Macarthurs Navy:

MacArthur's Navy Edwin P. Hoyt, 2012-10-17 Yet another in depth military account from the prolific Hoyt Focusing on the US Seventh Fleet the author offers a vivid authoritative log of key operations launched by Gen Douglas MacArthur commander of Allied forces in WW II s Southwest Pacific theater Starting in late 1943 to illustrate MacArthur directed American and Australian troops on a series of leapfrogging assaults which by the summer of 1944 recaptured New Guinea from the Japanese With each engagement the Seventh Fleet which Hoyt dubs MacArthur s Navy gained valuable warships and invaluable experience A solid chronicle on a vital weapon in MacArthur s arsenal **MacArthur's Navy** Edwin P. Hoyt, 1992-08-01 **History of United States Naval Operations in World War II: Breaking the Bismarcks barrier, 22 July 1942-1 May 1944** Samuel Eliot Morison, 2001 Volume 6 Breaking the Bismarcks Barrier 22 July 1942 1 May 1944 tracks the Allies entrance into the offensive phase of the Pacific war Having gained crucial victories at Midway and Guadalcanal Allied forces committed substantially increased resources to breaking the Bismarcks barrier a formidable net of Japanese air and naval bases stretching from the central Solomons to New Guinea controlling all shipping between the Indian and Pacific Oceans **MacArthur's Victory** Harry Gailey, 2007-12-18 A GREAT WARRIOR AT THE PEAK OF HIS POWERS In March 1942 General Douglas MacArthur faced an enemy who in the space of a few months captured Malaya Burma the Philippines the Dutch East Indies and from their base at Raubaul in New Britain threaten Australia Upon his retreat to Australia MacArthur hoped to find enough men and material for a quick offensive against the Japanese Instead he had available to him only a small and shattered air force inadequate naval support and an army made up almost entirely of untried reservists Here is one of history s most controversial commanders battling his own superiors for enough supplies since President Roosevelt favored the European Theater butting heads with the Navy which opposed his initiatives and on his way to making good his promise of liberating the Philippines In the battles for Buna Lae and Port Moresby the capture of Finschhafen and other major actions he would prove his critics wrong and burnish an image of greatness that would last through the Korean War This was the other Pacific War the one MacArthur fought in New Guinea and against all odds and most predictions decisively won MacArthur's ULTRA Edward J. Drea, 1992 Cracking the enemy s radio code is a task so urgent and so difficult that it demands the military s best minds and most sophisticated technology But when the coded messages are in a language as complex as Japanese decoding problems multiply dramatically *MacArthur's Jungle War* Stephen R. Taaffe, 1998 His book tells not only how victory was gained through a combination of technology tactics and army navy cooperation but also how the New Guinea campaign exemplified the strategic differences that plagued the Pacific War since many high ranking officers considered it a diversionary tactic rather than a key offensive Naval Warfare 1919-45 Malcolm H. Murfett, 2008-11-04 Naval Warfare 1919 45 is a comprehensive history of the war at sea from the end of the Great War to the end of World War Two Showing the bewildering nature and complexity of the war facing those charged with

fighting it around the world this book ranges far and wide sweeping across all naval theatres and those powers performing major as well as minor roles within them Armed with the latest material from an extensive set of sources Malcolm H Murfett has written an absorbing as well as a comprehensive reference work He demonstrates that superior equipment and the best intelligence ominous power and systematic planning vast finance and suitable training are often simply not enough in themselves to guarantee the successful outcome of a particular encounter at sea Sometimes the narrow difference between victory and defeat hinges on those infinite variables the individual s performance under acute pressure and sheer luck Naval Warfare 1919 45 is an analytical and interpretive study which is an accessible and fascinating read both for students and for interested members of the general public

We Shall Return! William M. Leary, 2021-11-21 They were the forgotten commanders of World War II While the names of Bradley and Patton became household words for Americans few could identify Krueger or Eichelberger They served under General Douglas MacArthur a military genius with an enormous ego who dominated publicity from the Southwest Pacific during the American advance from Australia through New Guinea to the Philippines While people at home read about the great victories that were won by MacArthur s navy and MacArthur s air force his subordinates labored in obscurity fearful lest attention from the press lead to their replacement Historians too have paid little attention to the men who fought so well in the far reaches of the Pacific and not a single biography has appeared in the decades since V J Day Yet General Blamey played a key role in the early battles of New Guinea Generals Krueger and Eichelberger led American armies to major victories over the Japanese General Kenney was one of the foremost air strategists of the war while few airmen could match General Whitehead s tactical brilliance Admiral Kinkaid took a crucial part in one of the greatest naval engagements in history Admiral Barbey was an acknowledged master of amphibious warfare We Shall Return addresses a serious shortcoming in the literature of World War II Revealed for the first time is the full extent of the contributions made by MacArthur s commanders to the defeat of the Japanese As the authors of these essays so ably demonstrate many of MacArthur s bold decisions and innovative tactics were urged upon him by his subordinates Clearly these men deserve more credit for his successes than they have received

MacArthur's Air Force Bill Yenne, 2019-09-19 General Douglas MacArthur is one of the towering figures of World War II and indeed of the twentieth century but his leadership of the second largest air force in the USAAF is often overlooked When World War II ended the three numbered air forces the Fifth Thirteenth and Seventh under his command possessed 4004 combat aircraft 433 reconnaissance aircraft and 922 transports After being humbled by the Japanese in the Philippines in 1942 MacArthur and his air chief General George Kenney rebuilt the US aerial presence in the Pacific helping Allied naval and ground forces to push back the Japanese Air Force re take the Philippines and carry the war north towards the Home Islands Following the end of World War II MacArthur was the highest military and political authority in Japan and at the outbreak of the Korean War in June 1950 he was named as Commander in Chief United Nations Command In the ten months of his command his Far East Air Forces

increased dramatically and saw the first aerial combat between jet fighters Written by award winning aviation historian Bill Yenne this engrossing and widely acclaimed book traces the journey of American air forces in the Pacific under General MacArthur s command from their lowly beginnings to their eventual triumph over Imperial Japan followed by their entry into the jet age in the skies over Korea **MacArthur's War** Douglas Niles, Michael Dobson, 2007-05-15 In this alternate history version of the WWII South Pacific campaign by the authors of the Fox duology MacArthur s war plans call for the invasion of Japan
