Lytle Tate Letters:

The Lytle-Tate Letters Andrew Nelson Lytle, Allen Tate, 1987 This remarkable correspondence between Andrew Lytle Allen Tate covers nearly four decades details the lives friendship works of these two of the South's foremost literary figures their influence upon the shape direction of American literature Selected Letters of Robert Penn Warren Robert Penn Warren, 2008-05-01 Volume four of the Selected Letters of Robert Penn Warren covers a crucial time of personal and professional rejuvenation in Warren's life During the fifteen year period spanned by this correspondence he completed *Brother to Dragons* *Segregation The Inner Conflict in the South* and *Who Speaks for the Negro* As these titles suggest these years were marked by Warren's immersion in American history and his maturing interest in race relations They also saw his return to lyric poetry after a ten year hiatus with the publication of the Pulitzer Prize winning collection *Promises Along with* seeing the completion of some of his most successful work this period was a time of momentous change in Warren's life including his move to Yale University his marriage to his second wife Eleanor and the birth of his two children As a chronicle of Warren's thoughts on his family his work his friends the state of literary studies and the culture at large these letters are invaluable Unlike many writers Warren rarely drafted his correspondence with future readers and scholars in mind he typically saved his prepared statements about the human condition and the state of the world for his poetry fiction and social commentary His letters offer a candid and personal glimpse of Warren's relationships as well as his personal views on literature politics and social trends Their recipients include Ralph Ellison Allen Tate Saul Bellow Robert Lowell Eudora Welty and Louis Rubin as well as Warren's editors reviewers collaborators and other friends Providing an unusually vivid and personal account of Warren's rich and fully realized life these missives are equally revealing of his thoughts on the state of contemporary American culture during this dynamic time in American history **John Brown Still Lives!** R. Blakeslee Gilpin, 2011 Tracing Brown's legacy through writers and artists like Thomas Hovenden W E B Du Bois Robert Penn Warren Jacob Lawrence Kara Walker and others Blake Gilpin transforms Brown from an object of endless manipulation into a dynamic medium for contemporary beliefs about the process and purpose of the American republic book jacket *The Fugitive Poets* William Pratt, 1991-12-03 The indispensable anthology of poetry from the Fugitive group this collection chronicles the impact of literary modernism on these Southern poets as their region took a backward glance before coming to terms with the modern world Southern Classics Series **The Patriot Poets** Stephen J. Adams, 2018-11-30 Tracing the political wisdom in American poetry from colonial times to present day **The Fugitive Legacy** Charlotte H. Beck, 2001-01-01 Previously the protagonists of John Crowe Ransom Allen Tate Donald Davidson and Robert Penn Warren have received considerable scholarly attention only as individuals or in relation to small groups of close knit writers within single literary genres Now for the first time this far ranging group of accomplished writers is united as part of a larger phenomenon the Fugitive legacy which has extended its influence far beyond the parameters of southern literature In *The Fugitive Legacy*

Charlotte H Beck demonstrates the strong influence of the Nashville Fugitives as teachers editors and mentors by examining the extraordinary impact on American letters of the critics poets and fiction writers whom they taught or sponsored By treating the careers of these brilliant authors as a single chapter in literary history Beck makes an invaluable contribution to the understanding of southern literature The cultural importance of the Fugitives has too often been confused with the narrow politics of Agrarianism and relegated to a reactionary piety for regionalism and dead tradition The Fugitive Legacy fills a void in southern literary theory by revealing the resounding echo of this group s voice in modern American literature

Fugitive Theory Christopher M. Duncan,2000-01-01 The group known as the Southern Agrarians came out of Vanderbilt University in the wake of the 1925 Scopes Trial in Dayton Tennessee In response to attacks on the South and Southern culture these scholars and poets including Allen Tate Donald Davidson John Crowe Ransom Robert Penn Warren Andrew Lytle Frank Owsley and others turned their attention to the defense of the South and its political tradition in numerous essays and books Christopher Duncan s Fugitive Theory situates the Agrarians political thought within the larger context of the Western political tradition in general and in the context of American political thought in particular Duncan argues that the political theory of the Southern Agrarians is best understood in terms of a civic republicanism that has its roots in the thought of theorists such as Aristotle Machiavelli James Harrington and Thomas Jefferson In exploring this fascinating chapter of twentieth century American history Duncan recovers a vision that included a commitment to private property in land autonomy and decentralized power a vision that pitted itself against the call for centralization and materialism implicit in the ascendant industrial order

The Southern Agrarians and the New Deal Emily Bingham,Thomas A. Underwood,2001 Underwood s carefully selected collection of six key Agrarians essays combined with a revealing new introduction offers a radically revised view of the movement as it was redefined and revived during the New Deal

Reading the Old Man Bruce A. Ronda,2008 In this absorbing book Bruce Ronda examines the representations of Brown chronologically ranging from Thoreau s Plea for Captain John Brown with its ardent defense of Brown as a patriot Transcendentalist and true New Englander through treatments by anonymous southern writers and well known authors such as John Greenleaf Whittier Herman Melville Richard Henry Dana Frederick Douglass William Dean Howells and E A Robinson Ronda then considers the major treatments of Brown in the early to mid twentieth century by W E B DuBois Stephen Vincent Benet and Robert Penn Warren Of particular interest are discussions of a 1930s poem by Muriel Rukeyser Truman Nelson s 1960 novel The Surveyor and artwork by Jacob Lawrence He concludes with studies of novels by three contemporary authors Russell Banks Michelle Cliff and Bruce Olds

BOOK JACKET

The Rebuke of History Paul V. Murphy,2003-01-14 In 1930 a group of southern intellectuals led by John Crowe Ransom Allen Tate Donald Davidson and Robert Penn Warren published I ll Take My Stand The South and the Agrarian Tradition A stark attack on industrial capitalism and a defiant celebration of southern culture the book has raised the hackles of critics and provoked passionate defenses from southern loyalists ever

since As Paul Murphy shows its effects on the evolution of American conservatism have been enduring as well Tracing the Agrarian tradition from its origins in the 1920s through the present day Murphy shows how what began as a radical conservative movement eventually became alternately a critique of twentieth century American liberalism a defense of the Western tradition and Christian humanism and a form of southern traditionalism which could include a defense of racial segregation Although Agrarianism failed as a practical reform movement its intellectual influence was wide ranging Murphy says This influence expanded as Ransom Tate and Warren gained reputations as leaders of the New Criticism More notably such neo Agrarians as Richard M Weaver and M E Bradford transformed Agrarianism into a form of social and moral traditionalism that has had a significant impact on the emerging conservative movement since World War II
