

GERMAN LANGUAGE

- German is a Germanic language that is mainly spoken in Central Europe. It is the most widely spoken and (co-)official language in Germany, Austria, Switzerland, South Tyrol (Italy), and Liechtenstein; it is also an official, but not majority language of Luxembourg and Belgium. Major languages which are most similar to German include other members of the West Germanic language branch, such as Afrikaans, Dutch, and English. It is the second most widely spoken Germanic language, after English.
- German is the first language of about 95 million people worldwide and the most widely spoken native language in the EU. German also is the third most widely taught foreign language in both the US (after Spanish and French) and the EU (after English and French; at lower secondary level), the second most commonly used scientific language as well as the third used language on websites (after English and Russian). The German speaking countries are ranked fifth in terms of annual publication of new books, with one tenth of all books (including e-books) in the world being published in the German language.
- German derives from the Germanic branch of the Indo-European language family but a portion of German words are derived from Latin and Greek, and fewer are borrowed from French and English.
