Odious Commerce Britain Spain And The Abolition Of The Cuban Slave Trade

Jarvis L. Hargrove

Odious Commerce Britain Spain And The Abolition Of The Cuban Slave Trade:

Odious Commerce David Murray, David R. Murray, 2002-09-12 This study shows how British influence affected the course of Cuban history *Odious Commerce* David R. Murray, 1980 [Slavery and Antislavery in Spain's Atlantic Empire](#) Josep M. Fradera, Christopher Schmidt-Nowara, 2013-06-01 African slavery was pervasive in Spain's Atlantic empire yet remained in the margins of the imperial economy until the end of the eighteenth century when the plantation revolution in the Caribbean colonies put the slave traffic and the plantation at the center of colonial exploitation and conflict The international group of scholars brought together in this volume explain Spain's role as a colonial pioneer in the Atlantic world and its latecomer status as a slave trading plantation based empire These contributors map the broad contours and transformations of slave trafficking the plantation and antislavery in the Hispanic Atlantic while also delving into specific topics that include the institutional and economic foundations of colonial slavery the law and religion the influences of the Haitian Revolution and British abolitionism antislavery and proslavery movements in Spain race and citizenship and the business of the illegal slave trade **A Short History of Transatlantic Slavery** Kenneth Morgan, 2016-04-25 From 1501 when the first slaves arrived in Hispaniola until the nineteenth century some twelve million people were abducted from west Africa and shipped across thousands of miles of ocean the infamous Middle Passage to work in the colonies of the New World Perhaps two million Africans died at sea Why was slavery so widely condoned during most of this period by leading lawyers religious leaders politicians and philosophers How was it that the educated classes of the western world were prepared for so long to accept and promote an institution that would later ages be condemned as barbaric Exploring these and other questions and the slave experience on the sugar rice coffee and cotton plantations Kenneth Morgan discusses the rise of a distinctively Creole culture slave revolts including the successful revolution in Haiti 1791 1804 and the rise of abolitionism when the ideas of Montesquieu Wilberforce Quakers and others led to the slave trade's systemic demise At a time when the menace of human trafficking is of increasing concern worldwide this timely book reflects on the deeper motivations of slavery as both ideology and merchant institution *General History of the Caribbean UNESCO Vol.3* NA NA, 2019-06-12 Volume 3 looks at various aspects of slave societies in the region from the seventeenth to the nineteenth centuries Throughout the tortuous history of the Caribbean nothing exceeded in fundamental importance the twin experiences of slavery and the plantation system the defining episodes of Caribbean social reality Topics addressed include European settler colonies the sugar revolutions forms of resistance the influence of creolization and religious beliefs and the place of the Maroon communities Knight also examines the internal and external forces that led to the eventual collapse of the Caribbean slave system *The Slaveholding Republic* the late Don E. Fehrenbacher, 2002-12-19 Many leading historians have argued that the Constitution of the United States was a proslavery document But in *The Slaveholding Republic* one of America's most eminent historians refutes this claim in a landmark history that stretches from the Continental Congress to the Presidency of

Abraham Lincoln Fehrenbacher shows that the Constitution itself was more or less neutral on the issue of slavery and that in the antebellum period the idea that the Constitution protected slavery was hotly debated many Northerners would concede only that slavery was protected by state law not by federal law Nevertheless he also reveals that U S policy abroad and in the territories was consistently proslavery Fehrenbacher makes clear why Lincoln s election was such a shock to the South and shows how Lincoln s approach to emancipation which seems exceedingly cautious by modern standards quickly evolved into a Republican revolution that ended the anomaly of the United States as a slaveholding republic **Pax Britannica B.**

