Falco,2010-11-01 Diplomatic Theory from Machiavelli to Kissinger G. Berridge,M. Keens-Soper,T. Otte,2001-03-23 This book offers an introductory guide for students to four centuries of diplomatic thought Since diplomacy as we know it was created during the Renaissance in Italy a number of major figures have reflected on the place of diplomacy in foreign affairs and the problems associated with its pursuit These include statesmen international lawyers and historians most of whom had experience as diplomats of the

first or second rank This book examines the thought of some of the most important of them from Niccol Machiavelli in the early sixteenth century to Henry Kissinger in the late twentieth century *Apocalypse without God* Ben Jones,2022-04-21

Apocalypse it seems is everywhere Preachers with vast followings proclaim the world s end Apocalyptic fears grip even the nonreligious amid climate change pandemics and threats of nuclear war As these ideas pervade popular discourse grasping their logic remains elusive Ben Jones argues that we can gain insight into apocalyptic thought through secular thinkers He starts with a puzzle Why would secular thinkers draw on Christian apocalyptic beliefs often dismissed as bizarre to interpret politics The apocalyptic tradition proves appealing in part because it theorizes a relation between crisis and utopia Apocalyptic thought points to crisis as the vehicle to bring the previously impossible within reach offering resources for navigating challenges in ideal theory which involves imagining the best most just society By examining apocalyptic thought s appeal and risks this study arrives at new insights on the limits of utopian hope This title is available as open access on Cambridge Core **Machiavelli, Marketing, and Management** Phil Harris,Andrew Lock,Patricia Rees,2000 This text aims to provide insight into the meaning and interpretation of Machiavelli and his works for management marketing and political thought and to highlight their relevance to the manager today *Machiavelliana* Michael Jackson,Damian Grace,2018-06-05 In *Machiavelliana* Michael Jackson and Damian Grace offer a comprehensive study of the uses and abuses of Niccol Machiavelli s name in society generally and in academic fields distant from his intellectual origins It assesses the appropriation of Machiavelli in didactic works in management social psychology and primatology scholarly texts in leaderships studies as well as novels plays commercial enterprises television dramas operas rap music Mach IV scales children s books and more The book audits surveys examines and evaluates this *Machiavelliana* against wider claims about Machiavelli It explains the origins of Machiavelli s reputation and the spread of his fame as the foundation for the many uses and misuses of his name They conclude by redressing the most persistent distortions of Machiavelli **The Cambridge Companion to Machiavelli** John M. Najemy,2010-06-24 A vivid portrait of this extraordinary thinker assessing his place in Western thought since the Renaissance *Reading Political Philosophy* Derek Matravers,Jonathan Pike,Nigel Warburton,2014-05-01 This clear and thorough introduction provides students with the skills necessary to understand the main thinkers texts and arguments of political philosophy and thought Each chapter comprises a brief overview of a major political thinker followed by an introduction to one or more of their most influential works and an introduction to key secondary readings Key features include exercises reading notes guides for further reading The book introduces and assesses Machiavelli s *Prince* Hobbes *Leviathan* Locke s *Second Treatise on Government* Rousseau s *Social Contract* Marx and Engels *German Ideology* Part 1 Mill s *On Liberty* and *The Subjection of Women* *Reading Political Philosophy* requires no previous knowledge of philosophy or politics and is ideal for newcomers to political philosophy and political thought

Society and Individual in Renaissance Florence William J. Connell,2002-09-10 Essays illustrate the ways Renaissance

