Lure Of Knowledge Lesbian Sexuality And Theory:

A Lure of Knowledge Judith Roof, 1991 Lesbianism in literature has been dealt with rather indirectly in the past Editors have led readers to the artistry of a work containing lesbianism emphasizing instead the literary history and historical context of the work rather than the representations of lesbianism The editor for Colette's *The Pure and the Impure* for instance affirms that Colette has a knowledge of a strange sisterhood but assures readers she has never strayed from the normal In the groundbreaking *A Lure of Knowledge* Judith Roof demonstrates that representations of lesbian sexuality occupy specific locations or positions in the arguments subject matter and rhetoric of Western European and American literary criticism She examines the political context of representations how lesbian sexuality is used as a signifier and why it appears when and where it does Roof argues that attempts to depict or explain lesbian sexuality spur anxieties about knowledge and identity In reaction to and denial of these anxieties lesbian sexuality is represented in film literature theory and criticism as foreplay as simulated heterosexuality as erotic excess as joking inauthenticity as artful compromise or as masculine mask in a specific repertoire of neutralization and evasion Challenging the heterosexism of film theory and feminist theory this book analyzes the rhetorical use of lesbian sexuality Roof explores a range of discourses from the works of such authors as Anais Nin Olga Broumas Julia Kristeva Jane Rule Luce Irigaray and Sigmund Freud to films such as *Emmanuelle* *Desert Hearts* *Entre Nous* and *I've Heard the Mermaids Singing* to professional tennis *The Sounds of Feminist Theory* Ruth Salvaggio, 1999-01-01 A range of contemporary feminist critical writers are discussed Gloria Anzaldua Judith Butler Helene Cixous Rachel Blau DuPlessis Jane Flax Susan Griffin Donna Haraway Luce Irigaray Julia Kristeva Elaine Pagels Adrienne Rich Eve Sedgwick Joan Scott Jane Tompkins Trinh Minh ha and Patricia Williams Their investment in the oral modulations of words marks not only a provocative engagement with the incommensurability of contemporary theory but also a turn to the ambiguous and tangled qualities of language poetic literacy that generate an evocative epistemology BOOK JACKET **Queer Studies** Mickey Elianon, Michele Eliason, 1996 An anthology of expanded versions of papers presented at a November 1994 conference held at the University of Iowa with sections on issues of identity and queer theory in practice Essays are distinguished by their accessibility to undergraduates and non academic readers and cover areas that have often been marginalized by queer studies in the past such as race transgender bisexuality and s m Subjects include recontextualizing butch in 20th century lesbian culture and scientific racism and the invention of the homosexual body Annotation copyright by Book News Inc Portland OR *Following Djuna* Carolyn Allen, 1996-02-22 Allen's book will provide the categories that will deepen our understanding of lesbian relationships and of lesbian fiction *Lesbian Review of Books* Barnes scholars will want to pick up Carolyn Allen's new book for it not only offers perceptive readings of *Nightwood* and the *Little Girl* stories but traces the example of Barnes's exploration of lesbian power and loss in the fiction of Jeanette Winterson Rebecca Brown and the underrated *Bertha Harris* *Review of Contemporary Fiction* fascinating a fine volume Choice

