Lytton Strachey And The Search For Modern Sexual Identity The Last Eminent Victorian

Dominic Janes

Lytton Strachey And The Search For Modern Sexual Identity The Last Eminent Victorian:

Lytton Strachey and the Search for Modern Sexual Identity Julie Anne Taddeo, 2002 This book explores the relationship between British modernism and sexuality and discusses the work of Lytton Strachey and the Bloomsbury Group in relation to ideas of homosexuality and sexual identities

Lytton Strachey and the Search for Modern Sexual Identity Julie Anne Taddeo, 2012-11-12 Examine Lytton Strachey's struggle to create a new homosexual identity and voice through his life and work This study of Lytton Strachey one of the neglected voices of early twentieth century England uses his life and work to re evaluate early British modernism and the relationship between Strachey's sexual rebellion and literature A perfect ancillary textbook for courses in history literature and women's studies Lytton Strachey and the Search for Modern Sexual Identity The Last Eminent Victorian contributes to the expanding field of queer studies from an historian's perspective It looks at homosexuality through the eyes of Lytton Strachey as opposed to the too often analyzed Oscar Wilde and E M Forster Questioning the idea that homosexuality is a transgressive rebellion as Strachey as well as scholars on Bloomsbury have insisted this volume focuses on the ongoing conflict between Strachey's Victorian notions of class gender and race and his desire to be modern Linking Strachey's life and work to the larger movement of English modernism Lytton Strachey and the Search for Modern Sexual Identity examines Strachey's role at Cambridge before World War I how he created his version of homosexuality out of the Victorian tradition of male romantic friendship his relations with the British Empire as he constructed a rich fantasy life that rested on racial and class differences his friendships and rivalries with the women of Bloomsbury how Strachey's use of sexuality androgyny and history defined and undermined his brand of modernism This thoughtfully indexed well referenced volume looks at Strachey's life in the words of author Julie Anne Taddeo to illustrate some of the issues concerning his generation of Cambridge and Bloomsbury colleagues and how they battled the Victorian ideology often without success It is an essential read for everyone interested in this fascinating chapter in literary and queer history

Unpublished Works of Lytton Strachey Todd Avery, 2017-09-29 A core member of the Bloomsbury Group Lytton Strachey 1880-1932 is recognized for his radical influence on the new school of psychological biography This volume collects for the first time Strachey's previously unpublished essays dialogues and stories

The Sphinx of Bloomsbury Zsuzsa Rawlinson, 2006 The focus of this book is on Lytton Strachey's literary critical essays and his major biographies By placing his work in the broader context of the Modernist canon it aims to offer a complete yet far from definitive picture of the writer who wrote the first book of the twenties

The Rise of Gay Rights and the Fall of the British Empire David A. J. Richards, 2013-04-22 This book argues that there is an important connection between ethical resistance to British imperialism and the ethical discovery of gay rights By closely examining the roots of liberal resistance in Britain and resistance to patriarchy in the United States this book shows that fighting the demands of patriarchal manhood and womanhood plays an important role in countering imperialism Advocates of feminism and gay rights in particular the

Bloomsbury Group in Britain play an important public function in the criticism of imperialism because they resist the gender binary's role in rationalizing sexism and homophobia in both public and private life. The connection between the rise of gay rights and the fall of empire illuminates larger questions of the meaning of democracy and of universal human rights as shared human values that have appeared since World War II. The book also casts doubt on the thesis that arguments for gay rights must be extrinsic to democracy and that they must reflect Western as opposed to African or Asian values. To the contrary, gay rights arise from within liberal democracy and its critics polemically use such opposition to cover and rationalize their own failures of democracy.

Stitching the Self Johanna Amos, Lisa Binkley, 2020-01-09 The needle arts are traditionally associated with the decorative domestic and feminine. Stitching the Self sets out to expand this narrow view, demonstrating how needlework has emerged as an art form through which both objects and identities, social, political, and often non-conformist, are crafted. Bringing together the work of ten art and craft historians, this illustrated collection focuses on the interplay between craft and artistry, amateurism and professionalism, and re-evaluates ideas of gendered production between 1850 and the present. From quilting in settler Canada to the embroidery of suffragist banners and the needlework of the Bloomsbury Group, it reveals how needlework is a transformative process, one which is used to express political ideas, forge professional relationships, and document shifting identities. With a range of methodological approaches, including object-based feminist and historical analyses, Stitching the Self examines individual and communal involvement in a range of textile practices. Exploring how stitching shapes both self and world, the book recognizes the needle as a powerful tool in the fight for self-expression.

Virginia Woolf in Context Bryony Randall, Jane Goldman, 2012-12-17 As a paradigmatic modernist author, Virginia Woolf is celebrated for the ways her fiction illuminates modern and contemporary life. Woolf scholars have long debated how context, whether historical, cultural, or theoretical, is to be understood in relation to her work and how her work produces new insights into context. Drawing on an international field of leading and emergent specialists, this collection provides an authoritative resource for contemporary Woolf scholarship that explores the distinct and overlapping dimensions of her writings. Rather than survey existing scholarship, these essays extend Woolf studies in new directions by examining how the author is contextualised today. The collection also highlights connections between Woolf and key cultural, political, and historical issues of the twentieth century, such as avant-gardism in music and art, developments in journalism and the publishing industry, political struggles over race, gender, and class, and the bearings of colonialism, empire, and war.

Extraordinary Ordinarity Simon Wendt, 2016-11-10 Wurden Kriegshelden politische Führerhelden und Superhelden zum Thema unserer Studien, hat sich die Forschung bisher kaum mit der Heroisierung gewöhnlicher Menschen auseinandergesetzt. Das Buch schließt diese Forschungslücke am Beispiel der USA, Deutschlands und Großbritanniens: es ist die erste systematische wissenschaftliche Auseinandersetzung mit Alltagshelden, die aufgrund tatsächlicher oder ihnen zugeschriebener außergewöhnlicher Taten heroisiert werden.

Masculinity and the Other Heather Ellis, Jessica

Meyer, 2009-01-14 Histories of masculinity have generally examined both social ideologies of masculinity and subjective male identities within frameworks that define them against the feminine. Yet historians and sociologists have increasingly argued that men have been and continue to be defined both socially and subjectively as much by their relations to other men as in relation to women. This collection brings together the work of scholars of masculinities working in a variety of fields including literature history and art history to examine some of the forms of otherness against which ideas of masculinity have been defined throughout history. The collection reflects the current breadth of scholarship relating to the study of masculine alterity. While the subjects addressed are largely historical, the time span covered is broad and the disciplinary approaches to the subject matter are equally wide ranging. A huge variety of men, masculine behaviours and definitions of masculinity are considered in an exciting and invigorating collection that showcases both established academics and emerging scholars in the field.

Picturing the Closet Dominic Janes, 2015. *Picturing the Closet* takes a pioneering approach to visual culture and by so doing builds on Eve Kosofsky Sedgwick's *Epistemology of the Closet* in order to present a compelling new approach to the British experience of queer culture since the eighteenth century.
