## **Oertlich Betaeubt Roman:**

*A History of Roman Literature (2 vols.)* M. von Albrecht, 2019-09-16 Michael von Albrecht's *A History of Roman Literature* originally published in German can rightly be seen as the long awaited counterpart to Albin Lesky's *Geschichte der Griechischen Literatur*. In what will probably be the last survey made by a single scholar the whole of Latin literature from Livius Andronicus up to Boethius comes to the fore. Literature is taken here in its broad antique sense and therefore also includes e.g. rhetoric, philosophy and history. Special attention has been given to the influence of Latin literature on subsequent centuries down to our own days. Extensive indices give access to this monument of learning. The introductions in Von Albrecht's texts together with the large bibliographies make further study both more fruitful and easy. Örtlich betäubt Günter Grass, 1972 **The Cambridge Companion to the Modern German Novel** Graham Bartram, 2004-04-05 The *Cambridge Companion to the Modern German Novel* first published in 2004 provides a broad ranging introduction to the major trends in the development of the German novel from the 1890s to the present. Written by an international team of experts it encompasses both modernist and realist traditions and also includes a look back to the roots of the modern novel in the Bildungsroman of the late eighteenth and nineteenth centuries. The structure is broadly chronological but thematically focused chapters examine topics such as gender, anxiety, images of the city, war and women's writing. Within each chapter key works are selected for close attention. Unique in its combination of breadth of coverage and detailed analysis of individual works and featuring a chronology and guides to further reading this Companion will be indispensable to students and teachers. **Günter Grass's "Danzig-Quintet"** Katharina Hall, 2007 This study extends the long established notion of Grass's Danzig Trilogy to that of the Danzig Quintet, a literary project of epic proportions which explores the evolution of Germany's relationship to its Nazi past over a period of forty years. The interlocking stories of *Die Blechtrommel* (1959), *Katz und Maus* (1961), *Hundejahre* (1963), *örtlich betäubt* (1969) and *Im Krebsgang* (2002) are mediated by the memory and language of seven first person narrators. Using the dual conceptualisation of memory developed by Freud and Lacan, reliving versus recollecting the past, the author shows how these narrators' accounts assert the reality of the Holocaust as well as German wartime suffering while highlighting the reluctance of ordinary Germans to admit their involvement in the Nazi regime. This delineation of the complex relationship of three generations to their history is deepened by the intertextual nature of the quintet. Using the theory of Peter Brooks, Umberto Eco, Shoshana Felman and Hayden White the study explores how Grass's textual strategies encourage the reader to view all five works as one overarching narrative while simultaneously avoiding any literary or historical closure. In the process the study places each book in the context of its moment of production and also considers the implications of Grass's belated admission in August 2006 that he served with the Waffen SS during the final months of World War Two. **The Echo of Die Blechtrommel in Europe**, 2016-07-11 The *Echo of Die Blechtrommel in Europe* presents an overview and analysis of the critical reception of Günter Grass's classic novel throughout Europe. Starting from the reviews on

its first publication in Germany in 1959 it follows the reception of its translations in Poland Italy the UK The Netherlands Belgium France Finland and Sweden Press reviews for the general public form the main object of research in this volume The articles reveal the different roles played by religious political and ideological matters in the reception of the novel in the respective European countries The articles written by specialists from the countries under study also reveal national differences and resemblances in the institutions of literary life in Europe

*The Representation of War in German Literature* Elisabeth Krimmer, 2010-06-10 The history of literature about war is marked by a fundamental paradox although war forms the subject of countless novels dramas poems and films it is often conceived as indescribable Even as many writers strive towards an ideal of authenticity they maintain that no representation can do justice to the terror and violence of war Readings of Schiller Kleist J nger Remarque Grass B ll Handke and Jelinek reveal that stylistic and aesthetic features gender discourses and concepts of agency and victimization can all undermine a text s martial stance or its ostensible pacifist agenda Spanning the period from the Revolutionary and Napoleonic Wars to the recent wars in Yugoslavia and Iraq this book investigates the aesthetic theoretical and historical challenges that confront writers of war

**Roman Poets in Modern Guise** Theodore Ziolkowski, 2020 Identifies and explores Roman modes of poetry as received by twentieth and twenty first century Anglo American German and French poets

**Günter Grass's Use of Baroque Literature** Alexander Weber, 1995 This is the first study to discuss the affinity between Grass s complete works and baroque literature Grass s employment of baroque literature is of particular interest because it takes up a tradition from which German literature has long broken away Alexander Weber s argument moves from an outline of general thematic parallels in the early works to an analysis of the conscious use of baroque literature in *Der Butt* and *Das Treffen in Telgte* He offers both a close reading of Grass and general reflections on how a past literary tradition can be adopted by a modern writer The study focuses on the themes of vanity carpe diem and Senecan Stoicism in the early works it discusses parallels between the rhetorical structure of the courtly historical novel and *Der Butt* and traces the artist s melancholy and baroque allegories in *Der Butt* and *Das Treffen in Telgte*