Following Djuna is a fascinating analysis of the textual erotics and lyrical seductions of the work of Djuna Barnes and the writers she influences This scintillating genealogy of lesbian intertextuality expands the field of lesbian and feminist literary inquiry and concepts of lesbian literary production Judith Roof As lesbian literary history here is an instant classic Jane Marcus This is an important and necessary book even further speaking as an admirer of the writers and literary works it discusses and as a personal expert on lost love I find Following Djuna irresistible Karen Helfrich Lambda Book Report Carolyn Allen argues for the importance of women s fiction in understanding women s erotics emotional and sexual exchanges between women Bad Attitude(s) on Trial Shannon Bell,Brenda Cossman,Lise Gotell,Becki L. Ross,2017-06-22 Bad Attitude s on Trial is a critical analysis of pornography in the context of contemporary Canada The notion that pornography both reflects sexual domination and victimizes women has recently found expression in law in the landmark Canadian Supreme Court decision of R v Butler 1992 Many feminists embrace this new law as progressive but in the post Butler years straight mainstream pornography is still flourishing while sexual representations that challenge conventional notions of sexuality such as those centering on gay and lesbian sex and s m sex are the focus of censorship It is the censorship of sexual others that the authors critique from a legal cultural gay and philosophical standpoint Lise Gotell examines the intervention of the Women s Legal Education and Action Fund LEAF in the Butler decision and provides an overview of socio legal debates on pornography and censorship Brenda Cossman examines the Butler decision itself and challenges the dominant reading of this case as a feminist victory Becki Ross critically examines the expert testimony she delivered in defense of Bad Attitude an American lesbian sex magazine seized by police from Glad Day Bookshop in Toronto in 1992 She details the difficulties she encountered in explicating and contextualizing the specificities nuances and complexities of lesbian s m fantasy in a court of law In the final chapter Shannon Bell advances a conception of pornography that is not distinguishable from philosophy using philosophy to make pornography Bad Attitude s on Trial provides a new debate on pornography and feminism It will be of particular interest to students of both women s and gay and lesbian issues but will also be relevant for scholars of law political science and philosophy as well as for anyone interested in a different provocative view of the Butler decision

Teaching Transnational Cinema Katarzyna Marciniak,Bruce Bennett,2016-03-10 This collection of essays offers a pioneering analysis of the political and conceptual complexities of teaching transnational cinema in university classrooms around the world In their exploration of a wide range of films from different national and regional contexts contributors reflect on the practical and pedagogical challenges of teaching about immigrant identities transnational encounters foreignness cosmopolitanism and citizenship terrorism border politics legality and race Probing the value of cinema in interdisciplinary academic study and the changing strategies and philosophies of teaching in the university this volume positions itself at the cutting edge of transnational film studies *A History of Feminist Literary Criticism* Gill Plain,Susan Sellers,2007-08-30 Feminism has transformed the academic study of literature fundamentally altering the canon of what is

taught and setting new agendas for literary analysis In this authoritative history of feminist literary criticism leading scholars chart the development of the practice from the Middle Ages to the present The first section of the book explores protofeminist thought from the Middle Ages onwards and analyses the work of pioneers such as Wollstonecraft and Woolf The second section examines the rise of second wave feminism and maps its interventions across the twentieth century A final section examines the impact of postmodernism on feminist thought and practice This book offers a comprehensive guide to the history and development of feminist literary criticism and a lively reassessment of the main issues and authors in the field It is essential reading for all students and scholars of feminist writing and literary criticism *Outside Belongings*

Elspeth Probyn, 2015-12-22 *Outside Belongings* argues against a psychological depth model of identity one in which individuals possess an intrinsic quality that guarantees authentic belonging Instead Probyn proposes a model of identity that takes into account the desires of individuals and groups of individuals to belong The main ideas she considers the outside the surface and belonging allow her to articulate in concrete terms her precise concerns about sexuality and nationality

Telling Sexual Stories Ken Plummer, 2002-11-01 This book explores the rites of a sexual story telling culture and examines the nature of these newly emerging narratives and the socio historical conditions that have given rise to them

The Formation of 20th-Century Queer Autobiography G. Johnston, 2016-04-30 In their literary autobiographies modernists Vita Sackville West Gertrude Stein Virginia Woolf and H D Hilda Doolittle challenge the scientific figures of the perverse lesbian particularly those promulgated by Havelock Ellis and Sigmund Freud By multiplying their I s manipulating subject and object divisions undermining boundaries between writer and audience and using repetition to code erotic moments these writers queer the terms of autobiography That queering requires understanding autobiography as more institutional than introspective and the autobiographies themselves question the very theories that determine them theories of lesbianism female development and memory