Gough,2014-07-28 This book by world expert Barry Gough examines the period of Pax Britannica in the century before World War I Following events of those 100 years the book follows how the British failed to maintain their global hegemony of sea power in the face of continental challenges Coffee and Colonialism in Angola, 1820-1960 Jelmer Vos,2025-06-24 A new

perspective on Angolan colonial and labour history in the 19th and 20th centuries which explores how the cultivation of coffee the country s most significant export shaped one of the oldest commercial frontiers in sub Saharan Africa After the Second World War Angola became one of the world s largest coffee producers supplying robusta beans that formed the backbone of popular blends and soluble products consumed by millions worldwide But each cup of coffee made with Angolan robustas carried with it a legacy of land expropriation and coerced labour Coffee and Colonialism delves into the systematic exploitation of black workers on white settler plantations in Angola where labour practices often evoked memories of slavery This book traces the origins of Angola s coffee trade to the early nineteenth century examining how the abolition of the Atlantic slave trade gave rise to a new export driven economy As global demand for coffee surged Portuguese colonizers transformed a thriving peasant economy into a settler dominated system that while highly productive was profoundly exploitative and inefficient Drawing upon extensive archival research this work provides a compelling analysis of the intersections between colonialism labour property and global trade uncovering the political economy underpinning one of Africa s most enduring commodity frontiers y into a settler dominated system that while highly productive was profoundly exploitative and inefficient Drawing upon extensive archival research this work provides a compelling analysis of the intersections between colonialism labour property and global trade uncovering the political economy underpinning one of Africa s most enduring commodity frontiers y into a settler dominated system that while highly productive was profoundly exploitative and inefficient Drawing upon extensive archival research this work provides a compelling analysis of the intersections between colonialism labour property and global trade uncovering the political economy underpinning one of Africa s most enduring commodity frontiers A Global History of Anti-Slavery Politics in the Nineteenth Century W.

Mulligan, M. Bric, 2013-05-23 The abolition of slavery across large parts of the world was one of the most significant transformations in the nineteenth century shaping economies societies and political institutions This book shows how the international context was essential in shaping the abolition of slavery *British Diplomacy and US Hegemony in Cuba, 1898-1964* Christopher Hull, 2013-01-11 An analysis of Cuba s history from a British diplomatic perspective during the period of US political and economic domination from 1898 to 1964 It investigates how Britain attempted to protect its trade and other interests in the island whilst always sensitive to the reactions of its most important ally the United States **Between Slavery and Freedom** John Anderson, 2001 Among them was John Anderson a Scottish lawyer who arrived on the island of St Vincent in 1836 An uninhibited racist he ironically became a central player in Caribbean emancipation Slave Wales Chris Evans, 2010-09-30 Atlantic slavery does not loom large in the traditional telling of Welsh history Yet Wales like many regions of Europe was deeply affected by the forced migration of captive Africans Welsh commodities like copper and brass made in Swansea were used to purchase slaves on the African coast and some Welsh products such as woollens from Montgomeryshire were an important feature of plantation life in the West Indies In turn the profits of plantation agriculture flowed back into Wales to be invested in new industries or to be lavished on country mansions This book looks at Slave Wales between 1650 and 1850 bringing the most up to date scholarship on Atlantic slavery to bear on the Welsh experience New research by Chris Evans casts light on previously unknown episodes such as Welsh involvement with slave based copper mining in nineteenth century Cuba and illuminates in new and disturbing ways familiar features of Welsh history like the woollen industry that have previously unsuspected slave dimensions Many Welsh people turned against slavery in the late eighteenth century but Welsh abolitionism was never a particularly powerful force Indeed Chris Evans demonstrates that Welsh participation the slave Atlantic lasted well beyond the abolition of Britain s slave trade in 1807 and the ending of slavery in Britain s Caribbean empire in 1834 **Cuba** Richard Gott, 2005-01-01 A thorough examination of the history of the controversial island country looks at little known aspects of its past from its pre Columbian origins to the fate of its native peoples complete with up to date information on Cuba s place in a post Soviet world *The Atlantic Slave Trade* Jeremy Black, 2022-12-30 Originally published as a collection in 2006 the essays in this volume discuss the reasons for the end of the slave trade and the institution of slavery itself They examine the rise of the abolitionist movement in different countries and how the move towards abolition was swifter in some areas than others Attention is also paid to the economic consequences of abolition popular attitudes to abolition and the role of the Church The volume also has an introduction by the editor commenting on the contribution each essay makes *Slavery in Brazil* Herbert S. Klein, Francisco Vidal Luna, 2009-10-30 Brazil was the American society that received the largest contingent of African slaves in the Americas and the longest lasting slave regime in the Western Hemisphere This is the first complete modern survey of the institution of slavery in Brazil and how it affected the lives of enslaved Africans It is based on major new research on the institution of slavery and the role of