After the Nazis Michael H. Kater, 2023-01-01 A wide ranging insightful history of culture in West Germany from literature film and music to theater and the visual arts After World War II a mood of despair and impotence pervaded the arts in West Germany The culture and institutions of the Third Reich were abruptly dismissed yet there was no immediate return to the Weimar period s progressive ideals In this moment of cultural stasis how could West Germany s artists free themselves from their experiences of Nazism Moving from 1945 to reunification Michael H Kater explores West German culture as it emerged from the darkness of the Third Reich Examining periods of denial and complacency as well as attempts to reckon with the past he shows how all postwar culture was touched by the vestiges of National Socialism From the literature of G nter Grass to the happenings of Joseph Beuys and Karlheinz Stockhausen s innovations in electronic music Kater shows how it was only through the reinvigoration of the cultural scene that West Germany could contend with its past and eventually allow

democracy to reemerge      *Günter Grass and His Critics* Siegfried Mews, 2008 A comprehensive narrative overview and analysis of the criticism of the controversial German author's works When the Swedish Academy announced that Günter Grass had been awarded the 1999 Nobel Prize for Literature it singled out his first novel *The Tin Drum* 1959 English translation 1963 as a seminal work that had signaled the postwar rebirth of German letters auguring a new beginning after decades of linguistic and moral destruction Nearly fifty years after its publication the novel's significance has been generally acknowledged it is the uncontested favorite among Grass's works of fiction on the part of reading public and critics alike yet its canonical status tends to obscure the decidedly mixed and even hostile reactions it initially elicited Along with *The Tin Drum* Grass's impressive body of literary work since the 1950s has spawned a cottage industry of Grass criticism making a reliable guide through the thicket of sometimes contradictory readings a definite desideratum Siegfried Mews fills this lacuna in Grass scholarship by way of a detailed but succinct descriptive as well as analytical and evaluative overview of the scholarship from 1959 to 2005 Grass's politically motivated interventions in public discourse have kept him highly visible blurring the boundaries between politics and aesthetics Mews therefore examines not only academic criticism but also the daily and weekly press and other news media providing additional insight into the reception of Grass's works Siegfried Mews is Professor of German at the University of North Carolina at Chapel Hill      Der Dichter im Schussfeld Timm Bossmann, 1997      **Narrative and Fantasy in the Post-war German Novel** Chloe E. M. Paver, 1999 *Narrative and Fantasy in the Post War German Novel* a study of novels by Uwe Johnson Max Frisch Christa Wolf Jurek Becker and Günter Grass investigates the fictions and fantasies invented by five narrators examining the purpose which the fictions serve within each text and the means by which each author deliberately draws attention to them All five authors are shown to be concerned with the kinds of stories which ordinary people tell about themselves and their past lives While some of the texts demonstrate the positive power of imagination others point to the dangers of fiction its tendency to falsify reality and to encourage escapist and violent fantasies This is the first major study of this distinctive trend in post war German fiction      Ich und Er Paul F. Botheroyd, 2019-05-20 No detailed description available for *Ich und Er*      OERTLICH BETAEUBT : ROMAN. Günter Grass, 1982      *The Narrative Works of Günter Grass* Noel Thomas, 1982-01-01 This study provides a critical analysis of the narrative works of Günter Grass under which *Die Blechtrommel* *Katz und Mann* *Hundejahre* und *Der Butt* It is of interest to everyone who wants to get a better understanding of the novels of this famous German writer      *Günter Grass* Volker Neuhaus, 2016-12-12 Ein f r die Deutung des Gesamtwerks und seiner Forschungsgeschichte unentbehrlicher Orientierungskompa charakterisierte Manfred Durzak die erste Ausgabe dieser Einf hrung Auch die aktualisierte und erweiterte dritte Auflage wird diesem Anspruch gerecht Der Band f hrt in die von der Bildenden Kunst der Lyrik und dem Theater gepr gten Anf nge Günter Grass sowie in Sprache Stil und Symbolgebrauch des Autors ein Behandelt werden die schulrelevanten B cher wie *Die Blechtrommel* oder *Katz und Maus* sowie neuere Werke in chronologischer Reihenfolge bis

mirror of analogous processes today in the fluid mixtures and movements of peoples Imperial Fictions argues that it is time to stop thinking about today's multicultural present as a deviation from a culturally monolithic past We should rather consider the various permutations of German identities that have been negotiated within local and imperial contexts from the early Middle Ages to the present
