Oecd Globalisation And Education Policy:

The OECD, Globalisation, and Education Policy Miriam Henry, 2001 This guide to global education policy looks at the role of the OECD in co ordinating and changing education policy making clear how processes of persuasion may work Aspects such as ideological tensions and the politics of educational factors are also considered **The OECD, Globalisation and Education Policy** Miriam Henry, Organisation for Economic Co-operation and Development, International Association of Universities, 2001 International Handbook of Comparative Education Robert Cowen, Andreas M. Kazamias, 2009-08-22 A big project like this Handbook means that you incur debts and not only to your authors and your publisher As editors we along with our colleague Elaine Unterhalter who edited the section on postcolonialism would like to thank most warmly those authors who delivered on time and who did not fuss but just got on and did a r rate job We would also like to thank all authors who did deliver which was almost everyone we asked We know that some of our authors worked in very dif cult private circumstances as they were nishing their chapters and we hope the publication of the Volumes will later be for them a happy reminder of dif culties and disasters overcome The only sad theme is that some very close colleagues with whom we were wo ing and for whom we had the greatest respect and liking became very ill and died while the volumes were being prepared We decided to ask for copyright permissions to publish something of theirs These permissions were graciously given by two major journals and with the agreement also of our publishers Springer Rolland Paulston and Terry McLaughlin have examples of their writing in this Handbook **The OECD's Historical Rise in Education** Christian Ydesen, 2019-12-18 This edited volume focuses on the historical role of the OECD The Organisation for Economic Co operation and Development in shaping global education policy In this book contributors shed light on the present day perspective of Comparative Education as a logical addition to current scholarship on the history of international organizations in the field of education Doing so the book provides a deeper understanding of contemporary developments in education that will enable us to reflect critically on the trajectories and future developments of education worldwide

Governance by Indicators Kevin Davis, Angelina Fisher, Benedict Kingsbury, Sally Engle Merry, 2012-07-05

The use of indicators as a technique of global governance is increasing rapidly Major examples include the World Bank's Doing Business Indicators the World Bank's Good Governance and Rule of Law indicators the Millennium Development Goals and the indicators produced by Transparency International Human rights indicators are being developed in the UN and regional and advocacy organizations The burgeoning production and use of indicators has not however been accompanied by systematic comparative study of or reflection on the implications possibilities and pitfalls of this practice This book furthers the study of these issues by examining the production and history of indicators as well as relationships between the producers users subjects and audiences of indicators It also explores the creation use and effects of indicators as forms of knowledge and as mechanisms of making and implementing decisions in global governance Using insights from case studies empirical work and theoretical approaches from several disciplines the book identifies legal policy and normative

implications of the production and use of indicators as a tool of global governance **Experience of School Transitions** Stephen Billett, Greer Johnson, Sue Thomas, Cheryl Sim, Stephen Hay, Jill Ryan, 2012-06-22 Leaving school whether to move on to training work or education is a fundamental rite of passage the world over This volume draws on a wealth of international sources and studies in its analysis of the transitions young students make as they move on from their secondary schooling It identifies how these transitions are planned for by policymakers enacted by school staff and engaged with by students themselves With data from a range of nations with advanced industrial economies the book delineates how the policies relating to these transitions need to be conceived and implemented how the transitions themselves are negotiated by young people and how they might be shaped to meet the varied needs of the students they are designed to help The authors argue that the relationship often complex between what schools provide in the way of preparation and the ways in which students take up what is on offer is the crucial nexus for understanding the experience of transitions by young people and for enhancing that experience With a host of case studies of transition policies themselves as well as evaluative data on how they were received by the school leavers whom they were designed for this valuable addition to the educational literature deserves to be read by all those with roles in preparing the young for their journey into a complex adult world full of pitfalls as well as opportunity **The PISA Effect on Global Educational Governance** Louis Volante, 2017-09-18 The Program

for International Student Assessment PISA is an international achievement measure that assesses 15 year old student performance in the areas of reading mathematics and science literacy in over 70 countries and economies triennially By presenting an in depth examination of PISA's role in education governance and policy discourses this book provides the reader with a critical analysis of the educational change process within our increasingly global educational policy environment Exploring the prominent socio political drivers of large scale educational reform across the globe chapter authors examine PISA's national and global implications from a diverse range of regional contexts Through the presentation of cross disciplinary viewpoints and topical issues related to the PISA international survey this volume explains the degree to

which PISA focused research is linked to national educational policy discourses and international education agendas

Globalisation and Education Reforms Joseph Zajda, 2018-02-27 This book explores the interrelationship between ideology the state and education reforms placing it in a global context It examines some of the major education reforms and policy issues in a global culture particularly in light of recent shifts in quality and standards driven education and policy research The book critiques the neo liberal ideological imperatives of current education and policy reforms and illustrates the way the shifts in the relationship between the state and education policy affect current trends in education reforms and schooling globally With this as its focus the book s individual chapters highlight hand picked scholarly research on major discourses in the field of comparative education A compendium of the very latest thinking on the subject the book like the other volumes in the series offers a state of the art sourcebook for researchers practitioners and policymakers alike Not only do the chapters offer a timely overview of current issues affecting comparative education and education policy research in what is now a global educational culture they also outline future directions that education and policy reforms could take By doing so they provide a comprehensive picture of the intersecting and diverse discourses of globalisation and policy driven reforms in education Individual chapters critically assess the dominant discourses and debates on education and policy reforms Using diverse comparative education paradigms from critical theory to historical comparative research they address globalisation ideology and democracy and examine both the reasons for and outcomes of education reforms and policy change As such they provide an informed critique of models of quality and standards driven education reforms that are informed by Western dominant ideologies and social values