Africans and their descendants in Brazil Although Brazilians have incorporated many of the North American debates about slavery they have also developed a new set of questions about slave holding the nature of marriage family religion and culture among the slaves and free colored the process of manumission and the rise of the free colored class during slavery It is the aim of this book to introduce the reader to this latest research both to elucidate the Brazilian experience and to provide a basis for comparisons with all other American slave systems

International Norm Disputes Lisbeth

Zimmermann,Nicole Deitelhoff,Max Lesch,Antonio Arcudi,Anton Peez,2023-06-27 International Norm Disputes The Link between Contestation and Norm Robustness offers a rich comparative study of when and why contested international norms decline It presents central findings on the link between contestation and norm robustness based on four detailed contemporary case studies the torture prohibition the responsibility to protect the moratorium on commercial whaling and the duty to prosecute institutionalized in the International Criminal Court It also includes two historical case studies privateering and the transatlantic slave trade This book provides in depth knowledge on contestation and robustness dynamics of central international norms Having meticulously collected relevant data and conducted extensive qualitative coding the authors demonstrate that norms are likely to weaken when challengers contest the validity of a norm s core claims but remain robust when they contest a norm s application and contestation does not become permanent These important findings comparatively presented here for the first time are crucial for understanding the much discussed problems of the contemporary liberal international order The insights provided establish how different types of challenges will affect global governance mechanisms and which conditions are most likely to create fundamental change

The Age of Reconstruction

Don H. Doyle,2024-06-11 John Wilkes Booth fired his fatal shot on the evening of April 14 1865 and as the news reached nearly every corner of the globe President Abraham Lincoln lay dying Pervasive sympathy for America and the martyred Lincoln provoked restless agitation for democratic reform on both sides of the Atlantic While most readers are familiar with Reconstruction as a deeply contested domestic struggle Viva Lincoln The Legacy of the Civil War and the New Birth of Freedom Abroad by historian Don H Doyle explains how the Union victory helped drive European imperialism from the Americas bring slavery to an end in Latin America and spark a wave of democratic reforms in Europe The 1860s proved to be a crucial decade in the history of democracy While Reconstruction reforms were implemented to establish the American South on firm republican principles internationally a contagious flurry of democratic reforms and revolutions in Britain Spain France and Italy made democracy the wave of the future However by the end of the nineteenth century Doyle argues the United States had forsaken the main achievements of Reconstruction as new theorists and politicians reconciled democratic principles and white supremacy in the new Jim Crow era The United States once a model of democratic reform became a model for mass segregation racialized disenfranchisement and immigration restriction Grounded in extensive diplomatic correspondence US and foreign legislative debates international newspapers and hundreds of speeches memoirs biographies

contemporary books and pamphlets Viva Lincoln will be the first general interest global history of Reconstruction from Lincoln's assassination to Jim Crow

The Political Economy of the Interior Gold Coast Jarvis L. Hargrove, 2015-12-09 This book analyzes the Gold Coast and the Asante kingdom in the years following the abolition of the transatlantic slave trade and prior to the start of colonial rule The Asante state one of the largest in the Gold Coast and West Africa after the eighteenth century is the central focus of this work Studying their transition from a large scale supplier of captives to the transatlantic slave trade to traders in legitimate goods is a critical component that should be analyzed across West Africa This work highlights the political and economic relationships between the interior Asante state with surrounding African groups and Europeans chiefly British traders who entered the region in the eighteenth and nineteenth centuries

Bibliography of European Economic and Social History Derek Howard Aldcroft, Richard Rodger, 1984 A reference guide to the literature in English for teachers and students of modern European economic and social history The bibliography covers writings on the period 1700 to 1939 and includes most of the literature published in the 20th century and a small selection of still important earlier 19th century writings The selection is confined largely to books and articles and each entry includes date of publication publisher and place of publication in the case of books and the volume number and year of publication for articles Geographically the volume encompasses the whole of continental Europe including Turkey Distributed in the US and Canada by St Martin's Press Annotation copyright by Book News Inc Portland OR
