Emma Liggins, 2016-05-16 This genealogy of the odd woman compares representations of spinsters lesbians and widows in British women's fiction and auto biography from the 1850s to the 1930s Women outside heterosexual marriage in this period were seen as abnormal superfluous incomplete and threatening yet were also hailed as women of the future Before 1850 odd women were marginalised minor characters in British women s fiction yet by the 1930s spinsters lesbians and widows had become heroines This book examines how women writers including Charlotte Bront Elisabeth Gaskell Ella Hepworth Dixon May Sinclair E H Young Radclyffe Hall Winifred Holtby and Virginia Woolf challenged dominant perceptions of singleness and lesbianism in their novels stories and autobiographies Drawing on advice literature medical texts and feminist polemic it demonstrates how these narratives responded to contemporary political controversies around the vote women s work sexual inversion and birth control as well as examining the impact of the First World War The Odd Women George Gissing, 2021-05-21 George Gissing's The Odd Women dramatizes key issues relating to class and gender in late Victorian culture the changing relationship between the sexes the social impact of odd or redundant women the cultural impact of the new woman and the opportunities for and conditions of employment in the expanding service sector of the economy At the heart of these issues as many late Victorians saw them was a problem of the imbalance in the ratio of men to women in the population There were more females than males which meant that more and more women would be left unmarried they would be odd or redundant and would be forced to be independent and to find work to support themselves In the Broadview edition Gissing s text is carefully annotated and accompanied by a range of documents from the period that help to lay out the context in which the book was written In Gissing's story Virginia Madden and her two sisters are confronted upon the death of their father with sudden impoverishment Without training for employment and desperate to maintain middle class respectability they face a daunting struggle In Rhoda Nunn a strong feminist Gissing also presents a strong character who draws attention overtly to the issues behind the novel The Odd Women is one of the most important social novels of the late nineteenth century **The Odd Women** George Gissing, 2016-01-27 Society Marriage Morals and the Early Feminist Movement The Odd Women By George Gissing The novel s title is derived ostensibly from the notion that there was an excess of one million women over men in Victorian England This meant there were odd women left over at the end of the equation when the other men and women had paired off in marriage A cross section of women dealing with this problem are described in the book and it can be inferred that their lifestyles also set them apart as odd in the sense of strange The Odd Women is an

1893 novel by the English novelist George Gissing Its themes are the role of women in society marriage morals and the early feminist movement The novel begins with the Madden sisters and their childhood friend in Clevedon After various travails the adult Alice and Virginia Madden move to London and renew their friendship with Rhoda an unmarried bluestocking She is living with the also unmarried Mary Barfoot and together they run an establishment teaching secretarial skills to young middle class women remaindered in the marriage equation Monica Madden the youngest and prettiest sister is living in above a shop in London She is in modern parlance stalked by a middle aged bachelor Edmund Widdowson and he eventually brow beats her into marriage His ardent love turns into jealous obsession suffocating Monica s life Meanwhile Mary Barfoot s rakish cousin Everard decides to court Rhoda initially as a challenge to her avowed dislike of love and marriage but he later falls in love with her for her intellectual independence which he finds preferable to the average uneducated woman s inanity Despite being virulently anti marriage she decides to indulge him with a view to turning down any marriage proposal to show her solidarity with her odd women Ironically she in turn falls for him Married Monica meets Bevis a young middle class man who pursues her and represents for her the romantic ideal from popular novels Crucially Bevis lives in the same building as Everard Barfoot Monica determined to elope with Bevis goes there Unbeknownst to her her husband has hired a detective to follow her She hears someone follow her up the stairs and to appear innocent she knocks on Barfoot s door This is reported back to Widdowson and he feels his suspicion has been justified and informs Mary Barfoot of her cousin s blackguardly ways

The New Man, Masculinity and Marriage in the Victorian Novel Tara MacDonald, 2015-10-06 By tracing the rise of the New Man alongside novelistic changes in the representations of marriage MacDonald shows how this figure encouraged Victorian writers to reassess masculine behaviour and to re imagine the marriage plot in light of wider social changes She finds examples in novels by Dickens Anne Bront George Eliot and George Gissing New Woman Fiction, 1881-1899. Part II vol 4 Carolyn W de la L Oulton, Adrienne E Gavin, Sue Ann Schatz, Vybarr Cregan-Reid, 2017-09-29 Covers four texts from the 1890s that helped to crystallize the idea of the New Woman during a period where the role of women was increasingly debated and challenged not least due to the growth of the suffrage movement **Unsettled Accounts Simon J.** James, 2003-12-17 Simon J James examines how Gissing s work reveals an unhappy accommodation with money s underwriting of human existence and culture and how daily life in all its forms moral intellectual familial and erotic is transcended or made irrelevant by its commodification **The Victorian Novel of Adulthood** Rebecca Rainof, 2015-09-09 In The Victorian Novel of Adulthood Rebecca Rainof confronts the conventional deference accorded the bildungsroman as the ultimate plot model and quintessential expression of Victorian nation building The novel of maturity she contends is no less important to our understanding of narrative Victorian culture and the possibilities of fiction Reading works by Charles Dickens George Eliot Henry James John Henry Newman and Virginia Woolf Rainof exposes the little discussed theological underpinnings of plot and situates the novel of maturity in intellectual and religious history notably the Oxford Movement

Purgatory a subject hotly debated in the period becomes a guiding metaphor for midlife adventure in secular fiction Rainof discusses theological models of gradual maturation thus directing readers attention away from evolutionary theory and geology and offers a new historical framework for understanding Victorian interest in slow and deliberate change **The Evolving Self in the Novels of Gail Godwin** Lihong Xie,1995 As Xie leads us through these works we find Godwin s evolving heroines emerging out of lively intense sometimes painful dialogue with both the self past present and future and the social world of family birthplace culture and friendships
