memorial practices have become sites of contestation and the politics of memory are increasingly prominent This inter disciplinary volume demonstrates from a range of perspectives the complex cultural work and struggles over meaning that lie at the heart of what we call memory The chapters in this volume offer a complex awareness of the workings of memory and the ways in which different or changing histories may be explained They explore the relation between individual and social memory between real and imaginary event and fantasy history and myth Contradictory accounts or memories in direct contradiction to the historical record are not always the sign of a repressive authority attempting to cover something up The tension between memory as a safeguard against attempts to silence dissenting voices and memory's own implication in that silencing runs throughout the book Topics covered range from the Basque country to Cambodia from Hungary to South Africa from the Finnish Civil War to the cult Jim Jarmusch movie Dead Man from the Rock and Roll Hall of Fame to Australia Part I Transforming Memory is concerned primarily with the social and personal transmission of memory across time and generations Part II Remembering Suffering Trauma and History brings the after effects of catastrophe to the fore Part III Patterning the National Past the relation between nation and memory is the central issue Part IV And Then Silence reflects on the complex and multiple meaning of silence and oblivion wherein amnesia is often used as a figure for the denial of shameful Anthropology and Sexual Morality Carles Salazar, 2006 The history of sexual morality in Ireland has been traditionally associated with repression In the last two decades however repression seems to have given way to its exact opposite But where did this repression originate And how can we account for this sudden and sweeping transformation in sexual mores Based on solid ethnographic and historical analysis of sexual morality in rural Ireland augmented by comparative data from Papua New Guinea and being informed by Freud's emblematic concept of repression the author draws new conclusions that not only apply to the specific case of his Irish material but shed new light on the specific nature of an anthropological approach to the study of human societies Italian Literature since 1900 in English Translation 1929-2016 Robin Healey, 2019-03-07 Providing the most complete record possible of texts by Italian writers active after 1900 this annotated bibliography covers over 4 800 distinct editions of writings by some 1 700 Italian authors Many entries are accompanied by useful notes that provide

Unveiling Secrets of War in the Peruvian Andes Olga M. González,2011-04-30 The Maoist guerrilla group Shining Path launched its violent campaign against the government in Peru s Ayacucho region in 1980 When the military and counterinsurgency police forces were dispatched to oppose the insurrection the violence quickly escalated The peasant community of Sarhua was at the epicenter of the conflict and this small village is the focus of *Unveiling Secrets of War in the Peruvian Andes* There nearly a decade after the event Olga M Gonz lez follows the tangled thread of a public secret the disappearance of Narciso Huicho the man blamed for plunging Sarhua into a conflict that would sunder the community for years Drawing on extensive fieldwork and a novel use of a cycle of paintings Gonz lez examines the relationship between secrecy and memory Her attention to the gaps and silences within both the Sarhuinos oral histories and the paintings reveals the pervasive reality of secrecy for people who have endured episodes of intense violence Gonz lez conveys how public secrets turn the process of unmasking into a complex mode of truth telling Ultimately public secrecy is

an intricate way of remembering to forget that establishes a normative truth that makes life livable in the aftermath of a civil war The silent morning Trudi Tate, Kate Kennedy, 2016-01-04 This is the first book to study the cultural impact of the Armistice of 11 November 1918 It contains 14 new essays from scholars working in literature music art history and military history The Armistice brought hopes for a better future as well as sadness disappointment and rage Many people in all the combatant nations asked hard questions about the purpose of the war These questions are explored in complex and nuanced ways in the literature music and art of the period This book revisits the silence of the Armistice and asks how its effect was to echo into the following decades The essays are genuinely interdisciplinary and are written in a clear accessible style

Narratives of the Unspoken in Contemporary Irish Fiction M. Teresa Caneda-Cabrera, José Carregal-Romero, 2023-07-21 This Open access book is a collection of essays and offers an in depth analysis of silence as an aesthetic practice and a textual strategy which paradoxically speaks of the unspoken nature of many inconvenient hidden truths of Irish society in the work of contemporary fiction writers The study acknowledges Ireland's history of damaging silences and considers its legacies but it also underscores how silence can serve as a valuable even productive means of expression From a wide range of critical perspectives the individual essays address among other issues the conspiracies of silence in Catholic Ireland the silenced structural oppression of Celtic Tiger Ireland the recovery of silenced stories voices of the past and their examination in the present as well as millennial disaffection and the silencing of vulnerability in today's neoliberal Ireland The book's attention to silence provides a rich vocabulary for understanding what unfolds in the quiet interstices of Irish writing from recent decades This study also invokes the past to understand the present and thus demonstrates the continuities and discontinuities that define how silence operates in Irish culture Grant FFI2017 84619 P AEI ERDF EU INTRUTHS Inconvenient Truths Cultural Practices of Silence in Contemporary Irish Fiction Funded by the Spanish Research Agency AEI <http://dx.doi.org/10.13039/501100011033> and by the European Regional Development Fund ERDF A Way of Making Europe

Class, Contention, and a World in Motion Winnie Lem, Pauline Gardiner Barber, 2010-07-01 Prevailing scholarship on migration tends to present migrants as the objects of history subjected to abstract global forces or to concrete forms of regulation imposed by state and supra state organizations In this volume by contrast the focus is on migrants as the subjects of history who not only react but also act to engage with and transform their worlds Using ethnographic examples from Africa Asia Europe North America and the Middle East contributors question how and why particular forms of political struggle and collective action may or indeed may not be carried forward in the context of geographic and social border crossings In doing so they bring the dynamic relationship between class gender and culture to the forefront in each distinctive migration setting