Florentines expressed or shaped their identities as they interacted with their society Lorenzo di Filippo Strozzi and Niccolo Machiavelli William J. Landon, 2013-10-30 By 1520 Niccol Machiavelli's life in Florence was steadily improving he had achieved a degree of literary fame and following his removal from the Florentine Chancery by the Medici family he had managed to gain their respect and patronage But there is one figure whose substantial contributions to Machiavelli's restoration has been hitherto neglected Lorenzo di Filippo Strozzi 1482-1549 a younger and fabulously wealthy Florentine nobleman As manuscript evidence suggests Strozzi brought Machiavelli into his patronage network and aided many of his post 1520 achievements This book is the first English biography of Strozzi as well as the first examination of the patron-client relationship that developed between the two men William J Landon reveals Strozzi's influence on Machiavelli through wide-ranging textual investigations and especially through Strozzi's *Pistola fatta per la peste* a work that survives as a Machiavelli autograph and for which Landon has provided the first ever complete English translation and critical edition Ingratiation from the Renaissance to the Present Jeff Diamond, 2017-06-21 *Ingratiation from the Renaissance to the Present* explores a common ethical problem for intellectuals of the Renaissance How does one win the favor and patronage of the wealthy and powerful and yet maintain one's dignity independence or principles This study examines this and similar ethical dilemmas and how they were reflected in the lives and writings of intellectuals of the period particularly Niccol Machiavelli Desiderius Erasmus Thomas More and Michel de Montaigne It also places the issues within their larger social and cultural context and provides comparisons to the contemporary world Amoral Politics Ben-Ami Scharfstein, 2016-02-24 This is a study of how and why politics is amoral It deals especially with what the author terms Machiavellism the disregard of moral scruples for political ends that leads to the justification and use of deception and force in all aspects of political life A comparative cultural study it examines the theory and practice of politics in ancient China ancient India Renaissance Italy and modern Europe as well as tribal cultures in order to test how widespread such political amorality has been throughout history Scharfstein concludes that political or ethical theories that do not view Machiavellism as inseparable from political life are inadequate to human affairs and of doubtful relevance to politics In reaching this conclusion he explores such topics as why people readily accept political violations of truthfulness and fairness whether decisive philosophical arguments have been advanced against Machiavellism whether the use of deception in politics is in politicians' own best interests and whether the prevalence of Machiavellism rules out the likelihood of a better political future The Quotable Machiavelli Niccolò Machiavelli, 2025-04-29 A collection of insightful and revealing quotations on a wide range of subjects from the father of modern politics Niccol Machiavelli 1469-1527 is the father of modern political thought but he is also one of the greatest writers of the Renaissance and his wisdom and style extend far beyond politics to encompass a compelling philosophy of life as well In *The Quotable Machiavelli* Maurizio Viroli one of the world's leading Machiavelli scholars offers a rich collection of the Florentine's most memorable words on a wide range of subjects including politics the human condition religion love and

happiness antiquity and history patriotism and virtue Drawing on Machiavelli's entire body of writings and including little known quotations as well as famous passages the book shows the full scope of his thought and belies the cliché that he was a Machiavellian cynic In addition to Machiavelli's own words on dozens of subjects of perennial interest the book includes some almost unknown texts in which his contemporaries describe him Complete with a biographical introduction the book serves as a handy reference and a smart and lively introduction to a masterly thinker and writer Includes a rich collection of Machiavelli's most memorable words on a wide range of subjects from politics to the human condition almost 700 quotations in all Edited and introduced by one of the world's leading Machiavelli scholars Serves as a smart and lively introduction to Machiavelli's life and works Draws on the complete body of Machiavelli's writings Features a brief biography of Machiavelli a chronology of his life suggestions for further reading and an index

Victory in War William C. Martel, 2011-06-13 War demands that scholars and policy makers use victory in precise and coherent terms to communicate what the state seeks to achieve in war The failure historically to define victory in consistent terms has contributed to confused debates when societies consider whether to wage war This volume explores the development of a theoretical narrative or language of victory to help scholars and policy makers define carefully and precisely what they mean by victory in war in order to achieve a deeper understanding of victory as the foundation of strategy in the modern world

Machiavelli's God Maurizio Viroli, 2012-08-05 How Machiavelli's Christianity shaped his political thought To many readers of *The Prince* Machiavelli appears to be deeply un-Christian or even anti-Christian a cynic who thinks rulers should use religion only to keep their subjects in check But in *Machiavelli's God* Maurizio Viroli one of the world's leading authorities on Machiavelli argues that Machiavelli far from opposing Christianity thought it was crucial to republican social and political renewal but that first it needed to be renewed itself And without understanding this Viroli contends it is impossible to comprehend Machiavelli's thought Viroli places Machiavelli in the context of Florence's republican Christianity which was founded on the idea that the true Christian is a citizen who serves the common good In this tradition God participates in human affairs supports and rewards those who govern justly and desires men to make the earthly city similar to the divine one Building on this tradition Machiavelli advocated a religion of virtue and he believed that without this faith free republics could not be established defend themselves against corruption or survive Viroli makes a powerful case that Machiavelli far from being a pagan or atheist was a prophet of a true religion of liberty a way of moral and political living that would rediscover and pursue charity and justice The translation of this work has been funded by SEPS Segretariato Europeo per le Pubblicazioni Scientifiche
