The Memorialization of Genocide Simone Gigliotti,2017-10-02 Divided societies tormented pasts and unrepentant perpetrators Why are some countries more intent on vanquishing uncomfortable pasts than others How do public and often unsightly attempts at memorialisation both fail the victims and valorize their oppressors This book offers fresh and original perspectives on dictatorship fascism and victimization from the bloodiest decades in Europe s Australia s and Central America s colonial and modern history Chapters include analyses of Francoist memorials in Spain assessments of the El Mozote massacre in El Salvador the forgetting of frontier colonial violence in Tasmania Romania s treatment of its Roma populations in the midst of Holocaust memorialisation in Bucharest s urban development and whether or not the Holocaust continues to serve as an instructional model or impossible aspiration for cross cultural genocide memorialisation strategies In an era of ongoing political ethnic and religious conflict and unrepentant insurgent activity around the world this collection reminds readers that genocidal actions wherever and whenever they occurred must be held to account by more than rhetoric and concrete memory This book was originally published as a special issue of the Journal of Genocide Research
