Mans Religions:

Man's Religions John Boyer Noss,1980 **World Religions and Cults Volume 1** Bodie Hodge,Roger Patterson,2015-08-13 Religions in today s culture seem to be multiplying Have you ever wondered why certain religions believe and practice what they do Or how they view the Bible This volume delves into these and other engaging questions such as How can a Christian witness to people in these religions Do these other religions believe in creation and a Creator How do we deal with these religions from a biblical authority perspective Many religions and cults discussed in this first volume openly affirm that the Bible is true but then something gets in their way And there is a common factor every time man s fallible opinions In one way or another the Bible gets demoted reinterpreted or completely ignored Man s ideas are used to throw the Bible s clear teaching out the window while false teachings are promoted This book is a must for laymen church leaders teachers and students to understand the trends in our culture and around the world where certain religions dominate helping you discern truth and guard your faith When you understand a religion s origins and teachings you are in a better position to know how to proclaim the gospel of Jesus Christ as you take the good news to those in false religions

www.probe.org and www.evidenceandanswers.org **The Origin of Religions** B. K. Karkra, 2012 THE BOOK The book is an open eyed journey through the mystic world of faith It is an intellectually stimulating account of the birth of religions As animal for definite have no religions and intelligence is the dividing line between man and animal it should be amply clear that religions have risen out the thinking faculty of man These are about God and His creation alright but not from God though human brain itself is a gift from God The book traces the story of religions from the earliest times and tries to reach to the core of all major belief systems of the world Towards the end it draws a sort of balance sheet of the religions to form an idea what good and bad these have done to the mankind An effort has also been made to have a peep into their future

A Man's Religion William Fraser McDowell, 1913 The World's Living Religions Archie J. Bahm, 1992 The World's Living Religions is an authoritative study of comparative religion Oriental and Occidental by one of the foremost scholars in the field It differs from other similar works on the subject in that in addition to a detailed study of the five major religions Hinduism Buddhism Judaism Christianity and Islam the book also offers an insight into the lesser known religions such as Jainism Vedantism Taoism Confucianism and Shintoism *Comparing Religions: A Limitative Approach* J. G.

Platvoet, 2011-11-30 No detailed description available for Comparing Religions A Limitative Approach **Following the Human One** Robert L. Montgomery, 2017-10-03 Jesus Christ is the most famous person in human history His favorite name for himself was the Son of Man or the the Human One Rarely did his followers call him that but it must have had great significance for him This book describes why this name was so important and what it means for us now Along with this favorite name this book shows how Jesus Christ fulfills human longing but at the same time is resisted by his own followers to this day Nevertheless his call to follow him has sounded down the centuries and been heeded by millions The book leads to an exploration of the Way that is found in Jesus Christ who called himself the Human One **The Power of God Unto**

Salvation Benjamin Breckinridge Warfield, 1930 **The Religions of Man** Huston Smith, 1964 *The Inner Evolution of Man* John Brokaar, 2022-05-04 TO FIND ONESELF IN THE DUALITY OF CONTRADICTIONS ONE MUST FIRST LEARN TO KNOW ONESELF THIS HOWEVER IS NOT A NATURAL PROCESS As contemporary human beings we exist in a one and two dimensional world of fearful desire for food wealth sex recognition and immortality Unaware of its illusory state where perception manifests our reality we are equally unaware of our own hybrid state As beings of physical and metaphysical features for which the attainment of the Higher Dimensions is our very birthright This attainment does not come naturally though it requires our awareness of the conceptual world as well as the acceptance of our conditioned mechanicalness within it These observations and contemplations aim to offer such awareness and to enhance the Seeker of Truth with the means to discover understand and accept his or her undivided Self This book combines philosophy including gnostic thought religion as well as the observed psychology and sociology of contemporary ways within the arenas of politics geopolitics and corporatism through the lens of spirituality and magic It is this that defines the supernatural wonders into which the Seeker

