Dreams in Early Modern England Janine Riviere, 2017-04-28 Dreams in Early Modern England shows the variety and complexity of the early modern English discourses on dreams from the role of dreams and dream theory in framing religious scientific and philosophical debates to the way that dreams continued to offer important spiritual and supernatural guidance and lastly how ordinary people exercised agency over their lives through interpreting and using dreams While today we tend to conceptualize dreams and dreaming as largely psychological this study shows how early modern people understood dreams and dreaming as many different things most significantly as political religious medical philosophical and supernatural

Trice, 2011-04-21 Interest in recent years in reconciliation and conflict transformation has witnessed a great deal of attention to building a future through forgiveness and preventative measures in order to impede egregious wrongdoing This effort for a reconciled future is absent reflection on the nature of cruelty Cruelty has always been apparent in massive acts of wrongdoing and yet is repeatedly concealed in our assessment of the acts themselves This book is a theologically honest and deep structure exploration of cruelty in its personal communal and institutional encounters in human life Drawing on Nietzsche's challenge of cruelty to the western tradition the work offers a comprehensive study of how cruelty undermines care trust respect and justice all those elements of human reciprocity that mark our lives as interdependent beings The work concludes with a tightly written Epilogue on interpreting the theological meaning and accessibility of reconciliation today **Counseling Under the Cross** Bob

Vulnerability and Resilience Jione Havea,2020-01-28 In Vulnerability and Resilience vulnerability is not the final word Rather resilience provides the cutting edge and living breath in the stories of subjects who are vulnerable And they have many stories stories of being trapped in bodies teachings and or situations that make them and others like them vulnerable to discrimination hatred and rejection stories of being trapped because of their bodies theologies and or cultures and stories of being trapped for no good reason For subjects who are vulnerable life is like a maze of traps and stories of resilience keep them going The contributors to Vulnerability and Resilience refuse to be trapped At the intersection of body and liberation theologies they tell their stories in the hope that they will expose cultures that make individuals and communities vulnerable and that those stories will encourage vulnerable subjects to be resilient and bring change to theological institutions that conserve vulnerability Because of the location of the contributors the Americas Africa Asia Europe Caribbean and Oceania this book is a testimony that vulnerability is present all over the world

and that resilience is a liberating alternative
