Highfield, 2025-04-08 Why might Rudolph's nose have been red Why do we actually give Christmas gifts Why has smell become an important component in the Christmas shopping experience Roger Highfield science editor of London's Daily Telegraph and co author of the highly acclaimed The Arrow of Time has taken a long overdue look at our most cherished holiday from the rigorous but highly entertaining viewpoint of a scientist What are the thermodynamics involved in cooking a turkey What are the likely celestial candidates for the Star of Bethlehem Is the concept of a virgin birth scientifically feasible What happens to us physically when we overindulge in alcohol How does snow form Why are we always depressed after Christmas How does Santa manage to deliver all those presents in one night He has in fact little over two ten thousands of a second to get between each of the 842 million households he must visit The Physics of Christmas is that rare science book that manages to be as delightful as it is informative **Change and Delusion** Steve Legomsky, 2023-12-15 Can we humans

change who we really are The characters in this collection of 20 short stories some mostly humorous and some mostly poignant come in all shapes and sizes Some of the characters unsatisfied with who they are consciously present a false image to others or unconsciously deceive even themselves Other characters fully accept and even embrace their own fundamental

natures often after brief detours Some others make earnest attempts to change who they are with varying degrees of success And still others transform unconsciously for better or for worse Is it possible to sense which people will meet which fates In the final story the characters from all the preceding stories meet each other for the first time at a reunion Hailing from different places different cultural backgrounds and even some different historical eras and with a diverse array of personalities and insecurities they clash at times In the process they do some serious soul searching Have they really changed Are either their self images or the images they ve presented to others realistic or are they delusional In the end the characters unite in a near consensus mocking and railing against the author for having portrayed them in an unflattering light The author s few fictional defenders liken fiction writers to gods to whom they owe their very existence The reunion ends with a surprising twist