of Truth must cross his or her own threshold As with all things of substance the answer to these mysteries will not be found in selected subjects or even the sum of their parts as in such one only finds Chaos It is only in knowing the Whole of the Self that complete acceptance of All can emerge **Myth, Ritual And Religion Vol. 1** Andrew Lang,2023-12-01 Andrew Lang a Scottish anthropologist and folklorist wrote the landmark work Myth Ritual and Religion Volume 1 This work contributes significantly to anthropology and religious studies In this volume Lang investigates the interdependence of myth ritual and theology in a variety of cultures and communities He delves into myths and rituals from various civilizations including ancient Greece Rome Egypt and indigenous cultures Lang studies how myths and rituals can commonly play an important role in molding a society s religious beliefs and practices He investigates the symbolic value of myths and rituals emphasizing their role in understanding the mysteries of life death and the natural world Lang s work is notable for its comparative technique which connects nations in order to discover universal themes and patterns in myth and ritual He contends that these traditions and ceremonies are not merely historical relics but they continue to influence present religious practices and ideals Some stories are brutal and weird while others creep up on you and draw you in slowly With an eye catching new cover and professionally typeset copy this edition of Myth Ritual and Religion Vol 1 is both current and intelligible

Religious Foundations for Global Ethics Robert McLaren,2016-12-05 Religious Foundations for Global Ethics is an overview of morality in a nation of immigrants starting with the basic question of what morality is and culminating in an examination of morality as a source of potential conflict and how those conflicts can be resolved peacefully The author strives to discuss ethical concerns from a variety of religious philosophical and psychological perspectives so that students are able to consider issues outside of their own cultural point of view **What Christ, Thomas Paine and Allan Kardec Want You to Know and Religion Doesn't** William Moreira,2003-07 Throughout human history religion has supposedly tried to help

man live a better life However religion often does not want people to know the truth about the great spiritual messages Jesus Christ in his Parables left a great message for mankind that is ignored by organized religion This book answers the questions most people are afraid to ask You can learn Why Christ s Parables have been ignored by religion Why the Parables teach us the greatest religious lessons What lessons the Parables hold for people in the modern world What Thomas Paine really understood about religion and Christ s message and why his works have been ignored Why Allan Kardec s message of Spiritualism can help you find happiness in your life Why you do not need to fear hell Strange Work Rev Herbert Melville

Munson Jr,2013-03-25 Strange Work is a verse by verse commentary on the Bible book of Revelation Nearly three millennia ago the prophet Isaiah predicted that the Lord God of hosts would one day rise up and do a strange work on the Earth He said it would come as a destruction upon the whole earth Isaiah 28 21 22 The last thing that modern man expects is that the true and living God will one day actually intervene upon the Earth Yet with one voice the prophets of the Bible predict that is exactly what He will do The book of Revelation is the most detailed of the Bible s prophecies of that fast approaching supernatural intervention on planet Earth Someone has dubbed the book of Revelation The prophetic Grand Central Station of the Bible That is a very good way to describe it All the great eschatological end time themes in the Bible run to the book of Revelation like train tracks to a central hub *Truth Versus Man'S Religious Systems* Terry W. McHenry,2018-01-27 The book in overview is historical and instructional in content with the focus being on the Biblical text in terms of its original form and language and in consideration of its full and proper context linguistically textually historically culturally and literarily It stresses the importance of moving from a knowledge of the Bible to an understanding of its life giving instructions being studied in its entirety as a gift to mankind from a loving creator Elohim The thrust of the book is accordingly threefold An indictment of two of mans religious systems Judaism and Christianity for syncretism corruption of Elohim's written Word of truth and abuses of religious authority plus promulgation of religious traditions not aligned with the whole truth of Elohim's Word A call to return to the one source of truth the written Word of Elohim understood in its originally written form and in its full and proper context Providing the equipping and study tools necessary to move from a mere knowledge of the Word to an understanding of its life giving instructions how to live a redeemed life as Elohim intended for all mankind
